# 1 - Sunset

## SUNSET

Night unfurls its sleepy cloak  
Frogs begin their musical croaks  
Fireflies dance in choreographed unison  
And cupid searches out both you and me

As the sun continues to set  
I try with all my might to let  
Let my love be yours forever  
As we continue on our endeavor

The wind grazes your face  
And I never wish to leave this place  
The symphony of nature surrounds us  
And our love shall forever bind us
