1 - The Eyes of Truth

Disclaimer: This are a bunch of stuff tha have been eating me up for a while; i've always seen things that others refuse to see because to some it's better to be blind than facing the truth. This are all mine.

WARNING: If you're sensibly religious, please, don't whine. The truth can sometimes be very ugly.

* If men go out to the streets without bathing for months, comb their hair, brushed their teeth, dressed in rags, and smelling like hell, is very probably that they'll always find some stoopid woman that fall in love with them. If a woman does the same, men would call the police and say that a mental patient is on the lose.

* If men get migraines, flue, cancer, aids, body hair, or any other decease, is very possible women get the same. If women got their period or got pregnant, why is it impossible that men suffer the same thing?

* When a man farts, he'll celebrate; when a woman farts, she'll try to hide it by blaming it on somebody else.

* When women marry all they want is somebody to pay the bills; when men marry all they want is somebody to do their laundry, cook their meals, attend them when sick, obey them, breed their kids, walk their dog, entertain their fotbol friends, help them when they can't find a shoe, clean the house, bring some money home and give them sex.

* If a woman has flat chest, they can solve it going for implants to make the men happy; to make women happy, men should do the same incrementing permanently their jewels instead of wasting money on a temporal viagra.

* If your parents twack you at some time and people see it as right, why do people see it wrong when we twack them back?

* If neighbors get amused by talking about others, why do they get angry when others talk about them?

* If men see it right when two women embrace, why do women see it wrong when two men do the same?

* If Adam and Eve only had Cain and Abel for kids, how did they repopulated the earth? (Incest anyone?)

* When men pick their noses in public, they do it carelessly; when women pick theirs, they have to look everywhere to see if no one else is looking to do it.

* If Jesus was dead for three days and then he resurrected and walked among us, does this means that he's a zombie?

* If men mostly need women to get laid instead of loving them as a partner, why do they bother to marry them instead of getting themselves a hooker? They are a lot cheaper.

* If mucus is so sticky and difficult to get rid of, why don't we use it as super glue?

* If you got to get high to have fun on a party; then that party it's probably boring as hell.

* Why didn't Jesus get a job like his stepfather's and become a carpenter instead of sitting on a rock telling people some wacky stories in exchange for free meals?
Hey, it's was easier than to work his a\$\$ off like the rest of us. (Does the term 'lazy bumb' ring a bell?)

Me: Don't complain people; i say what others are afraid to, if you don't like it, well boo-hoo!

The Fans: What got into her?

Ozzie: Probably her period.
