# 1 - No one Understands Why

No one understand why I cried myself to sleep  
No one understands why I buried my soul so deep  
No one understands why my heart no expression  
No one understands why I sunk into depression  
No one understands why I had no words to share  
No one understands why I didn't love or care  
No one understands why my mind was veiled with mists  
No one understands why I started to slit my wrists  
No one understands why I harbored anger and hate  
No one understands why I had no desire to communicate  
No one understands why my blood ceased to drift  
No one understands why I jumped that 50foot cliff  
No one understands why I embraced those watery graves  
No one understands, I thought, as I sunk beneath the waves
