1 - poems

“Spread thy wings and take flight thine heart be thy shield thine soul be thy sword thine eyes be the shadow but thy mind be the way”

“His wings his wings they spread across the sky terror the closest thing to mind faster and faster you run through the fields in the sun yet you find yourself out of breath quite near death the dragons smoke consumes your breath”

“My breath ye may take my life to forsake my heart ye may shake and drag to cruel fate but my spirit ye shall never break”

“Alone on in the fight alone in the night deaths shadow breaking the light ye still fight on into the twilight thy might thy might continue your fury in the useless flurry your vision getting blurry waiting for the end of this thine body be buried in the shadows of despair no one fairer you be the bearer of this you share in this nightmare you bear”

2 - curses and blessings

Some short poem curse like things lol I guess it can go into poems I apologize if it's the wrong category for them but here

you go

Tuus lingua versor captivus tuus vox relictum

(Latin curse it means "your tongue be taken your voice forsaken")

Ex devius ardor thee sicut arcessitus eximo thee quum intentio

(Latin incantation I made up it means "from the fire's you were brought I banish you with this thought")

Praefoco super repulsive orsum thee loquor quousque thee mergo in cavus

(Latin curse it means "choke upon the filth you speak whilst you drown in the deep")

Maius lux radio super epicinium adapertio decus semita

(Latin blessing a made up it means "may the light shine upon the aftermath revealing glories path")

3 - Poem's for a friend so dear

This whole page is dedicated to some one very dear to me all of these poem's here in are for her
Because if it wasn't for her I would never be able to find such inspiration for my poem's she is my
Inspiration for these poem's because no matter how far away she may have moved I do still know
That she will continue to inspire me no matter how far away she will always be in my thought's I
Won't forget her ever, now then on to the poem's

“Just One”

Just one more day for me to say that maybe someday we could see a brighter place
For us to be together now and forever.

“With You”

Tonight with you no matter how far tonight with you your love doth reach far
T'is now I see the respect you shared with me tonight with you on this day I
Shared my thoughts t'is now I see you will always be with me no matter how far
With you forever no matter how far”

“I know”

I know today and still I know tomorrow just how much we all struggled through life but now I see

And now I know just a little bit of love can shove away the pain even now you cared no matter what
So now I know t'is you that kept me sane t'is you that took away the pain, never for me to be alone as
Long as you are in my thoughts t'is now I know that you were the one that brought me out of the dark
Now I know t'is you that taught me heart t'is you that showed me how t'is you that I trust forever and now
And always I will think, I will think of you to know I am accepted for who I am t'is you that showed
That some people do care so now I know because of you I matter this sorrow you did shatter now I know
Now I know that this life can matter.

T'is you Arabelle t'is you that helped me through this so for you the only thing I can do
Is dedicate this to you I pray you find peace today, I pray you find all you seek and I know
That no matter what you won't forget me either so to you this small page I do dedicate but
No words can show the respect I have for you I only hope your reading this now because this
Is all for you no one else

Valeo meus amor,

Daniel
