**Chapter 1 - My Great Grandma**

**2**

# 1 - My Great Grandma

Although you may not show it

Or tell me everyday

I know that you still love me

In every single way

Death is pressing in

And now that we're surrounded

I can feel your time is close

But you'll always be around me

So let the tears come

For me you'd cry a river

For now we'll savour what we've got

Our love will last forever

.....

this is about my grandma who has had her leg amputated she also has a condition which makes her hallucinate, but I come from a broken home and when I was little she probably cared for me more than anyone else in my time of need.

I don't know what'll do without her.

I think she's gonna die soon.
