# 1 - The Death Of Luke

“AHHRRR!”

What was that? It sounded like Luke. Dad came running past my room with mum at his heels. I followed them up the stairs to the forbidden room.

It had been a month since we left America. Ted our friend, gave us this house to live in until we found a new one. He said the room opposite the hall at the end of the corridor, up the stairs was forbidden. Luke and me were always cousins of the room. At night you could hear a creepy creaking noise then a bang! Like a door opening then banging shut. Then about an hour later you would hear it again.

Dad had opened the door by the time I had caught up with them. Mum was crying, maybe something in the room had disturbed her? As I looked in I saw someone lying in the middle of the room in an awkward position, it was Luke. I rushed forward but dad pushed me back, “call 999 Laura” dad shouted at me.

“But why can't you go?”

“Just - just go.”

I ran past my sobbing mum, down the stairs, past Luke's room, then past mine, through the hall door and dived at the phone. As I dialled 999 my tears trickled down my cheeks and dropped onto the phone.

“Hello. How may I help?” an electronic voice asked her.

Breathlessly I replied “Can - can I have an ambulance?” I gave my address and told someone what had happened. I can hear sirens.

They took Luke and us to the hospital. The doctors say that Luke is in a coma and he may never wake up.

## 2 - It can't do any harm, could it?

At dinner, everyone was silent, you could hear a pin drop.

“Come on Laura, off to bed,” mum said quietly.

I can't believe my brother died two days before my birthday.

Creeeeeak - Bang!

Ok! That is so creapy. Hey it can't do any harm to find out Luke died, could it?
