1 - Dreams and Nightmares

Dreams come in a few different styles.

Frightening nightmares that won't go away.

Memories you want to forget,

But they just won't leave.

And they keep coming back to haunt you,

But they don't all have to be bad.

Great dreams that want to stick around.

Things you want to remember,

But they seem to vanish after a while.

And they'll always keep you guessing.

Will your dreams become reality?

Will they finally come to life?

But something to remember...

Dreams can easily be nightmares.
