2 - Prolouge

Prolouge: AdderMoon sat in a bear clearing, waiting for something to happen. The lush ferns around him swayed in the breeze, bringing the scent of an old friend. "Dawn and Night are two different things, yet they must work together to make the day go by. If Dawn and Night were to quarrel, then day would not go on..." An old voice AdderMoon took to be that of AmberBreeze's mewled. "So young ones, like the Dawn and Night, we must not quarrel, or the clan will not go on," AdderMoon concluded. "So you still remember my old saying? Very good!" AmberBreeze laughed. "So why am I here, AmberBreeze of Bright Clan?" AdderMoon asked. "Troubles wait for you along your path, AdderMoon. Dawn and Night will quarrel, and Dawn and Night must stop their quarreling!" AmberBreeze yowled. With that AdderMoon spun around to see his mentor. All he saw was the tail of his mentor disappearing into the bushes. AdderMoon woke.

"I must tell SnakeFur!"

3 - NightKit's Ceremony

DawnKit woke with a start. NightKit had jumped on her again!

“Get up lazybones! Our apprentice ceremonies are soon!!!” NightKit yowled. That was enough to get DawnKit moving. The dim light in the nursery did not allow very good sight, no matter how good cats were at night hunting.

“Not so rough near the kits!” AshFoot hissed. So they ran outside on the sandy earth. In the depths of leaf-fall everything was dieing . Ferns and trees that protected the camp were withering.

“Let all cats old enough to catch their own prey come gather under this high stump!” AdderMoon, a black tabby, said atop the mossy stump. Cats gathered around, GoldThorn looking especially nervous. GoldThorn was a long haired golden tabby, and a new warrior. “Maybe he’ll be my mentor!” NightKit thought. NightKit caught a glance at DawnKit, who was staring absent-mindedly at the bushes.

“NightKit, come,” AdderMoon meowed. NightKit stumbled toward the stump and sat on a root. “NightKit you are six moons of age and ready for your apprenticeship,” A small pause occurred, as if AdderMoon were thinking, “BlueHeart, you are a skilled and clever fighter, and your wisdom goes far beyond that of an average new warrior. Please train NightKit in your ways!” AdderMoon yowled. “OK AdderMoon,” BlueHeart mewled, obviously nervous. “Then, in the will of Bright Cla---,” AdderMoon was cut off by the yowl of SnakeFur, orange she-cat + medicine cat, “This be not the will of Bright Clan!” “What?” NightKit howled. “Aye. I was sent an omen. It was of Dawn and Night, sitting in a pool of Gold and Silver.” NightKit’s eyes brightened. Perhaps GoldThorn would be his mentor. And so it was. The golden tabby and SilverClaw became mentor to NightPaw and DawnPaw. NightPaw went happily to sleep in a new bed of moss in the apprentice den.
