**Chapter 1 - For Her**

# 1 - For Her

If only you could see

How much you truly mean to me.

Your love, it drives me insane

But I wish we could be together just the same.

I think about how were not and it makes me weep.

These are the thoughts that don't let me sleep.

I hate how were apart, it isn't even fair.

To break everything, and come see you do I dare.

To hold you in arms just once would be enough.

I don't understand why life should be this tough.

But soon we'll be together before you even know it.

Then our love will be with us and we can show it.

I may get pissed at times but I'll never get mad at you.

Cause when were together the first thing I'll say is I love you.
