# 1 - The Transfer Through Time

BEFORE YOU READ!!!: This story is based on the game Jak 2. Here are some things you might want to know before you read. In the first game Jak never said a word so it's really cool to hear him talk. Dexter was once a elf just like Jak. Dexter then fell in a Dark Eco(Toxic Chemical)and turned in a furry little orange animal. Keria is a inventor. She knows lots about Precursor stuff. She has a crush on Jak. The Green Sage is 1 of the 4 Sages. He knows a lot also about Precursor stuff too. His daughter is Keria. He is also mean at Dexter.

Jak woke up suddenly with a hard shake."Wake up buddy!" "Old man Sage and Keria are going to exzamine the big Precursor ring we found!" Jak still half asleep, was awoken by another hard shake by Dexter. After refusing Jak finally got out of bed. The night before he had many nightmares of bad things were going to happen. Jak got out of his hut, to find Dexter messing with some of the Precursor arifacts. "If i see you touch one more artifact im going to feed you to the sharks!", boomed the Green Sage. "Shut your big trap", Dexter yelled back, and ran away. Jak went over by Keria to see what she was doing. "These are very special artifacts you found" "They could be over 100 years old!" The Green Sage came over to Jak and patted him on the back. "I think it time to open the ring." Very excited, Jak and Dexter sat in the middle of this wierd king on spaceship thing that Kiera invented. "I don't know what could possibly in the ring boys" said the Sage, so be carful. "Don't worry old man" said Dexter, "Me and Jak know our safety." While Dexter and the Sage were fighting, Keria and Jak pushed a buttion on the spaceship. The ring suddenly started opening very slowly and very loudly,and ended Dexter and the Sage's fight. Suddenly, A huge creature came out of the ring. "Thank you so much for opening the ring to free us all!" "Now me and our whole army of Metal Heads will destroy the world!" The ring was fully open now, and it was sucking the space ship in the portal. Jak couldn't see, and he could hear Dexter yelling. While going very fast in the portal, a bolt of lighting hit the space ship and the Sage and Keria flew out of the ship. "FIND YOURSELF JAK!" yelled the Sage, and Jak and Dexter flew out of the portal. Jak could finally see sky, and everything wasn't black anymore. The space ship hit the ground and Jak and Dexter flew out. Jak looked to see that Dexter was shaking, but he was all right. All of the sudden, a man with some armor said to a red officer with a gun. Dexter ran through the man's legs and ran away. "Leave the animal, but the Baron needs him." With a fast motion the red officer hit Jak in the head with his gun. "I'll find you soon Jak!" "I'll Save You!" Jak then saw black.

### 3 - The Dark and Evil Secret About Jak

2 YEARS LATER

"How are the tests going Baron Praxis?" Jak was laying in a chair with a beam very close to his chest. "Not good, Erol." replied the Baron. Jak had his eyes barely open to see the same man that told the officer to hit him. He could also see a big and buff man with a red robe on. That must be Baron Praxis thought Jak. Jak felt really dizzy he had a headache. He had been in the Baron's prison for last 2 years. "We need him to fight against the Metal Heads or else the city will go down!" yelled the Baron. The Baron got close to Jak and said, "I don't know how much Dark Eco we have been pumping into you, but you are not reacting to it all!" "At least you should be dead by now!" "Erol, if the boy's health hasn't changed then kill him!" "I'll be glad to Baron Praxis", said Erol. "See you tonight Jak boy", said Erol. Jak still laying in the bed strapped down by his arms and legs, felt even more dizzy and hurt. Suddenly Dexter came up through a secret elevator. "Is anybody named Jak on this floor?" Dexter hopped off the elevator and jumped on Jak. "Jak." Are you ok buddy?" Look at you, you look so...different!" "Jak its me Dexter!" "Remember Me?" "Just say something to me!" "IM GOING TO KILL PRAXIS!" yelled Jak. "Ok Jak, you can do that later but i have to get you out first." "Now lets see how we undo the cuffs of your arms and feet." Suddenly purple lighting bolts were surrounding Jak. His face turned purple. He grew long black nails. He broke the cuffs with one snap and jumped off the chair. Jak then look at Dexter very mad. "Its ok Jak." "Its me Dexter!" Jak was then going to knock Dexter off a ledge to his doom. "AHHHHHHHH.....Dax? Jak turned back in to his regular form dazed and confused. "WHAT THE HECK WAS THAT JAK!" "IM NEVER GOING TO MAKE YOU MAD AGAIN!" "Sorry Dax i don't no what happened." "Its ok buddy." "As long were still friends." "Of couse Dax." "I got some new cloths for you, so put them on." Jak and Dax ran through the prison and finally entered the city.

## 5 - Meeting, Kor and a Mysterious Boy

Jak and Dexter were out of breath at the exit of the prison. "That was too close Jak." "One of those red guards almost shot my butt!" yelled Dexter. "Chill out Dax." "You were just fine." Jak and Dexter noticed how different the city was, than their home. There were zoomers (flying cars used for transportation) in traffic, and he could see the red officers patrolling the area, and the streets were all rocky and not paved. Jak and Dexter were at the end of the street, when a old man stepped in front of him. He had a little kid standing right by his legs. It reminded Jak of someone. "Hello young stranger" said the old man. "My name is Kor, and I might be able to help." "You look like a smart man" Jak cut in. "Where the heck am I!" "Well young angry stranger", said Kor. "You are a citizen of the Majesty, Baron Praxis." "Do you know him?" asked Kor. "Well a matter of fact I do." replied Jak. "I just a prisoner in the Baron's palace." "Prisoner or not" "The Baron built walls around the city" Kor said sadly. "Were are his slaves!" "We better move forward, the Krimzon Guards are coming" said Kor. "So thats what those red officers are called." said Dexter. "They should be called Krimzon Farts instead!" One of the Krimzon Guards came over to Jak, Dexter, Kor, and the Kid. "You have authorized to be under arrest, by the order of Baron Praxis!" "Surrender and DIE!" stormed the Krimzon Guard. "Protect us from the Gaurds, and I'll tell you someone who can help!" said Kor. Jak then punched one Krimzon and and 12 more came. Then Jak turned Evil again and wiped out all the Gaurds in less that 12 seconds. "That was cool Jak!" "Do it again!" said Dexter. "Something is happening to me!" "I can't control it!" yelled Jak. "The Baron pumped all that Dark Eco into me!" "Thats how I change!" "Very impressive." said Kor. "I must take this very special boy to saftey." "I must go now." "What about us!" yelled Dexter. "There is a group called the Underground and they want to fight the Baron." "Their leader is called the Shadow." "He could really use you as a fighter." said Kor. "Go to a dead end alley and ask for Torn." "I must go now." said Kor. "Thanks for all of your of your help Kor." said Jak. "Now what do we do?" said Dexter. "We Find Torn" said Jak.

## 6 - A Man From The Underground

"Alright Dax lets go find Torn." said Jak. "But how are we going to get there Jak?" asked Dexter. "I got an idea but we have to be sneaky and quiet" said Jak. "Alright" Dexter said in a wisper. Dexter jumped on Jak's shoulder. Jak was running somewhere, but Dexter did know. "Where are we going Jak?" "SHHHH!" Jak said. Jak ran in a dark alley and hid along a wall. "What are we doing!" yelled Dexter. "You say another word and I'll go by myself" said Jak. Jak then started running very fast. He jumped high and stole a citizen's zoomer. "YEHAW!" yelled Jak. "I was hiding from the Krimzon Guards Dax." "So they wouldn't see me." "Ok" "Now i get it" said Jak. "Kor told us Torn would be in a dark alley so I think I know where to go." said Dexter. "How do you know Dax?" asked Jak. "Jak!" "I've" been looking for you for 2 years!" "I know this whole city around!" "Sounds good." said Jak. "Alright, Jak." said Dexter. "I think we're here." Jak parked the zoomer and approched a man with some armor and lots of tatoos. "I'm looking for a guy named Torn." "Kor sent us" said Jak. "Yeah" "I'm Torn" he said. "Good" said Jak. "We want to see the Shadow." Jak repilyed. "Hahahaha" said Torn. "No one sees the Shadow if i say so, boy!" "The names Jak!" Jak said angerily. "Me and Dax here want to join the Underground here." "You can" said Torn "If you do a really tough task" "What kind of task?" asked Dexter. "You two have to steal the Baron's banner in Dead Town" "If you do, your in." said Torn. "We'll be right back with the banner." "Your still here?" asked Torn.

## 7 - Torn's Tough Task

Jak and Dexter ran out of the alley, and jumped on the zoomer they stole earlier. "Let me drive Jak!" said Dexter. "Imagine what would happen if you hit a citizen on one of those Krimzon Guards" replied Jak. "I'd smoke them with all my awesome zoomer skills. Jak drove to the border of the city, and entered Dead Town. There were many buildings knocked down and lots of debris. "This place is a dump!" yelled Dexter. There were little green fish the Jak could kill them in one punch. "Let's get them all!" said Dexter. As Jak and Dexter were climbing the buildings, the buildings were shuddering under their feet. "Run Jak, RUN!" yelled Dexter. "I'm going as fast my legs can take me!" replied Jak. Finally Jak and Dexter reached up to the top of the buildings and found the Baron's Banner. "There it is." said Jak. "So much hard work, for something so little." said Dexter. As Jak pulled up the banner the whole building started crumbling. Jak and Dexter jumped off the building. Jak started sliding down a metal wire, and Dexter fell on the wire between his legs. "OWWWWWW!" yelled Dexter. The wire ended at the ground, and Jak jumped off and landed on his feet. "Yes!" said Jak. Dexter then landed, but on his face. "Is.....My...Face.....Broken?" Dexter said painfully. "You're just fine Dax." said Jak. "Let's go back to Torn's and give him the banner." said Jak. Jak and Dexter jumped back on the zoomer and headed back to Torn's.

## 8 - The Mission At The Pumping Station

Jak and Dexter met up with Torn in the alley. "I know a secret underground room, that we can go to." said Torn. "Just follow me." he said. Jak and Dexter followed Torn to the secret underground room. The room was pretty big inside. There was a old zoomer hanged up on the wall. There was a fire buring inside. Dexter noticed a drain for water. "WhooWee!" yelled Dexter. "A hero sure makes you thirsty!" Dexter opened the drain, and brown mud and sludge came out. "EWWWW!" yelled Dexter. "That was so sick!" "The Baron cut off all fresh water to the underground." Torn said. "He is risking people's lives just to destroy the underground." "I was once a Krimzon Gaurd, and one of the gaurds told me there is a old pump at the pumping station that turns on water to the whole city." said Torn "That gives you another mission Jak." Torn still talking. "So what do you want us to do?" asked Jak. "Go to the pumping station and turn on the pump." Torn replied. "Lets hurry up Jak, so i can wash my mouth out!" yelled Dexter. Jak and Dexter ran out of the underground room and jumped on the zoomer. They flew until they reached the city border. They got off the zoomer, and entered the pumping station. They started running when Dexter noticed a monster in a bush. "What is that?" asked Jak. All of the sudden the monster jumped out of the bush and approched Jak. "IT'S A METAL HEAD JAK!" yelled Dexter. Jak then ran over to it and knocked it out with two punches. "That was too close Jak." said Dexter. Jak noticed there was a glowing gem kind of thing laying on the ground. "I think those are skull gems." said Dexter. "The people say there is a Oracle that collect those." replied Dexter. "So lets kill more Metal Heads and get soem more." said Jak. Jak and Dexter got past many traps, and got lots of skull gems. Then they finally reached the pump. "I got this pump." said Dexter. Dexter grabbed the pump and started pulling. "COME ON!" yelled Dexter. "I think its stuck." Dexter said still pulling. At that moment Jak hit the pump and Dexter got sucked up with the water. Jak could see Dexter going through the pipes and crashing into other pipes really hard. Dexter finally reached the end of the pipes, and he was stuck. Jak could see water building up behind him. "Help...Me...Jak." "Help....Me...Please!" Jak turned the pump more and the water forced Dexter out. "Don't say anything Jak!" "Don't even chuckle!" said Dexter. "Lets go back to Torn." Dexter replied. "No Dax, lets see the Oracle" Jak said.
