1 - Space Ride

---Small steps could be heard as a tall, but still short, figure walked pass thin halls towards a very large doorway. As the door slid open, the figure walked in and immediately knelt on one knee looking down at the floor as if "unworthy" enough to stare at someone. "My Tallest." The voice was low, but not too low, and had a soft but stern feeling. "You called for me?" The figure looked up but never moved her head or body. Her eyes rested upon a tall figure in red floating above. "Yes, we have a job for you...we require your services. You see, there is a certain someone in which we want *gone* . You may rise." As a reflex, the female stood up with an evil smirk. "-and who is this that you want *gone* ?"
"well..."

---"Om Nom Nom ICE CREAM!" A giddy green alien with bright blue eyes was happily licking on ice cream. Her trench coat was long and black and open revealing a small white t-shirt, half cut. Next to her, was a small grey robot floating in a panic. "WHAT ARE YOU DOING!" The alien stared at her accomplish blankly, her mouth covered with white nummyness and shimma shimms (my word for jimmies). Suddenly the ships computer spoke, "Warning: Asteroid belt ahead". The alien shrugged. "Cool!" she continued to eat her ice cream. "ARE YOU CRAZY! ITS AN ASTEROID BELT!"
"Don't worry Sir Unit, the ships on Auto Pilot." And then the Robot's mouth hung as the cruiser swirved past each individual asteroid. "How did we manage to pass all that UNHARMED?" The alien smiled.
"see, no worries!"

---A extremely grotesque figure emerged from behind two steel doors. His head was enclosed in a glass dome filled with a purple liquid. His body was no longer there, but instead replacing it was an advanced piece of machinery to help this sad creature, to stay alive. His face was torn and burnt apart and his left eye replaced with a robotic one to help his eyesight. "TWITCH IS THE VOOT CRUISER READY?!" He yelled out, his voice filled with rage and sorrow. "TWITCH!.....TWIIIIITCH!....." Still no reply. His left eye began to scan the area and finally gazed on a small robot with static exerting from his body. "Twitch! There you are you Dumb @\$!" The robot turned around with a freakish face, static still flying from it. "Yes master?" Its voice cackled and dim.

"Get in the cruiser ya idiot! So we can get off this stupid rock!" The robot raised its arm and ran off with occasional jumping and twitching every now and then. Finally, the robot jumped into its seat ready to drive and the cyborg body placed its head calmly onto the seat next to it while going into the back. Then, the ship flew up and went at a steady pace. "i'm so happy!" said the aliens head. The robot, while driving sang. "Do de do de dum de do WAFFLE FRIES! de dum de do da!" The head sighed. "Your an idiot."

--Meanwhile back in the other ship, the giddy alien finally finished her ice cream only to leave the main station to get....what do you know MORE! The robot followed, feeling as if the auto pilot would take care of everything. Unfortunatly, our cyborg friend and his ridiculous robot, were heading the same way. Suddenly the robot squeeled. "OH WHATS THAT! ITS SHINY! must HIIIIIIIIIIIT!!!" It quickly veered towards the "shiny object" which happened to be the ice cream gals ship. "WHAT ARE YOU DOING TWITCH! DONT YOU'LL RUIN EVERYTHIIIIIIING!

NOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO" The two ships collided and went in opposite directions. A small laughter was heard as the cyborg ship headed back to the planet it was just stuck on. And the other was flying towards a familiar planet opposite of the cyborgs. The screaming was heard in

both ships but the emptiness of space remained silent. And then everything went dark.

To be continued

2 - Crash Land

---As the ship swirled round and round, the small alien and robot screamed as they fell down to the planet below. "WHAT JUST HIT US!" screamed the robot in a complete panic. "I-I DON'T KNOW b-but I don't feel so good..." The alien's face turned a pale green and the robot ducked for cover. But before the small alien could even get near to being sick, the ship crash landed making a loud explosion. As the smoke cleared up, the alien and robot stepped out in a dizzy frenzy. "Aww man where did we crash?" The robot stared up at her friend with wide blue eyes. "I've just mapped out the coordinates...we are on the planet...earth?"

"Earth? Why does that sound familiar?" The small alien twitched her antenna's in curiosity. "Quick! We need a disguise! Build us a base while I figure something out." The robot saluted. "right away master!"

---"G-GAZ COME QUICKLY! THERES AN ALIEN IN THE BACKYARD!"

"Dib be QUIET IM TRYING TO WATCH TV!!!" Dib sat there quietly, with his (annoying) black zig zag hair. His long coat flowing from the breeze, and his face...well pretty wacked out. "BUT GAZ! THIS IS SERIOUS!"

"Just like our next door neighbor being a vampire?" Gaz said, her fingers slamming down on her video game. "Fine! I'll go get photographic proof then!" Dib grabbed his camera and rushed out the door. Just then, the alien and her sir unit were no more. The alien now had normal blue human eyes and semi-long black hair which curled in her face. She wore her usual outfit of her trench-coat only it was partially zipped now. Her Sir unit, was dressed in a racoon suit, which was badly disguised. "THERE YOU ARE ALIEN MENA- huh?!"

"uh- hello there....uhhh" the alien paused and glanced at her arm where she wrote: human. "...hu-MAN boy! My name is Ka-uhhh...." ("I can't say my real name..it would blow my cover...better shorten it.")

"Ahem! My name is Ka..Kam! We just moved here!" Dib stood there with an annoyed look. "Oh yeah? From where Alien?"

"Alien? Why thank you!"

"D...Did you just agree with me?!" Kam nodded. "Yes, I come from... MEXICO!"

"O-oh...so your not like a...ALIEN alien?" Dib raised a brow. "ALIENS WHERE?!" Kam spun around pretending to be in fear. "By the way...why is your Mobile home IN MY BACKYARD!" Dib pointed to the old rusty home near the edge of his fence. Kam sat there and looked around for a solution, when finally her eyes glared at a tree trunk. "...we got toed..."

"For what?"

"My...uh Dad got drunk and parked us near a....red sign of stopping!"

"you mean...A stop sign?"

"Y-yes a stoppy sign of stopness! I...Im still learning to speak native!"

"You speak spanish!" Kam was now frustrated. This boy was asking too many questions! Just as she was about to kill him, a bright light flashed in the corner of her eye. "WHAT IS THAT!" Dib shouted, he pointed at what seemed to be a meteorite heading straight down towards the park. "Uh- Quick! Human boy-"

"Dib"

"Human Dib Boy FOLLOW ME!" She grabbed his hand and ran towards the falling object as fast as she could. ("I cant believe this! Why another! I thought it was only me! No matter, I have to stop them before its too late!")

---to be continued---

3 - The mysterious UFO

---As the alien and human ran towards the falling object, a strange sensation over came her. A voice called out and she stopped... slowly turning around. Standing there, was a tall dark figure, the sky grew grey and the human was gone. It was only her and the mysterious figure, staring face to face. The young alien walked towards the figure, cautiously. "Wh-who are you?" The young one asked. The figure stood there, her eyes a dark and dreadful blue. She felt a strange wave of guilt and sorrow. "KAM! KAM!" The young girl slowly opened her eyes. Dib was standing there shaking her with a frightened face. "you alright!" He helped her up. "when we got near the meteorite you suddenly collapsed?" She got up and limped to where the object landed. Nothing. "I..i'm fine..."

"Here let me help you home...er well back to my house that is." Dib still had a suspicious look. "Thank you..."

---"Its a good thing we disguised our ship." A small creature peered her head from behind a tree, watching the two walk away. "She's an Irken too..isn't she Lir?" the creature stared down at her small robot and it nodded. "I scanned them both. She seems to be Irken..." The small one nodded. "what are you thinking Icy?" A long pause came. Then the girl Icy spoke. "Im thinking we might need her help..."

---"Thanks again Dib. I really can't stress how glad i am." Kam bowed and stepped inside her mobile home. "It was nice meeting you." Dib scratched the back of his head. "Yeah don't worry about it. So you going to skool tomorrow?" Kam froze. "Uh- of... of course i am!" She laughed nervously. "GREAT! Then i can show you a REAL alien! Theres one in my class!"

"An...Alien? Out of disguise?" Dib laughed. "No, no hes disguised...but pretty badly. You think i'm crazy...don't you?"

"NO WAY! But a REAL alien! That's just...AMAZING! I can't wait to meet them. See you tomorrow Dib." She closed the door and immediately rushed down to her lab. "COMPUTER RUN AN ANALYSES ON THIS...Skool!!!" Bright lights flashed and a screen appeared with a building with the works Skool above it. "computer...show me the locations of this building please..."

---to be continued---

4 - Skool

---"WOW! THIS IS AMAZING!" Kam squealed while hopping in excitement. "I don't see how skool can be exciting but...ok! But anyway, the alien. He usually show's up around this time...Where is he..." Dib looked around with curiosity. "Oh yeah. I forgot about the alien." Kam walked back next to Dib. He pulled out his binoculars and looked around even more anxious. Suddenly he dropped them. "Dib...you oke-" Kam was speechless too. Both were staring at a young girl. Her hair was brown and she wore a jacket just like Dib's. Beside her was a green boy. Dib ran towards them.

---"KAM LOOK THATS THE ALIEN!" He screamed as he tackled the boy to the ground. Kam ran up next to the young brunette as the two boys wrestled. "What just happened?" The girl asked, she looked up at Kam with deep brown eyes. Kam smiled. "If you really must know...I have the slightest idea. I'm Kam by the way." The girl smiled back and replied, "I'm Icy, its nice to meet you!"

"KAM QUICKLY! GRAB THE CAMERA!" Dib handed Kam his video camera. "WH-WHAT DO I DO WITH IT!" She frantically tried to figure out the device. "JUST PRESS THE RED BUTTON! WE NEED TO EXPOSE ZIM'S TRUE FORM!"

---"Zim..." Kam whispered as she let go of the camera. "NOOOOOOOOOO!" Dib screamed as the camera fell to the ground breaking into many pieces. "AHAHAHAHAHA VICTORY IS MINE FOOLISH EARTH BOY!" Zim laughed. Suddenly Kam launched herself onto Zim. "YOU STUPID LITTLE NASTY IDIOTIC BEAST!" She screamed as Zim tried to gasp for air. Tears whelped up in her eyes and she stood up, and walked away.

---to be continued--- :D

6 - After Skool: Zim stalks Kam?

---"NOW GET OUT EVERYONE!" Mrs. Bitters pointed towards the door and as usual kids rushed out windows and every place that made escaping from Skool faster. Kam rushed up next to Dib and Zim next to Icy. "So Icy, i have thought of a most excellent plan!"

"And what might that be?" Icy said. Her eyes glued on Dib. "That girl...Kam...I have finally found a use for her. She shall become my human love pig!"

"And how are you going to accomplish that?" Zim sneered. "Simple...in 3 days Kam shall become my human love squishy and Dib will finally leave me ALONE! BWAHAHAHAHAHAA" Zim laughed and Icy continued walking away from him. "OI! Icy! Come walk with us." Kam waved at her and she slowly walked towards them. "So Icy how was your first day?" Dib smiled and Icy blushed. "umm, it was ok i guess..."

"So-" Dib neared his face towards Icy's and she blushed with a shocked expression. "Has Zim brainwashed you into becoming his friend?!"

"w-well not neccessarily, hes just...um someone to talk to..." Kam's eye twitched. "That dang Zim!" Dib leaned over to look at Kam. "So what made you hate Zim so much?" Kam said nothing. "I have to go Dib ok? See you around Icy" She turned and gave a cute smile running off towards the distance. "...Well i guess it's just you and me Icy...ehehe" Dib loosened his shirt collar and blushed. The two continued walking unaware of what to say each blushing knowing that one word could break the ice, but they chose not to...

---"Kam welcome home! How was this Skool?" The Sir unit smiled closing the door behind Kam. "terrible...i just met the enemy..." Kam slid against the wall and curled up. The sir unit handed her a tub of ice cream. "Here Kam, cheer up...it can't be THAT bad, at least he doesn't know where you live-" Suddenly there was a knock on the front door. The sir unit pressed a butten and her raccoon uniform latched on. The door opened and a green dog walked in. "HI! My name is Gir! Are you a mongoose?!" The two said nothing staring at this adorable thing wag it's tail. "Hello, Kam!" Kam jumped up. "ZIM! WHAT ARE YOU...D-did you follow me home!" Zim blushed. "No, i got the information from a reliable source-"

"ZIM GET OUT OF MY BACKYARD!" Dib yelled in the background. "ANYWAY, i have come to ask you something that only an idiot would refuse. Kam you shall become my love squishy and we shall partake in the holding of hands and other filthy Hu-man affectionate things!" He smiled before being kicked out the door. "Zim...go away i don't like you, now LEAVE ME ALONE!" She slammed the door. The door opened again. "AND TAKE THIS THING WITH YOU!" She yelled kicking Gir at Zim, and quickly closing and locking the door. "BYE MONGOOSE! She seemed nice!" Gir said with an adorable smile. Zim stared blank at the house before saying- "Shut up Gir..."

7 - Chocolate and Flowers

---Zim fiddled with his supplies. "There must be SOME way to get Kam to be my experimental love pig...but how..." Folding his legs, he leaned back in his chair, staring intently at the ceiling. "Now what is it that earth female like..."

"CHOCOLATE!" Zim swerved his chair, facing his companion with wide eyes. "Wh-...what did you just say Gir?!" Gir gave a big grin. "I saaiiid, CHOCOLATE!" Zim grinned widely. His grin slowly turned into a menacing laugh and he stood up with his shadow looking ever so evil against the wall. Gir attempted to laugh with him but stopped. "What are we laughing at?"

---The very next day, Kam awoke to a knock on her door. "Ugh...Sir unit can you see who it is..." Kam rolled over and fell back into her slumber. The Sir unit rubbed her eyes and walked to the door. Pressing a button the door became see through only from the inside. Standing there was Zim, in his hand was a big red box and flowers that were starting to wither. A blue color forming around his face as he whistled calmly, trying to ease his mood. The sir unit scanned him. "No threat detected. Hmmm." It walked towards Kam and poked her. "Kam...Kam...theres a man at the door selling ice crea-"

"WHERE!" Kam launched up pressing a button to form her costume over her hidden form. She launched herself at the door opening it to have her expression sink into a dark pit of despair. "What do you want Zim..." He jumped and took a rather long breath. "I have come here Kam to bring you the sweets of sweetness known to you females azzzzzzzzzzzzah....."Chocolate and flowers." now take this as a token of my *ffffiilthy*-love for you." He handed the box and bouque, closing his eyes waiting for the door to be slammed. Kam smiled. "you know what Zim...would you like to come in for some breakfast?" Zim was shocked. *'MY PLAN! i...it worked!'* "Yes, I would enjoy that!" He stepped in and Kam closed the door behind him. She smirked evilly. *'time for my revenge'* She guided Zim towards the table. "It might be a while. So whats up?" She smiled opening some eggs. "Well nothing...sooo...Kam. I have been thinking..." She turned around staring into his eyes, the blue color returning to his face. "yeah...what is it..." She looked so sweet and innocent. Just what she wanted him to think. "W...well umm Kam, since i have given you the sweets...are you my-"

"Yeah i guess so." She giggled. "Cool..." Zim scratched his hair and turned away. "Eggs are done!" She turned and placed the plates in front of him and sat with hers. Zim sat there uneasy. "You not hungry?" Zim gulped. "No no it's just that OMG WHAT IS THAT!" He screamed pointing behind Kam. She turned and he flung the eggs out the window. "I...i don't see anything-"

"Oh must have been a flying pig OH man im stuffed thanks for the meal!" He stuttered and began to stand up, but Kam gripped his arm. "Wait, will you stay with me longer. Ya know, just to watch Tv or something..." She gave him that puppy stare. Zim couldn't resist. So the two plopped themselves on the couch. *'lets get this over with...'* She reached into her pocket to grab a knife. But suddenly, Zim pulled her close and rested his head on her shoulder. She blushed and pulled her hand away. Zim held her other hand and they both blushed. Kam suddenly thought of something she never would have thought up. In her mind she said:

I'll wait until this show is over...then again...i could just wait until tomorrow... Kam felt a small smile creep up and she snuggled closer to Zim.
