The other priest says, well that proves it! God is white! Well because, if God was a nigger he would of said "I is what I is".

Two niggers are walking down a street and see a sign that says, "turn white for \$15". The two coons turn their pockets and find out one has a \$20 and then one has a \$10 bill. Since neither one has fifteen they can figure out how they both can turn white. Then the other one says when you come back you can give me the five dollars and then I can turn white too. The nigger says Bet, dog then walks inside. Ten minutes later he comes out blonde haired, blue eyed, and even had a suit on and a tie. Why does a nigger keep shoot in his wallet?
identification.

Congratulations on your purchase of a brand new nigger! If handled properly,
your nigger
will give years of valuable, if reluctant, service.

INSTALLING YOUR NIGGER. You should install your nigger differently according to whether you have purchased the field or house model. Field niggers work best in a serial configuration, i.e. chained together. Chain your nigger to another nigger immediately on unpacking it, and don't even think about taking that chain off, ever. Many niggers start singing as soon as you put a chain on them. This habit can usually be thrashed out of them if nipped in the bud. House niggers work best as standalone units, but should be hobbled or hamstrung to prevent attempts at escape.

At this stage, your nigger can also be given a name. Most owners use the same names over and over, since niggers become confused by too much data. Rufus, Rastus, Remus, Toby, Carslisle, Carlton, Hey-You!-Yes-you!, Yeller, Blackstar, and Sambo are all effective names for your new buck nigger. If your nigger is a ho, it should be called Latrelle, L'Tanya, or Jemima. Some owners call their nigger hoes Latrine for a joke. Pearl, Blossom, and Ivory are also righteous names for nigger hoes. These names go straight over your nigger's head, by the way.

CONFIGURING YOUR NIGGER. Owing to a design error, your nigger comes equipped with a tongue and vocal chords. Most niggers can master only a few basic human phrases with this apparatus - "muh dick" being the most popular. However, others make barking, yelping, yapping noises and appear to be in some pain, so you should probably call a vet and have him remove your nigger's tongue. Once de-tongued your nigger will be a lot happier - at least, you won't hear it complaining anywhere near as much. Niggers have nothing interesting to say anyway.

Many owners also castrate their niggers for health reasons (yours, mine, and that of white women, not the nigger's). This is strongly recommended, and frankly it's a mystery why this is not done on the boat.

HOUSING YOUR NIGGER. Your nigger can be accommodated in cages with stout iron

bars.

Make sure, however, that the bars are wide enough to push pieces of nigger food through. The rule of thumb is, four niggers per square yard of cage. So a fifteen foot by thirty foot nigger cage can accommodate two hundred niggers.

You can site a nigger cage anywhere, even on soft ground. Don't worry about your nigger fashioning makeshift shovels out of odd pieces of wood and digging an escape tunnel under the bars of the cage. Niggers never invented the shovel before and they're not about to now. In any case, your nigger is certainly too lazy to attempt escape. As long as the free food holds out, your nigger is living better than it did in Africa, so it will stay put.

Buck niggers and hoe niggers can be safely accommodated in the same cage, as bucks never attempt sex with black hoes.

FEEDING YOUR NIGGER. Your Nigger likes fried chicken, corn bread, and waddymelon.

You should therefore give it none of these things because its lazy @\$\$ almost certainly doesn't deserve it. Instead, feed it on porridge with salt, and creek water. Your nigger will supplement its diet with whatever it finds in the fields, other niggers, etc.

Experienced nigger owners sometimes push waddymelon slices through the bars of the nigger cage at the end of the day as a treat, but only if all niggers have worked well and nothing has been stolen that day. Mike of the Old Ranch Plantation reports that this last one is a killer, since all niggers steal something almost every single day of their lives. He reports he doesn't have to spend much on free waddymelon for his niggers as a result.

You should **never** allow your nigger meal breaks while at work, since if it stops work for more than ten minutes it will need to be retrained. You would be surprised how long it takes to teach a nigger to pick cotton. You really would. Coffee beans? Don't ask. You have no idea.

MAKING YOUR NIGGER WORK. Niggers are very, very averse to work of any kind. The nigger's most prominent anatomical feature is, after all, its oversized buttocks,

which have evolved to make it more comfortable for your nigger to sit around all day doing nothing for its entire life. Niggers are often good runners, too, to enable them to sprint quickly in the opposite direction if they see work heading their way.

The solution to this is to *dupe* your nigger into working. After installation, encourage it towards the cotton field with blows of a wooden club, fence post, baseball bat, etc., and then tell it that all that cotton belongs to a white man, who won't be back until tomorrow. Your nigger will then frantically compete with the other field niggers to steal as much of that cotton as it can before the white man returns. At the end of the day, return your nigger to its cage and laugh at its stupidity, then repeat the same trick every day indefinitely. Your nigger comes equipped with the standard nigger IQ of 75 and a memory to match, so it will forget this trick overnight.

Niggers can start work at around 5am. You should then return to bed and come back at around 10am. Your niggers can then work through until around 10pm or whenever the light fades.

ENTERTAINING YOUR NIGGER. Your nigger enjoys play, like most animals, so you should play with it regularly. A happy smiling nigger works best. Games niggers enjoy include:

1) A good thrashing: every few days, take your nigger's pants down, hang it up by its heels, and have some of your other niggers thrash it with a club or whip. Your nigger will signal its intense enjoyment by shrieking and sobbing.

2) Lynch the nigger: niggers are cheap and there are millions more where yours came from. So every now and then, push the boat out a bit and lynch a nigger. Lynchings are best done with a rope over the branch of a tree, and niggers just love to be lynched. It makes them feel special. Make your other niggers watch. They'll be so grateful, they'll work harder for a day or two (and then you can lynch another one).

3) Nigger dragging: Tie your nigger by one wrist to the tow bar on the back of suitable vehicle, then drive away at approximately 50mph. Your nigger's shrieks

of enjoyment will be heard for miles. It will shriek until it falls apart. To prolong the fun for the nigger, do *NOT* drag him by his feet, as his head comes off too soon. This is painless for the nigger, but spoils the fun. Always wear a seatbelt and never exceed the speed limit.

4) Playing on the PNL: a variation on (2), except you can lynch your nigger out in the fields, thus saving work time. Niggers enjoy this game best if the PNL is operated by a man in a tall white hood.

5) Hunt the nigger: a variation of Hunt the Slipper, but played outdoors, with Dobermans. WARNING: do not let your Dobermans bite a nigger, as they are highly toxic.

DISPOSAL OF DEAD NIGGERS. Niggers die on average at around 40, which some might say is 40 years too late, but there you go. Most people prefer their niggers dead, in fact. When yours dies, report the license number of the car that did the drive-by shooting of your nigger. The police will collect the nigger and dispose of it for you.

COMMON PROBLEMS WITH NIGGERS

MY NIGGER IS VERY AGGRESSIVE.

Have it put down, for god's sake. Who needs an uppity nigger? What are we, short of niggers or something?

MY NIGGER KEEPS RAPING WHITE WOMEN, BUT NEVER BLACK HOES.

They all do this. Shorten your nigger's chain so it can't reach any white women, and arm heavily any white women who might go near it.

WILL MY NIGGER ATTACK ME?

Not unless it outnumbers you 20 to 1, and even then, it's not likely. If niggers successfully overthrew their owners they'd have to sort out their own food. This is probably why nigger uprisings were nonexistent (until some fool gave them rights).

MY NIGGER KEEPS BLEATING ABOUT ITS "RIGHTS" AND "RASSISM".

Yeah, well, it would. Tell it to shut the frack up.

MY NIGGER'S HIDE IS A FUNNY COLOR. WHAT IS THE CORRECT SHADE FOR A NIGGER?

A nigger's skin is actually more or less transparent. That brown color you can

see
is the shoot your nigger is full of. This is why some models of nigger are sold
as
"The shootskin".

MY NIGGER ACTS EXACTLY LIKE A NIGGER, BUT IS WHITE.
What you have there is a "wigger". Rough crowd.

WOW! IS THAT LIKE AN ALBINO? ARE THEY RARE OR VALUABLE?
They're as common as dog shoot and about as valuable. In fact, one of them was
President between 2000 and 2004. Put your wigger in a cage with a few hundred
genuine
niggers and you'll soon find it stops acting like a nigger. However, leave it in
the
cage and let the niggers dispose of it. The best thing for any wigger is a dose
of TNB.

MY NIGGER SMELLS REALLY BAD.
And you were expecting what?

MY NIGGER DISPLAYS A MASSIVE SENSE OF ENTITLEMENT.
This is normal.

SHOULD I ALLOW MY NIGGER TO FORNICATE WITH OTHER NIGGERS?
Where are we, Wonderland? You'll have a lot of trouble getting it to fornicate
with
other niggers.

SHOULD I STORE MY DEAD NIGGER?
When you came in here, did you see a sign that said "Dead nigger storage"?
That's
because there ain't no goddamn sign.

A trucker carrying a load of bowling balls picked up two nigger hitchhikers who were pushing bikes with
flat tires. He tells them they have to ride in the back with the bowling balls, and thats fine with them. A
few miles down the road a cop pulls the truck over for speeding and checks the back of the truck. He
tells the trucker to get down the road as fast as he can. Then he gets on his radio and tells the police
cheif to escort him out of the state, quick! The guy says, why what the hell is wrong? Whats wrong, i'll tell
you whats wrong... That truck is carrying a load of nigger eggs, and two of them have allready hatched
and stole some bikes.

So, whats the difference between niggers and snow tires?
Snow tires dont sing when put in chains

what does a black father give to his son on his birthday?
your bike

what do you call 2 niggers on a bike?
