**Chapter 1 - Cestus Immortal**

**2**

# 1 - Cestus Immortal

Rain of Roses.

Bloodred petals  
fall like rain  
fragrant touches  
ease my pain

Redness settles  
'cross the land  
all is covered  
by crimson's hand

All is soothing  
all is dark  
hands entwined  
we can embark

On our journey  
through the sea  
of bloodred petals  
that fall on me

I can feel it  
their touch on my skin  
as my love grows  
the rain fades thin.

Odyssey.

We are journeying far and wide  
just for the love we feel inside  
I can hold you fast and pray  
that this is not our final day

Over hills and seas and plains  
through the rivers swelled with rain  
into darkness and its sad refrain  
past the mountains high

I can feel your hand in mine  
as our souls begin to entwine  
we are running always nigh

to the sun-kissed dawn

Now our journey reaches an end  
we walk home into the glen  
holding hands and speaking softly  
home at last to rest.

For Love of Life.

I see only you  
and roses red  
darkness soft  
beside our bed

As we sleep  
plunged into peace  
and the night  
is growing deep

I have only you  
within my heart  
the door within me begins to part  
releasing all my love for you

The strands of darkness  
fading few  
as I stand strong  
with love of you.

Onicron.

Clash of blade  
and will of steel  
my mind has hands  
that turn a wheel

The grasp of hatred  
roars and congeals  
into vengeance bright  
all is lost in light

And my mind  
is not my own  
others drive my husk of bone  
as I wander here alone

All grows dim

and my mind fades  
the grip behind my mind  
falls gray

I feel the kiss  
of death's release  
sunlight fading  
from my reach.

Follow me forever.

I can make you more  
raise you high  
bring you up  
into my sky

Just take my hand  
let go of your world  
follow me  
to what lies beyond

My love for you will never die  
as I rise into the sky  
with you at my side  
I can feel hate's fading lie

And for now  
let us simply be  
no restraints in the sky  
just you and me.

Arken's Wail.

I am crying tears of gray  
as I die and fade away  
this is the end of my day  
do not weep  
I welcome death

It has been too long  
since I sang a song  
since I flew free  
I am not what I was meant to be

As I draw my last breath  
think of me  
and do not mourn my death

for I fall  
by my own will  
and all is made right  
as I pass on.

Born for Hate.

I was made for hate  
a shadow so great  
to reap the souls  
and open the gate

I cannot live  
I cannot love  
I do not know  
what is above

My world is dark  
my soul is sliced  
all is rain  
and fallen ice

My eyes are closed  
my mouth sewn shut  
feel my hate  
as it wells up

I beg of you  
to leave me be  
lest you lose  
the will to breathe.
