Notes: References to past episodes notably the episodes in season five, and a few Terra references. Also some of the characters might be acting a bit different, but I will try to improve that. Another thing is that this story is making a reference to the story (hopefully) in progress known as "Tournament of Heroines." My version of Lilith, has Orange or Brown eyes, freckles, Jericho's skin color, same body type as Kole, her hair is similar to that Hawk Girl's hair on JLU, and her hair is red, with highlights, and a bit longer. Her uniform for her job is just a white shirt and apron with a long skirt, and later she changes into civilian clothes, which is a polo shirt and jeans, with the brief case she carried with her from, her original home, New York. In the comics she more powers, but since she was the kid version, I took away some of those powers, such as her having the power to erase memories and making them into fog.

Disclaimer: I don't own Teen Titans, nor the show, or the comics, and if I did the show would have ended better, PWNED to Cartoon Network! Now on to the show!

Mammoth let go because the last time this happened, he got burned and also he didn't know what powers she might have, because their client wanted her. The girl teleported about 20 feet away from him and ran to take on an opponent her own size. The titans switched opponents, as the girl did.

Robin ran up a tree and jumped and threw a disc at Gizmo's back-back. The two collided and Gizmo was sent ground bound. Robin then tied him up with a rope from one of his boomerangs and proceeded to help the others. Beast Boy turned into a T-rex and hit See-More with his tail, knocking him out. Beast Boy then helped Raven with Billy. Starfire picked up Private Hive and swirled until he was dizzy and threw him into a tree. Robin and Cyborg tricked Mammoth into falling, by Robin kicking him, and Cyborg kneeling.

</p></div>

<p><div name="Normal" align="left" style=" padding: 0.00mm 0.00mm 0.00mm 0.00mm; ">

<p style="text-indent: 0.00mm; text-align: left; line-height: 4.166667mm; color: Black; background-color: White; ">

Raven was surprised to see Lilith again. The last time she saw her was at the tournament of heroines. They switched targets and Lilith using her mental telepathy found out with was the real Billy and called for any of the titans to help her defeat him. Cyborg and Starfire went to help her, as Beast Boy and Robin helped Raven with Kyd Wykkyd, because the last time she fought him, she lost.

<p><div name="Normal" align="left" style=" padding: 0.00mm 0.00mm 0.00mm 0.00mm; ">

About ten minutes later, they defeated the bad guys, because those last two are such cheaters. Anyways, the guys didn't know who Lilith was, so Raven introduced her.

<p><div name="Normal" align="left" style=" padding: 0.00mm 0.00mm 0.00mm 0.00mm; ">

Lilith shook hands with the guys only.

After Lilith returned her uniform and paid for the damaged cart, she was fired. The titans took her out for some pizza and they wondered why she was working so hard. She told them to save the Q & A later. When they got into the living room of titans tower, Lilith told them now was the time to answer questions.
