Why Walking Backwards + Long Dresses Don't Mix But Still Results in A Kiss

Big Cheese was Bored at a dance so he walked backwards with his hands in his pockets.

And he did not see Polly was close by since his head was forward and he was walking backwards.

So he stepped on her dress and struggled to get free which made Big Cheese wondered what was up

so he walked Backwards a bit more

Which resulted with Polly's lips pressed against his cheek which caused both to blush.

He apologized to Polly and got off of her dress

He thought oops I guess walking backwards was not such a good idea after all.

But at least i got a kiss from Polly.

Polly thought I guess wearing such a long dress was not such a good idea after all but at least I got to kiss Big Cheese

They thought on that was the least boring thing to happen all night.

She said "Hey Big Cheese why don't we leave this bore fest I need to get out of this dress. She blushed when she realized what she might have implied."

He blushed "and asked ya mean together?"

She said "yeh why not I can go change then we get get a soda or something.

Big Cheese said oh okay so Polly got changed then they had a couple of sodas.

After that he walked her home then she gave him a good night kiss

Which lasted a good five minutes at least.

After the kiss she asked him if he wanted to come inside.

"He said "wild horses couldn't drag me away."

A wild horse came and dragged him away to the Palace so he could not do what he wanted to with Polly.

As Polly watched on baffled and thought huh that was unexpected I guess I will try to see if Big Cheese wants to make love another time

The End

LOL random ending i had to do it^^
