**Chapter 1 - Between two stars..**

**2**

## 1 - Between two stars..

From within, love comes through  
Though only to make me suffer more  
Because in case I ever fall in love  
I know there will be someone left for me

As I take the final breath of air  
Between the two stars  
I notice how truly special the love I thought we shared could have been  
Although I have not found peace within my broken soul

Though I vowed never to let a tear fall from my eye again I know that it is too late  
It is so hard to say goodbye to the person you loved and thought they loved you in return  
Maybe I wished for too much, or maybe I wished for too little  
But I know how much I really wanted everything to be alright

Maybe in a way it really did go the way it was supposed to  
Maybe we were never meant to be  
But scars from the past will always come back and scar me again  
Though now in total chaos my mind goes blank

I can't look at you or talk to you anymore  
It just doesn't feel right  
I know you didn't mean to hurt me or make me feel worse than I already do  
But now it is in the past I'm going to have to forget about you

I know who you know and I know what you like  
Between two stars within one's soul  
I suffer the pain I suffered not long ago  
But now I got to let you know I love you
