Updated: March 7, 2007

This was made for American Idol. I am sending this in for the Finals! I hope they will use my lyrics though! I made these originally in Spanish, but converted them to my English translation. Please respond!

Chapter 1 - Live On

2

1 - Live On

Live On

In the darkness,
My silver wings shine,
My heart is pounding,
Freezing the flowers,
The breath of sunshine,
Burning brightly,
I fly to heaven,
I once was falling!

[Chorus]

Bring me down to the meadows again,
Let my tears help plant the trees,
Hatred melts the crimson rose,
Pouring down like acid rain,
Help to mend those broken ties,
Of all life and sanity,
Live together,
Live forever,
Let's live on always!

[End Chorus]

The light can shine,
The ground will cave in,
We're all alone this time,
The birds will fall out of the sky,
Time goes on, all things will die,

[Chorus]

Bring me down to the meadows again,
Let my tears help plant the trees,
Hatred melts the crimson rose,
Pouring down like acid rain,
Help to mend those broken ties,
Of all life and sanity,
Live together,
Live forever,
Let's live on always!

[End Chorus]

The sun sets down,

It's golden rays at rest,
The moon shall rise,
It's moonbeams shine,
Light, at it's best,
Can shine into eternity,
Carrying out it's dying wish,
One million rainbows,
Falling down out of the sky,
Though it may be time to leave,
The autumn flies by like a plane,
Be ready when it's time to rain!

[Chorus]

Bring me down to the meadows again,
Let my tears help plant the trees,
Hatred melts the crimson rose,
Pouring down like acid rain,
Help to mend those broken ties,
Of all life and sanity,
Live together,
Live forever,
Let's live on always!

[End Chorus]

So as you fall into the night,
I don't care, please do not fight,
As things fall down,
You cannot frown,
Because time goes on,
All things must die,
Even the smallest fawn,
Will live on and on!
