boom, crash, boom. “Ha! Ha! Ha! Ha! Ha! Finally, I will have ruled the world!” said Eggman. *boom.* Suddenly an egg ship exploded. “Ahhhhhhhhhhh! Flame! Flare! No!” screamed Sona. *boom.* “errrrr, Sonic,” said Eggman. Super Sonic was heading straight toward Eggman’s ship. *slash.* “There’s no point in it Sonic! Even if you kill me I will win! Because I have placed two life forms at the center of Earth! And in 15 years they will awake and take over! Ha-Ha!” said Eggman. “Errrrrrr! Chaos Control!” shouted Sonic. *boom. thud.* “SONIC!” every one cried. “Ha-Ha! I have placed a chaos shield around my ship! You should have realized that before!” said Eggman. “Celsius! Get Flame and Flare!” yelled Sona. “Eggman... I will make you pay for kill my brother-in-law.” Said Celsius. Celsius then launched a endless blast of fire at Eggman. *boom.* Eggman’s ship had finally been destroyed. *thud.* Celsius dropped down to the ground as Sona caught Flame and Flare. “What? Only one baby hedgehog? Huh! Celsius!” cried Sona. Suddenly Sonic’s chaos energy darted towards Flame and Flare. Then the two hedgehogs separated. “Celsius!” cried Sona. “S-Sona, give these to Flame and Flare when they’re older,” said Celsius as he handed Sona a small bag. “They’re ...

2 - The air race

15 years later

15 years later

"Err, arr, err," said Flame. "Err, Ahh," said Flame. *pant, pant, pant*. "Why do I keep having the same dream over and over? And who is this Sonic character? As well as Sona and Celsius. And Eggman," said Flame. Flame started to head for the kitchen. *ring, ring*. "Hello. Hey Flare. Crap! I forgot! The airboard race is today! I gotta go!" Said Flame. "Grab ice cream sandwich, get dressed, tune up airboard, and get to air dome. Easy," said Flame.

1 hour later

"Finally, it's time." Said Flame. Flame then walked up to the competitor's board. "Hmm. Darl, crap. Rocky, crap. Lussy, crap. Flare, good. Ex, good. Earthquake, good. Storma, easy. Crystal, easy. Winda, easy. Aqua, wait, Aqua? Crap! She's in the race! O well. Seth? Who's this moron?" Said Flame. "Will all racers please head your way to the track," said the inter com. Flame then started his way to the track. *O.K. what to do. By pass all components, hit Aqua and make Seth die. Easy*. Thought Flame. "3,2,1. START!" All the boards then started. *Hmm, what's first? Hit Aqua*. Flame didn't waste any time trying. "Hey Flame. How about a bet? If I win you go out with me and if you win you go out with me?" Asked Aqua. *Bang*. Flame then took 4th place. *Second, by pass all components*. Thought Flame. Suddenly Flame boosted into first place. *Third...* "What? I already won?" said Flame. "We have our winner! Give it up for Flame the Hedgehog." Said the inter com. Flame started to look around. "Huh, there's that Seth kid. What is up with him?" Flame said to himself.

3 - Finding of the Chaos emeralds

Flame quickly dashed out of the dome. "I've got to find that Seth kid," Said Flame.

"Flame! Flame!" Yelled Aqua. Suddenly Aqua darted toward Flame. "I'll forgive you only if you go out with me," Aqua said. "Uhh, I just forgot. I need to go do... research. So... I won't be able to talk to you. Bye." Flame said. Flame then started back to his house. *bang*. Flame started for his computer. "I need to know Flare's part of this story. After all, he's in the dream too." Flame said to himself. *beep, beep, beep, beep, beep, beep, beep, beep*. "Flare I need to know, have you been having a dream about a few people named Sonic, Eggman, Celsius, Sona and two life forms that are supposed to hatch in 15 years?" Flame asked. "Ya, for the last few weeks," Flare replied. Flame started to type something into his computer.

[url=http://www.battlehistory.com/7257/sonicthehedgehog]www.battlehistory.com/7257/sonicthehedgehog Flame thought to himself. "A ha! So it is true! Flare, the dream was real!" Flame said. *knock, knock*. "Who is it?" Asked Flame. "Package for Flame the Hedgehog," replied the mailman. Flame opened the door and took the package. "Who sent it?" Asked Flame. "Flame, I just received a package from a Sona," Flare said. "Strange. So did I," Flame replied. With curiosity Flame opened the box. "Wha? Ahh! Too bright!" yelled Flame. "It's...it's..." suddenly Flame stopped. "A Chaos emerald!" Yelled both Flame and Flare. "I'll contact everyone in Future city. You look for the locations of the other Chaos emeralds." Flame said. "Calling everyone in Future city, something strange is going on. I advise you tell me and the police if you see a kid named Seth. And anyone related to him." Flame said. "I found them. Ex and Earthquake appear to have one each. One was stolen. Aqua and Winda have the last two." Flare said.

4 - 5 down and to Cyber city

"I can't believe I'm saying this but I'll do anything to get all those emeralds," Flame said. "I can't believe I'm saying this but I'll do anything to get all those emeralds," Flame said. "I'll add Ex and Earthquake to the conversation," Flare added. *beep*. "Hey," Ex and Earthquake said. "Guys listen, we need to have your Chaos emeralds," Flame said. "How did you know we have some and why do you want them?" Ex asked. "Because mine and Flare's dreams are coming true. And Sonic the Hedgehog has died and the new enemy is too strong for the police and only me and Flare can defeat the enemy. But to do that we need all 7 Chaos emeralds." Flame said. "All right but one question: how come only you and Flare can do that?" Asked Earthquake. "Because only people with the Chaos ability have died and you need that ability to access the Chaos emeralds' power. But the reason only me and Flare can do that is because is when we were young Eggman stole us and fused us together with a Chaos emerald. But when we were falling from a exploded ship Super Sonic accidentally sliced us when he was flying towards Eggman's ship. And When we landed he turned back into Sonic but the Chaos energy separated us also adding more to that ability." Flame replied. "Alright. We'll give you the Chaos emeralds." Ex and Earthquake said. "Meet us at X-Gear at 1:00." Flare said. *4 down. 3 to go*. Flame thought to himself. Flame started for the door.

Some where else in Future city

"Hmm. Something's telling me to go to Cyber city." Flare said. "Computer, get me my airboard and tell all my contacts I'm in Cybercity." Flare said. Flare got up and started for the door. Just as Flare opened the door, Winda was about to go in. "Winda. What are you here for?" Flare asked. "I came to give you something," Winda replied. Winda reached into her pocket and pulled out a black box. "I was told to give this to the person I fell in love with." Winda said handing over the box. "Thanks. It's...it's a Chaos emerald!" Flare said. "Thank you but right now I have to go to Cyber city." Flare said. Flare then got on to his airboard and started off.

5 - Cyber city and Over Heat

"I can't believe I'm saying this but I'll do anything to get all those emeralds," Flame said. "I can't believe I'm saying this but I'll do anything to get all those emeralds," Flame said. 6 - 1 more

"Flame, I've got something to tell you!" Flame, "I've got something to tell you. Seth has the last Chaos emerald, Winda gave me her's, we have a uncle named Over Heat who lives in Cyber city." Flare said. "Kool. I'm going to Aqua's house right now to get her emerald." Flame said. "Remember to meet at X-Gear at 1:00." AddFlare. Flame was dodging air cars as well as getting to Aqua's house.

errrrrrrrrrrrrrrrrrrrrrrrrrrrrrrrrrrrr.Flame had finally got to Aqua's house. gulp "Please nothing romantic," Flame said to himself. Flame slowly walk to Aqua's door. knock, knock.Aqua opened up the door. gasp "Flame! What are you doing here? Are wegoing out?" Aqua asked. "O-On o-one -c-con-condition: you give me your Chaosemerald." Flame said. "You mean that pink gem I love second most? O.K. but onlyif you promise not to run away after you get it" Aqua replied. "All right.H-How about 7:00?" Flame asked. "As long as you'll show up at your house," Aquasaid. Flame then started towards X-Gear. Finally, we'll have 6 emeralds. Allwe'll have to do is steal Seth's and then we can kill him and his brotherFlame thought.

At X-Gear

“All right. As we said. Here’s our Chaosemeralds.” Ex said. *ring* “Hello.” Flame answered. “Hello. To let you know I have stolen your little friends Winda, Crystal, Storma and Aqua. If you want them back you’ll have to give me your Chaos emeralds. Bye now.” “Who was that?” Asked Flare. “...Seth. He has the girls.” Flame replied. “We have to save Storma!” Yelled Ex. “We have to save Crystal!” Yelled Earthquake. “Me and Flare will go.” Flame said.

7 - all of them, but a bigger problem

At Seth's base

At Seth's base

"So... how does it feel to be slaves?" Seth asked. "Horrible. Because you're an idiot which makes it worse. Besides, Flame will come and save us." Aqua replied. "I have no time for your answers. I have to find out where Flame and Flare are." Seth said as he left. *clang, clang* Suddenly Flame and Flare dropped from the roof. "Flame! Flare!" The girls said. "We'll explain later." Flare said. *boom* "Come on. We need to go." Flame said as he freed the girls. As they ran down the corridor they met up with Seth. "I don't have time to kill you. Aron!" Seth shouted. Suddenly a person a bit bigger than Seth appeared. "Get rid of these pests!" Seth said as he walked away. "Heh. Too easy." Flame laughed as he launched a ball of fire at him. *boom!* Suddenly a giant ship appeared in the sky. "Seth. He will die!" Ordered Flame. "Look, Seth dropped the Chaos emerald! We have all of them!" Flare said.

8 - Super Flame&Hyper Flare

“CHAOS CONTROL!” “CHAOS CONTROL!” Flame and Flare shouted. *BOOM* Every thing was destroyed because of the transformation. “It’s time!” Flame said. Flame and Flare darted to ward Seth’s ship. “You really think you stand a chance? Activate chaos shield.” Seth said. “Ha! Do you think we’re that stupid? Chaos fire!” Flame said. Flame then launched a giant blast of nova energy towards Seth. *boom* Flame and Flare flew back a bit to dodge the blast. As the smoke cleared Everyone was amazed. Seth’s ship survived and the city looked exactly like it was 15 years ago (even the giant invading robots). “Activate Seth mode.” Seth said. Suddenly Seth’s ship started to transform into a flying robot replica of him. “I will avenge my creator!” Seth said. *eeeeewwwwwwwwwzzzzzzzzzzzzuuuuuuuuuuuuuuuuuu* Seth had just launched a giant laser cannon at Flame and Flare. “Ahhhhhhhhhhhhhhhhhh!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!” Flame and Flare screamed. Flame and Flare then started hurdling towards the ground. *boom* Everyone crowded around the impact crater that Flame and Flare were in. “Flame!!!” Cried Aqua. “Flare!!!” Cried Winda. “W-W-We w-won’t l-lose,” Flare said. Then for a strange reason both Flame and Flare had a sudden burst of energy. “With the scar of the Sonic, Chaos Control!” Flame and Flare said.
