1 - Untitled

When the wind blows I love you,
When the sun shines I love you,
When the rain falls I love you,
Since the start of time, I've loved you.
Yet no matter what happens to me,
I will always love you but I wish,
You would just understand,
How I really do feel about you.
But you will never understand,
Why I say what I say and do what I do.
So I think as I watch you silently,
When will she be mine but I doubt,
You ever will be mine, no matter how hard I try.
It makes me feel inside that I am fighting,
I war I know I will lose and only bring suffering with it.
Yet I will fight forever if that's what it takes,
Just to win your heart because you have already won mine.
But I might as well give up because,
I'm fighting a war and losing but if you will won day be mine,
I will not give up hope because I love you.
