## Chapter 1: A New Day, A New Friend

It was a day like any other in my life, new, exciting. It was a normal day& until I moved to Tomoeda& Of course, I knew my destiny lay in that small-ish town. I was no ordinary school girl, I was the unknown help that Lady Sakura Kinomoto needed, but didn't know existed. I had been living in a small, secluded town near Tomoeda waiting for my call. Waiting, until the time was right to go and introduce myself& I was to introduce myself in my temporary form, Satsuki Mono (my real name is Nanako), the smart, active, high schooler. I was to be in the same grade as and stay with Yukito Tsukishiro who was Yue's temporary form and one of her other guardians, so that I could talk to him, so that I could learn as much about her as I could, and so that I could help her as much as possible.

When I arrived, I rang the doorbell. I heard a few voices talking, so I knew that obviously someone was there. When no one answered the door, I took a closer listen to what they were saying. I became flushed with excitement when I heard who was talking. It was Master Yue (Yue) and Master Cerberus (Cerberus)! Without thinking, I returned to my real form, and burst in the door.

MASTER YUE! MASTER CERBERUS! I am back! Do you remember me?!? I screamed in delight. When I looked around at them, Yue was in his fighting stance, and I saw why. He was protecting Lady Sakura (Sakura).

Who are you? Yue asked firmly. I could tell by the look on his face that Master Clow had erased all of his memory of me, I will ask you again. *Who are you?*

Y-you don't remember me& do you& I stammered, That's okay I suppose& I could feel a tear escape from my eye, but I quickly brushed it away before they saw. I took a deep breath and introduced myself, My name is Nanako. I was Clow's most recent creation. You two were my teachers, and every day, was& was so exciting and I learned something new. I hoped that you'd remember me, but I guess I was wrong& I'd better be going. I bowed, not to be polite, just so that they wouldn't see how ashamed I was, assuming that he would remember me. I hope you will forgive me for intruding I said as I began to walk out the door.

WAIT! I turned in shock to see...

Lady Sakura! The last person I would expect to be calling me back. I was eternally grateful for this opportunity to be able to talk to them.

Hm? I answered, curious to see what she wanted, I walked back and kneeled in front of her, I will do anything you wish. I took her hands in mine, and smiled at her, Do not be afraid, I am& only here for& for three reasons. To fulfill my purpose, to complete my training, and to protect you, Sakura-san.

W-well, I just want to know& What are you doing here? she said nervously.

I am the one Guardian you *didn't* know about. I smiled sweetly down at her (she is shorter than me), when I noticed that Yue was still glaring at me. I walked over to Yue, only meaning to glare back at him,

when warm feelings overwhelmed me and I gave him a great big hug instead!  
In shock, he looked at me and tried to say something, W-wha& W-who& I-I-I&  
Wow, mumbled Cerberus, Clow really did do a good job erasing his memory&  
When Yue heard this, his head whipped around, his eyes wide with shock, *What!* Why didn t you tell me earlier!?!

Er& I& M-mean& Er& Clow-um-sure& did a good job at- Master Cerberus stammered.  
Yue was enraged, YOU KNEW WHO SHE WAS AND YOU WOULDN T TELL ME! he screamed,  
hmph& well, I suppose since you are already here, I could re-get to know you&  
I giggled, Well, you will be getting to know me *very well*, because I am Yukito s cousin, Yukito-san s  
age, and I will be living with him also.

Oh& Yue said quietly.

END CHAPTER ONE

I hope you like it! Please comment if you can, so that I can make changes and revisions on it!

K-chan: Really good! I couldn t find much to correct.

gR: Chapter 2 is told by me, not by Nanako. ENJOY!

## Chapter 2: Cousins

Mmm& What is this heavenly scent coming from my kitchen? Mumbled Yukito Tsukishiro, awoken by the smell of breakfast. He got out of bed, and almost floated down into his kitchen, only to find a girl, about his age, with large azure colored eyes glinting mysteriously, as though she had a plan, long, thick, silver hair, in one long braid, reaching down to her knees, and large glasses, much like his. Who are you? he said, with a curious look on his face.

She had such a warm smile that made him blush slightly, I am your cousin, Satsuki Mono. I came last night while you were asleep. Oh! And um, breakfast is ready Tsukishiro-san. I hope you re hungry cause I made bacon, egg, and rice today! And here s your lunch. Um& how would you like your eggs?  
She said handing him a large lunchbox.

Yukito blinked confusedly, Cousin? I didn t know I had a cousin, he mumbled, then said, Scrambled please&

Please sit down. Satsuki said with a sweet smile, Breakfast is almost ready. When she brought his breakfast she found that Yukito was no longer sitting there. Instead, she found her mentor, Yue, Yukito s true form sitting where Satsuki told Yukito to sit, glaring at her.

Hmph& Satsuki pouted as she set down breakfast, sat next to him, and changed back to her true form, Nanako. What are you here for? she mumbled groggily, I hoped that I wouldn t have to change back today; I m just getting used to it. Unlike *you*, I am *both* of my forms, not just this one,  
Yue gazed at her, his eyes slowly falling on her gold and silver eyes& She was wearing long robes like his, only hers were different colors. Hers were the color of her eyes, with patterns of golden suns and silver moons, with a contrasting black background. Her long hair was an elegant white and shimmered in the sunlight coming in from the doorway, and her skin, pale, much like his. He thought she was beautiful.  
Shouldn t we be getting to school? He sighed. Looks like we ll have to wrap up breakfast.

I guess so, Nanako answered quietly, I ll transform first. She said, and did just that.

END CHAPTER 2

gR: O\_O it was really hard not telling it from Nanako s point of view&

gR: Quaaarr! (That is my new geek cry) I have done it! The next chapter! I really should be focusing on

my new story, but I can t! I have so much fun writing this one >\_

### CHAPTER 3: Friendship Blossoming

I sighed at the bright sunlight shining through the window. As I waited for Yukito to finish getting ready, I heard him yell down to me, GO ON WITHOUT ME!

I smiled, I'll go tell Touya that you'll be late- oops! I forgot, I wasn't supposed to know about him!

With that, Yukito rushed down the stairs and said, How do you know about Touya?

I went to see Lady Sa-er& Sakura before I came here and she told me all about her brother. I had just missed him. Right after I left, he came home. Weeell& Let's go!

Yukito looked at me strangely as I nervously giggled and opened the door. Then he smiled, Okay! Let's go!

As we walked down the path, talking about nothing in particular, Touya stopped on his bike, his sister, catching her breath, smiling at his side, he looked at me and said, Who's your friend?

When he said that, Sakura noticed me and tackled me happily and giggled, How are you today, Satsuki-sempai!

I laughed, Fine. How are you today?

She paused, thinking about my question, and answered, I dunno! I guess it is still too early to tell.

As we were talking, Touya was questioning Yukito about me, Seriously, Yuki, who is she?

She is my cousin, who came to live with me, as I learned this morning&

Nnn& Sakura told me about her, but I still don't trust her- I cut him off, because now Sakura and I were listening.

It's understandable that you don't trust me, but I will give you proof. I ran behind Yukito and told him to head to school. I told him that I wouldn't be long, and that Touya would follow him soon after. Yukito asked what I was going to do, and I repeated not to worry, and that we wouldn't be long, and that Sakura would watch and make sure that we weren't.

With that he said to Sakura, I trust you. Bye! and walked away.

Touya I said, whispering, do you know of Yukito's true form as Lady Sakura's Guardian?

Y-yes& but how did *you* know?

Because I am one of them, I said as I transformed. In my true form, I was as tall as Yue, with long robes of indigo and cerulean linings and patterns, much like the rising and falling tides of the ocean. My eyes were a shiny iridescent scarlet color. I had knee-length white hair tied up in a ponytail, with two loose braids, falling down to my ankles. My bangs were always in my face, and I had pale-colored skin. I watched as Touya's eyes grew wide& What?

END CHAPTER 3

gR: Haha! I will write more later! Queeeeeeee (this is my other new geek cry)& Erm anyway& Thanks for all of the nice comments on my stories, and on my profile! And most of all& Thanks to all of the people who read my story! THANK YOU SOOOOO MUCH!!!!

K-chan: Just saying& well& nothing.

## **Chapter 4: Explaining the Unexplainable**

What?

Told you! I said as I stood, still almost a head taller than him when he was standing, Of course you must know that Tsukishiro-san has no cousins!

T-that s why I wouldn t trust-hey! When did you see Sakura anyway!?! He said getting off the bike glaring at me.

That, my friend is a question for another day& We must get to school before we re late! My, my have you already forgotten our promise to Yukito-san? I smiled, said goodbye to Sakura, changed back to my temporary form and Touya and I headed to school.

On the way to school, I heard him say friend my butt and I still don t trust her . I smiled sadly. I was remembering my old school and all of the wonderful people there. Suddenly, It felt as if my heart stopped. I gasped for air breathlessly and I clutched my heart. Sakura screamed. Touya s head whipped around and gasped when he saw me on the ground. I heard Yukito coming because of all of the commotion. Suddenly, everything went black&

I woke in the health room of our school with Sakura, pale, standing over me. Wh-what s wrong Satsuki-sempai? She stammered nervously.

I sat up shakily, Must be happening again& I muttered under my breath.

What? What s happening again?

My powers are drained& I ll be fine, but I can t stay in this form much longer. At my old school, I was in a private class, and only used my transformation for when I went to school, and went home. I smiled wryly, It s a challenge to keep my powers up, but I will, no matter what it takes... Now go to school Sakura-chan

She nodded back slightly worried, but ran to her school. Yue, my master, what should I do? I looked up, and gasped in tears as I saw a green meadow, and Yue, smiling at me like before.

You ll be okay, just rest& I ll teach you more tomorrow.

When I blinked the tears out of her eyes nobody was there, and I was in the cold health room. I ended up crying myself to sleep&

gR:&

Nana-chan (Nanako, or N-chan): Wow& I have a scary past don t I& What happens to me? I have to know!

gR: Geeze calm down!! I will start writing soon enough!

## **Chapter 5: The Journey to be Traveled**

The teachers made me leave school early. I was miserable. I ran in the house, shaking, gasping for air. I closed the door, and transformed. Much to my dismay, tears began to flow uncontrollably. I jumped when I felt a hand, swirling around, in the stance, which Master Yue had taught me. It was Yue. He attacked me, but I blocked it. I foresaw all of his moves. High kick, then magic blast. I ducked, and created a shield. This went on for a few minutes until he began to tire and I began my assault. I used a combination of attacks, from all of my experiences, including street fighting, martial arts and ninjitsu, all learned from my teacher at the school that I used to go to. It seemed to have caught him by surprise. After a while, he fell over, and I began laughing.

My prentice as I assume you were; you have grown considerably& I hope. He said as he stood up. I knelt as he had taught me to, Master. I have to move. My temporary form is holding me back& I have to go somewhere that I can use it as little as possible. I formally apologize as to being so weak. I suppose that I have grown less than you believed. I said this, fighting back tears, not looking up, trying to avoid his disappointed gaze. I heard a sigh, and I felt him sit down next to me. He tried to look at my face, but my hair covered it like a blanket. Goodbye master. I said quietly as I poofed my stuff to me (I don t remember how I did that! Aw, man!). I began to walk away, slowly almost like it was a walk of shame.

## END CHAPTER 5

gR: If you are wondering, Nanako s garments and eyes are different colors from what Yue and Touya sees because they change according to whose looking at it. Although this is true, there are only five ways to see her. These are the five, and it is because being Clow s most recent (Not counting Eriol s guardians [REFER TO CARDCAPTOR SAKURA SERIES 2]) creation, she ended up being his most powerful. She has six powers, and she does not know about five of them.

Yue said that he saw, gold and silver eyes& She was wearing long robes like his, only hers were different colors. Hers were the color of her eyes, with patterns of golden suns and silver moons, with a contrasting black background. Her long hair was an elegant white and shimmered in the sunlight coming in from the doorway, and her skin, pale, much like his. He thought she was beautiful.

Nanako saw her self as, tall as Yue, with long robes of Indigo and cerulean linings with patterns, much like the rising and falling tides of the ocean. My eyes were a shiny iridescent scarlet color. I had knee length Silver hair tied up in a ponytail, with two loose braids, falling down to my ankles. My bangs were always in my face, and I had pale colored skin.

Even though I did not put it in the story, I will describe what Touya saw. He saw a girl MUCH taller than him, with blazing citron eyes and long hair that was a pewter color. He saw her robes as having a crimson lining and a silver background with scarlet patterns like fire. She was pale (which is the only thing they all seem to agree upon).

Sakura saw a girl with long ebony hair and robes of white and patterns of pearly colored clouds. She was very pale, and her eyes were a dull and cool pewter color.

Cerberus saw her with sepia hair that just barely reached her thighs, her eyes a soothing chartreuse color. Her robes were lined in a dark emerald, contrasted with a lighter version of the color, making patterns of leaves, with occasional Mahogany as well, making trees.

The fifth version is so scary that if you ever see her like that, RUN! She has mixed eyes, gold, silver, scarlet, citron, pewter, and chartreuse. Her robes had a white background, contrasting with Suns and Moons, hovering high above the ocean tides. There were also vines and fire, side by side. In this form, she has Pearly white hair that only goes to her shoulders, curving in slightly at the ends. In a way, it is like she is all of her forms combined. Only Eriol and Sakura can control her in this form.

I will draw these and try to take a good picture of them or something to get it on the site to show you (or

something anyway). Enjoy the next chapter, and I hope that clears this up. (If it was a problem at all.)
