Chapter 1

Um?

A lone silhouette stood upon a mountain top, long hair flowing in the deep gale. The person breathed in the soothing night air, causing the wind to slow to a soft, floating breeze. It was obvious to any onlookers that they were obviously a female. There were many things that gave her away, her curvaceous figure and her long, soft ebony hair& Whichever gave her away was not as important as what this girl obviously was. The way she lulled the winds in such the way that made it known that the onna was a wind whisperer.

If anyone were to go closer, they would see the marks of Youkai royalty, akin to the Lord of the Western Lands, as well as tattoos strewn upon her chest, signifying the mark of an elemental. They would also see the marks of holy power and Youkai darkness all along her bare midsection.

Her head turned sharply, murmuring a name, which floated upon the gentle breezes, carrying her voice to the bearer of the name, striking momentary fear deep within his soul. *Itachi*.

The figure slowly began to move, traveling in the direction of a village hidden within the trees.

In the Village

DAMMIT! DON T CALL ME THAT! A teenager, dressed in amber, yelled at another boy, dressed in all ebony.

Well& It is true Naruto-baka& the boy retorted calmly.

Naruto& A girl whined, Don t be mean to Sasuke-kun! You know that he s right!

Now, now children, please don t fight! A man said nonchalantly.

Yes& You wouldn t want to kill your teammates, now, would you? A new voice cut through the conversation causing every one of the other persons to freeze. What? She asked, annoyed, You re in my way! It was a straight shot to the village too! Sarcasm rolled off her person. Suddenly, she blinked at them as if it was her first time seeing them, Of *course!* You re Kakashi, Hatake! Hey, hey! I ve heard of you. She looked at him in disgust, Damn pervert. Typical Miroku, I m guessing. Crap. I don t want to have to deal with that right now&

Kakashi felt himself blush at the analysis, which was dead on. Hi?

The woman nodded in his general direction before moving her eyes toward the only female in the small group, Haruno, Sakura& Nee& That is you. Pretty, but weak in comparison to your group. The speaker raised a stiff hand, stopping the obvious angry comment that was bound to come out of the subject if her little rant, *BUT*, you *are* an exceptionally fast learner and where you are lacking in strength you make up for in balance& Kind of boy crazy though!

Sakura gaped at this young woman s speech, clearly taken back that she had called her *balanced* of all things!

She flashed the girl a grin. But, c mon! Do you really think that he s cute?

The girl nodded bashfully at the woman who only laughed gaily, knowing that she d been *there* before. She frowned, almost seeming puzzled, as she sensed the next aura.

Piercing cerulean seemed to burn a connecting path as they traveled on to the next group member.

Ah& Uzumaki, Naruto! You were always my favorite! Then again, I have always been partial to kitsune, my son being one& So much power, and yet, you continue to borrow, nee? You don t need it! I could train you if you wanted& I hope that I haven t gotten rusty& I m part Kitsune myself& Hm& Nice aura, very bright! Very pretty, almost like a light show& I could probably stare at you for hours& Aw& C mon! I m not *that* weird! Be happy again! Grey is such a dull color& I liked the fireworks better! Ah! There you go! Nice to meet ya!

Naruto blushed and grinned. She was strange, but he liked this lady& A *lot*, YO!! I m& Err& well you know that already, but I m gonna be the next Hokage of our village, and I love ramen!

As ebony came into view, she knew who this was, Uchiha, Sasuke. I hate your brother. You do too I take it; your aura turned a nasty pukish color when I mentioned him& Revenge I think.

Sasuke was almost *disappointed* that she d read him so quickly. Moreover, what was the nonsense about her *liking* NARUTO of all people! Damn onna, she was supposed to faun over *him!* Not that he was jealous or liked that kind of attention or anything&

And you are all wondering who I am! Cept& You. She pointed at Sasuke, who immediately growled defensively. She only shrugged, Anyway, I m known as Akurei-hime& By my& *Underlings* anyway. You can call me what my& Old& traveling *group* used to call me& They all looked at her expectantly, as it seemed that she was lost in dreams and foggy memories, Ah, yes sorry! You can call me Higurashi, Kagome.

E-excuse me, Kakashi finally cut in, Higurashi-san. How is it that you can read auras as you called them as well as minds? Is it not impossible? In addition, how is it that you knew our names? Was it the mind reading, or&

His students all turned to him questioningly when he began to ramble, never seeing their teacher so& Talkative&

Kagome Higurashi, as she was now known, walked over to the man and put her hand on his shoulder. Honestly? I& I ve known you *all* since you joined the academy. Even *you* Kakashi! She pinched his clothed cheek, causing Sakura to giggle, I m an immortal, and anyway. By your brother, actually. She cocked her head toward the Uchiha before quickly turning back, answering the rest of the questions that Kakashi had asked. As for my& *Heightened senses*, it comes with being a walking contradiction of sorts. She winced slightly before elaborating, I am a demon& A Kitsune/Inu in fact, with purifying powers. It s annoying. I am always battling with myself, you see, until I give into one side, although in this form, I can use both powers& Obviously, though, they aren t as strong as if I were using one of my& Complete forms, I suppose you could call them& But, if you don t believe me, I have proof. She pointed at her stomach and chest area, asking, Would you like to see?

The team looked at her warily before one responded, Why should we trust you, and why do you trust us? The one who spoke was the ever-quiet one, Sasuke& The one that Kagome wasn t so sure that she liked& Or trusted&

And, She responded, annoyed with him, Why shouldn t you? I m heading to your village to ask the Hokage if I can be apart of the village after so long& Heck! I m gonna be your neighbor! Kagome pointed at Naruto, who pumped his fist in the air in victory.

HA! Beat that Sasuke-baka!

Sasuke only snorted in response, Why the hell would I want to live next to *that* woman?

Kagome laughed as Naruto stuck out at the other boy. Anyway, she smiled, Here s my proof. She unbuttoned the top robe she was wearing down to her belly button. What the group saw confused them.

Tattoos? How the freaking hell does that prove *anything!*?! It was, once again, Uchiha, Sasuke whom had spoken.

Kagome rolled her eyes. These are symbols of power! Don t you know *anything*? All of them shook their heads and she looked at the team, amused. Well then, why don t I *educate* you on this. She buttoned her top so to stop Kakashi from staring.

She then drew a swirly symbol in the air adding some Kitsune magic to make it show. *That* is the mark

of my brother, the Western Lord of Makai, the de mon world. Actually, Naru-kun, Kyuu-chan should have been put into Makai& Must have slipped past some how! She made a second, sharper symbol in the air, ignoring their shocked faces. *This* is the symbol of an elemental& As& Weird as that sounds& It s true. There *are* weirdoes that walk around who can control elements! She made two figures in the air, This one is the mark of a miko, or holy priestess, and that one, She made a strange v looking character, is the mark of demon powers.

They all gaped at her before Naruto broke the silence with laughter, *Kyuu-chan!?! You called him Kyuu-chan!?*

END

MB: SOO TIRED!! A little random humor at the end& I don t know if I will ever be able to get through these bazillion fan-fics I foolishly decided to write, but oh well& I will attempt to enjoy it& By the way, I'm gonna try to write a book! (*inner thoughts**Aren t I too young?**inner thoughts*) YAY!! I am a lame writer, so, I ask you to try to talk me out of it&

Chapter 2

Village

Sooo& What mission did I take you away from anyway? After a long, awkward silence, the woman asked the question that plagued her thoughts.

Uh, well, actually, we were supposed to find these bandits from another village whom had been preying on women&

Oh! You mean those pervs a few miles back. Funny story& But, uh, I don t think that you have to worry about them anymore& I kinda& tricked them into falling into a trap, which sent them to the nearest village confinements. I guess your job is finished then. She shrugged and the team all sighed.

HEY!! HEY!! The boy clothed in bright orange jumped up and down in excitement.

Yeesh. Baka.

The four figures walked into the building in front of them, slowly making their way to the Hokage s office. Kagome felt tears come to her eyes at the sight of the woman in the chair.

Dear Tsunade& She heard her voice waiver, How long it has been! I rejoice for finding my long lost-

Oh shove it! The woman known as Tsunade growled, I m not your freaking daughter already! I m as much your daughter as Uchiha over there. Besides, I was over twenty when you found me! She sounded angry, but soon enough, a smile surfaced on her face, I may not be your daughter, but you were one *hell* of a mother!

Yes, Kagome grinned, Those drinking parties *were* fun, I admit. And, I usually *find* people when they

are most in need of a parent or guardian.

Team 7 was stunned. What was all this talk of mother and drinking parties? They watched as Tsunade embraced Kagome, who was at least a foot taller than her.

I believe, Kagome whispered to her, that Team Seven needs some motherly guidance. Tsunade nodded, The Uchiha, she continued, is rather rude. Can be rather chatty& The other woman began to laugh before Kagome pulled away, whacking her on the head.

Oof!

I ll schedule something later& Kagome pinched the bridge of her nose. I just wanted to tell you that I would be a resident here for a while& From what I have& *Seen*.

Tsunade nodded seriously, having regained her composure once more, Welcome to Konohagakure Village& Kagome-sama, please enjoy your stay!

Kagome smiled, bowing low to her former daughter.

She clapped her hands together suddenly, and turned to wink at team seven, vanishing in a burst of silver.

Tsunade sighed nostalgically, signaling for Kakashi to come over, Meet me here after you have escorted your team to Kagome-sama s house for the rest of their training. I need to speak to you privately on some *important matters*.

Kakashi bowed, Yes Hokage-sama he turned to his team, We re gonna go pay Kagome a visit!

She just left though. Sasuke grumbled, Why do we have to see her again?

Just come with me& Kakashi groaned, But if you must know, it s for training.

YEAH! Kago-chan s gonna train us!?! AWESOME! I m gonna ask her if she would like to get ramen after! Everyone stopped, staring at the blonde boy who blushed, rubbing his neck, *What?* I just figure she might be hungry after& It s a possibility! And it s not like I like her like *that!* She s more my *okaa-san* than anything&

Sasuke let out a breath that he didn t know he was holding. He inwardly cursed. What the hell was wrong with him!?! It wasn t like he *liked* the woman! The otoko figured that it was probably his raging teenage hormones that were finally acting up. He wondered why they were affecting him *now*, though& He *was* seventeen& Just passing the *peak* of his teen years.

Damn hormones& Leave me alone&

Right, well, off to training then! Kakashi gave Sakura the map and dismissed them with a wave of her hand.

Tsunade sighed, I told you to *escort* them.

Kakashi shrugged, They can handle it.

The Hokage nodded, Now& Down to business&

What did you wish to tell me, milady?

Only that my adoptive mother, the one we know as Kagome, has a much darker past than you think.

Kakashi grinned, Like I couldn't have guessed *that*.

Well, it's much worse than you could have imagined.

How so?

She was in a hunting group much like your team, and I mean no offence when I say this: there was a perverted monk, worse than you from what I hear, a hotheaded Demon-slayer, a short-tempered half demon, a Kitsune child, and Kagome.

Tsunade paused, taking in a long breath before continuing, They were looking for a jewel that contained immense power. My mother had broken it and ironically, she was the only one who could really control it. They had to battle another half-demon named Naraku. She was known as Kagome then, as we know her as Kagome NOW. When she had completed the jewel, from what I understand, she was transported *here*, which is a completely different dimension from her original home. She won't tell me the origins of her strange tattoos, but from what I gather, it symbolizes her power.

Kakashi raised his eyebrows in wonder. *How could all this be true?*

Tsunade saw the look in his eyes and nodded, confirming that she had heard this all directly from Kagome, and not from another.

The ninja nodded appreciatively, knowing that she probably wasn't supposed to have told him that information.

END

MB: Okie& Somewhat short, but it's late, and I'm tired. I still have to write something for *While my Guitar Gently Weeps* before I can sleep though& My dad will probably yell at me for staying up this late, so off go the lights!
