This would be Post-Dawn of the Dragon, at least 15 Years Later.

It is Christmas in Avarar, and we see gifts exchanged between Family and Friends.

Chapter 1 - Midnight	2
Chapter 2 - Artemis and Tamale	3

1 - Midnight

It was Christmas, perhaps the best time of any year.

The air is cold, snow is falling, and today you could see people exchanging gifts.

--

For this first scene, we find Avalor's beloved Medic: Midnight, having just come back from retrieving some new supplies that may be handy with what she's doing.

*She went to put her bags down when she discovered a box that was wrapped in red wrapping paper. It had a little white bow on top with a label that said **'To: Midnight, From: Ghost'**.*

The little surprise enticed a sweet smile from the lovely Black Dragoness.

"Aw, well how nice of him to think of me." She then started to tear off the wrapping and opened the box beneath it.

The first thing she found was a layer of Tissue paper.

Upon removing the first layer, the next thing she found was a note.

"Oh?" She wondered.

The note read:

-

'Dearest Midnight, Merry Christmas.

I'm sorry i couldn't be there to give you this personally, as you must be aware i'm on the opposite side of the world with Mom and Dad, trying to help the Moles with a little, ahem.. Issue..

Anyways, i got you a little something that simply fits you to the letter.

I Hope you like it.

Lots of Love, Ghost. :)'

-

"Aw, I don't think he really knows how much i love him." She said with a sweet smile and blush.

Setting it aside, she removed another layer of tissue paper.. then gasped at what she saw.

It was a Gold Necklace with a Heart of Gold, the heart bore a lovely blue heart shaped gem stone in the center.

*On the back, it read **'Midnight: A Wonderful lady with a Heart of Gold'**.*

The Smile on Midnight's face was all you would need to see to tell that she loved it.

"Thank You, Merry Christmas, Ghost." She sighed happily.

2 - Artemis and Tamale

The Next Targets in this nice little Christmas Scene are a Couple, Artemis and Tamale.

The Two lovers happened to be snuggling up with each other in bed.. luckily, nothing too dramatic here. Tamale was wearing a gorgeous black turtle neck sweater which Artemis really loved.

Plus, Tamale also happened to be Pregnant with Her and Artie's First child, and wasn't too far off from seeing it either.

They Figured Christmas would be a nice time to spend together no matter what happened.

-

"Merry Christmas, Baby." Artemis whispered to her.

"Merry Christmas, Artie." Yup, that was his nickname for you.

"I've got something for ya, hot stuff." Artemis pulled out a gold necklace from under his pillow.

"Ohh.." It was a gold necklace with a heart of gold and a Red Heart Shaped Gemstone in the Center.

This read out.

'Tamale: A Feisty Lady, Warm Hearted, Loving with an Angelic Voice and a Body that could melt more than Snow.'

"Oh, heheh, you certainly tried to accommodate for the fact that im a Dragoness of Fire." Artemis blushed and Nodded.

"Well, knowing your Family's Heritage and Mine.. even as it isn't quite that strong on my side.. how could i not?" That's when Tamale smiled and pulled out a surprise of her own from under her pillow.

"Oh you." Artemis chuckled.

It was a white Platinum necklace with a Black and White Yin and Yang Pendant.

On the back there was the inscription:

'Artemis: The Earth Dragon that could rock anyone's world (in more ways than one)'

"My my.. trying to be a little extra romantic, are we?" He asked her with a Flirtatious chuckle.

"Well, 'Tis the season you know." Artemis chuckled before they shared a nice little make out session.
