1 - Intro

For some, the first thought in the morning is '*Yeah! Another day of school!*' But for Sakura Haruno, the first thought in the morning is, '*Damn, school is gonna suck today.*'

Yep, Sakura Haruno is usually the more cheerful type, but not on the first day at her new school. She truly had NOTHING to look forward to, since her best friends Ino, Hinata, and Tenten were going to a different school. So, she would be going to Akuna High, while her best friends were going to South High. (I really can't think of good high school names... oh well)

'Better just try to enjoy the school, and if it sucks, I can always try begging my parents again. Of course, or money won't get me anywhere nicer than Akuna.' Sakura knew that their family was slightly poor, but not desperately. Except Hinata and Tenten both had limos, and Ino had a REALLY nice car. (sorry if that idea sounds like Konoha High) Sakura was always the one who would have to walk to school if she couldn't get a ride, and she couldn't ever drive her friends to school since she was carless. (that sounds weird) But now, she would HAVE to walk to school.

'Come on, CHEER UP EMO KID! screamed inner Sakura, which made Sakura want to punch herself in the face. ^^

'Shut the hell up, you never help with anything' Sakura thought in response.

'Hey, there's a first time for everything. Anyway, get your @\$ off that bed of yours and get ready for school... Don't you want to look great on the first day?'

Sakura thought about fighting back but knew that getting ready now would be a good idea. So she slowly forced herself off of the comfy piece of heaven (it sounds like a very nice bed) and made her way to her wardrobe. She picked out a pink tanktop and a white short sleeve shirt to go underneath, along with a light pink skirt with white lace designs. It went very well with her shoulder-length pink hair. When she was finished putting on these clothes and fixing her hair to make it the best she could, she headed downstairs to breakfast. Also greeting her mom and brother, Landon, when she came down there. Landon was in 5th grade and Sakura made fun of him for still being in elementary school. Most people called him L, but she preferred Loser.

After going through their usual routine of yelling at each other and their mom ending the fight, Sakura quickly scarfed (sp?) down her breakfast and headed out the door. While beginning her at least 10 minute long walk to school, thoughts began in her head. These thoughts included if Ino, Tenten, and Hinata were having a good day or not, and if they would still be able to talk with each other often since they probably wouldn't see each other daily. While caught up in her thoughts, she didn't happen to notice a limo passing around the corner. But one of the guys inside the limo noticed her.

"Hey guys!" the boy yelled to his other friends, grabbing their attention. "It looks like that girl out there needs a ride."

A/N; Ok so u probably noticed the guy yelling in the limo is Naruto,and this chapter is not very descriptive in half of it,but i think it will be getting better^^.Anyway,reviews are much appreciated,and thanks for reading this chappie!

"Hey guys!" the boy yelled to his other friends, grabbing their attention. "It looks like that girl out there needs a ride."

The other guys tried to ignore him, but looked out the window to see the girl anyway. So the boy looked to whom the limo belonged to; one of his other good friends. "Come on, Sasuke. She has a book bag so she must be going to school, and I'm sure she would appreciate it if we could give her a ride." The other boy, Sasuke, looked to his friend, then the girl out the window. *'Hm... (sarcasm) Well it would be great to have another fangirl in my limo.'* Sasuke looked up. "Whatever Naruto." Naruto gave a large smile as Sasuke told the driver to slow down.

Sakura was slightly still in her own thoughts and hadn't realized the limo next to her. At that moment, Naruto decided to pop out his head. "Hi there!" he said, which really shocked Sakura and surprised her. She looked at the boy and shyly smiled. "Hello." Then Naruto unexpectedly asked, "Hey, if you're going to school, we could give you a ride." Sakura stared at him for a moment. This guy was a stranger, and he was asking if she wanted a ride?! Except he did look like he was around her age, and very nice. "Well, I'm going to Akuna High School, so it's probably out of your way." But Naruto surprised her again. "Really?! We're going there, too. And you know, it's probably about a 20 minute walk from here. Are you sure you don't want a ride?" *'20 minutes?! I thought it was 10! Well, I guess it would be okay if I got a ride, even if they are strangers.'* "Actually, a ride to school would be great."

She climbed into the limo and took a seat next to Naruto as he introduced everyone. "Anyway, my name's Naruto. Those guys are Sasuke, Shikamaru, and Neji." He pointed to each guy as he spoke, as Sakura nodded to each. "So, what's your name?" Sakura took this chance to make 4 new friends and said, "My name's Sakura, and it's nice to meet all of you." Sakura took a glance at each guy for the first time, noticing how blue Naruto's eyes were, compared to Sasuke's deep, onyx eyes. Then she recognized Sasuke's shirt as one she had seen at a music concert. "So Sasuke," she began, a little frightened at the look on his face, "y-you're a fan of Papa Roach?"

A/N: this chapter was destroyed and rewritten, so sorry if it sucks. And yeah, Sasuke does like Papa Roach (Cause PR is awesome)

3 - Limo conversation part 2

i don't own Naruto

"So Sasuke," she began, a little frightened at the look on his face, "y-you're a fan of Papa Roach?"

Sasuke then realised she had noticed his shirt. The thing is, he really didn't want to answer her, but Naruto might yell at him for that. Well, she didn't go crazy like a regular fangirl might, and she was pretty polite to them, but he wasn't sure about her. *'I'll just see her reaction to a rude reply.'*

Sasuke finally spoke up. "Yeah, I'm a fan. Who wants to know? Or are you trying to be a stalker?" he had probably gone to far. Sakura's cheerful eyes now seemed a bit shocked. She immediately turned her head to the floor of the limo, but she actually answered his rude question. "S-sorry," she began, "I didn't mean to...say anything, I guess. I'm not a stalker, and I don't want to be one, so I won't bother you." Sasuke was now a little shocked that she was apologizing to his rude remark. There was no chance she was a fangirl, because the usual fangirl might yell and cry to him, or something like that.

Surprisingly, Sakura actually looked at him again, her eyes slightly sad. The reason she was so sad was because if Sasuke started acting mean to her, Naruto might do the same, and she could lose these new friends of hers. She just didn't want to be lonely, and she thought that meeting these guys might make her happy again. For some reason, she just felt like there could be a great friendship between her and these boys. Naruto seemed great, but were the rest of them very nice? Did they even talk much? She had to at least be nice to them, to at least try and keep a friendship with Naruto. Maybe these other guys weren't interested in friends, but she had to try to be their friend.

"So...can you forgive me for asking a...stupid question, Sasuke?" She looked like she was begging, which maybe she was. *'Why the hell did I have to say that anyway?'* Sasuke asked himself. *'Whatever, I'll just forgive her anyway...even though I should be the one apologizing!'*

But when he tried making eye contact, it felt awkward, (sp?) so he turned his eyes to Naruto, who was almost glaring back at him. He really DID mess up. "I forgive you Sakura, it's okay..." He then turned his head to look out the window, praying she would smile, because he didn't want this non-fangirl to be mad at him for any other reason, since he should have apologized too, but didn't.

A/N:OMG!! I feel like this chapter is totally off topic and it sucks big time. The reason Sakura acted sad about a "stupid question" was that when people are mean to ME, I apologize and try to make friends. So basically Sakura's just trying to keep her new friends, and that's why she acts Out-Of-Control sad (Isn't this a totally pointless chapter?) Well, tell me what you think please.^^

4 - Limo conversation part 3

i do not own Naruto

He then turned his head to look out the window,praying she would smile, because he didn't want this non-fangirl to be mad at him for any other reason, since he should have apoligized too,but didn't.

Sakura's smile came back,and she sighed in relief. *'Yes,I can keep an almost-lost friend.'*she thought. Bot Naruto disapproved of all of this."NO WAY!" he shouted loudly,almost making everone go deaf. "That's completely insane! Sakura, Sasuke should be the one apoligizing to you."Sakura looked at him with a confused face,but then her smile came back. "Don't worry, Naruto.I'm completely fine with Sasuke.I'll be happy as long as you guys are my friends,okay?" But Naruto now turned his head to Sasuke,who was still looking out the window. "Okay,Sakura, but I still want Sasuke to apoligize." He continued glaring at Sasuke until Sasuke gave up. "Uh,Fine! I'm sorry,Sakura." This time,he looked into her eyes,realizing how soft her sea foam green eyes were.

Sakura realised how he stared at her,then looked away,a very light tinge of pink on her face. "I-it's okay, Sasuke." He changed the direction of his eyes as well,alittle embarresed. Since there was silence and it was annoying to Naruto,he spoke up again. "Anyway,Sakura,are you going into 9th grade?" This question surprised her a little but she responded. "Yeah."Naruto had a big grin on his face now."Awesome! Maybe we'll have classes together." Then he looked to his friends. "So,you guys are gonna be nice to Sakura,right?" For the first time Neji spoke up. "Sure." His voice was slightly cold. Shikamaru just nodded, but after a couple of seconds,he spoke up. "High School is so troublesome, especially the one we're going to."

Naruto nodded. "Yeah,last year there was a big fist fight between a couple of girls,and they were suspended. I think they still go to Akuna HS." This made Sakura cower(sp?) somewhat,but recover quickly. "That's too bad." Now she looked up and realised what these guys looked like.Naruto was a spikey-haired blonde, whereing tan baggy pants,and a black t-shirt. Sasuke had raven black spiky hair,whereing the black Papa Roach shirt,and gray jeans,also baggy.(they all where slightly baggy pants) Neji had long silky black hair,whereing a tan shirt with a black design on it,and black jeans.Then there was Shikamaru,haveing pulled back spiky hair, and a Guitar hero sweatshirt(^) with tan pants like Naruto's.

Sakura began to realize that each of these guys were fairly cute,but that had to mean they had fangirls or girlfriends. While in this thought,she was interupted by Naruto yelling, "Hey,there's Akuna High School!"

A/N: Okay,I feel like this isn't going to well,but PLEASE keep reading because it does get better!

5 - Da' Fangirls

i don't own Naruto

Sakura began to realize that each of these guys were fairly cute, but that had to mean they had fangirls or girlfriends. While in this thought, she was interrupted by Naruto yelling, "Hey, there's Akuna High School!"

Sakura released her mind from her thought and looked out the window at the school. *'Not exactly the prettiest place in the world, is it?'* she thought.

'Get used to it, you're gonna be here for a long time!' said inner Sakura. ***'Anyway, try to be happy! You met these guys, and they're all really cute; especially that Sasuke one^^'*** Sakura thought about this. *'I guess so, but I just wanna be friends.'*

"Hey Sakura?" Sakura suddenly realised that Naruto was talking to her. "U-um, sorry Naruto. What did you say?" But she didn't really like the face he gave her. "Are you okay? You seem a bit nervous?" Sakura must have really zoned out to look nervous. "Yeah, I'm fine."

Naruto gave her a sweet and stupid. "Okay, well since we're here, I wanted to tell you that you should be careful when you get out of limo. The thing is, we have a lot of fangirls from last year, so you might want to be careful of that." Sakura could easily understand this and knew they would want her staying away from them so their fangirls wouldn't get suspicious. "Okay then." Sakura said, smiling back.

So Sasuke got out of the limo first, since he always got the full blow of fangirls. Then the other three guys got out in any random order, while Sakura quickly got out last. She tried her best to look like she had just got here and it seemed no one had noticed she was in their limo. So since she seemed safe, she looked towards where the guys were. It seemed each of them were surrounded in a crowd of fangirls, and it looked like one girl was practically hanging on to Sasuke.

Sasuke realised that Sakura was looking over in his direction, but he turned his head, not wanting someone to notice him looking at her. Sasuke whispered something in the ear of the girl hanging on to him, and she let go. Sasuke then pushed his way out from the annoying fangirls and helped the other guys get away from their fangirls, then Naruto made a quick smile back to Sakura and made a movement with his hand for her to follow them. She knew it wouldn't be a good idea to hang out with them too often, or the fangirls might think she was the girlfriend of one of the boys, and she didn't want to be on anyone's death list because of that.

Suddenly, Sasuke gave Naruto a good knock on the head. This shocked Sakura at first, but at that point Sasuke had turned his head in her direction, and he shook his head. *'Oh... I get it. It's a bad idea to be hanging out with them too much on the first day, since they'll get the most fangirls today. So... I should keep a good distance from them for a while.'* she nodded a reply to Sasuke, a slight frown on her face. He was glad she could understand, so he gave a slight smile back and turned his head. Sasuke walked

off,the other guys following him,as a a few girls still whispered in crowds behind them.

A/N:I wrote this in the morning but i edited the second half at night,so you peoples that already read this might need to reread it.yea...i think that sounds right so please R&R!

6 - need to tell you...

OKAY!This chapter is to tell you that if u read the last chapter on the date of Nov. 15,please go back and reread,since i edited the ending.Thank you very much, And I'm SO GLAD that people like this story. btw,i promise it will get a lot better!also,u may want to keep in mind that this WILL include violence after the first day of school.anyway,thanks!

7 - To...The Office!

i don't own naruto

Sasuke walked off, the other guys following him, as a few girls still whispered in crowds behind them.

'Well, I guess it's just me again.' Sakura thought to herself. *'Anyway, I should get to the office to grab my schedule.'*

So Sakura walked inside the building, keeping a fair distance from the boys. She desperately wanted to be standing next to them and talking, but coming in any closer distance might get Sasuke mad again. Sure, he forgave her for earlier when she asked him a "stalker" question, but she didn't want to make another mistake. She didn't want to lose her new and only friends.

Sakura guessed that the guys already had their schedules, so she was kinda alone on going to the office...and she wasn't completely sure where it was. She thought about asking Naruto, but thought that there were still too many fangirls surrounding them. She was kinda popular at her old school, and she had a few fanboys that might follow her around today, but she didn't really want to look like some fangirl.

After a short few minutes of being confused, she noticed a boy with shiny, short hair and a green shirt. Although he looked a little odd, he seemed like a nice kind of guy. *'Well, seems like HE is the perfect guys to ask.'* Sakura finally walked over to him.

"Um...excuse me? My name is Sakura. What is your name?" that sounded like a good start to friendship. The strange looking guy turned to her, a bright smile on his face. "Good morning, Sakura! My name is Rock Lee, but you can call me Lee." Sakura thought the expression on his face was really creepy, but she had to ask him about the office. "Well, Lee, I was wondering if you could point out where the office is for me?" Sakura was glad that he didn't offer to show her where it was, but instead said, "Of course! Right down this hall, then turn to the left." Sakura nodded. "Thank you, Lee!"

She was incredibly happy to get away from the almost too cheerful Lee. It seemed like she already had another fanboy. Anyway, she didn't want to be too late to her first class on the first day. Once she finally made it to the office, she gave the lady at the desk her name. As she waited, a sudden surprise walked through the door.

"S-Sasuke?" she basically stuttered. "I thought you already had your schedule..."

Sasuke looked up at her, looking a bit surprised for some reason. "I do have my schedule... but Naruto was bugging me about how worried he was that he wasn't sure if you got to your first class." At this moment, the lady handed Sakura her schedule, which Sakura took and Sasuke looked over her shoulder. "And it looks like you're in our first class, looks like the five of us can sit together." Sakura smiled to him now, which kinda frightened him. "So, you came to the office to see if I might still be here? That was nice of you." Sasuke slightly turned his head. "I had to, or Naruto would be bugging me about if you made it to your first class or not...Anyway, let's go, since all the good seats will be taken even if we're on

time for class." Sakura nodded and they walked out the door together.

"Hey Sakura...?" Sasuke finally broke the silence as they walked to class (It was okay since very few kids were in the hallway.) "Yeah?" she replied sweetly, but just in a friend voice. He lifted his head just enough for her to see his eyes. "Just to let you know, I have a girlfriend."

A/N: OH!! I think it sounds exciting, just thinking Sasuke's got a GF! But don't worry, this has SasuSaku in it all the way!^^ I think this story will start including Sakura's friends soon, maybe in a few chapters or so. Anyway, PLEASE R&R! I <3 you guys so much for reading this! *gives a hug to you all*

8 - To...The Classroom!

"Hey Sakura...?" Sasuke finally broke the silence as they walked to class (It was okay since very few kids were in the hallway.) "Yeah?" she replied sweetly, but just in a friend voice. He lifted his head just enough for her to see his eyes. "Just to let you know, I have a girlfriend."

Sakura suddenly stopped completely, and it took her a moment to come back to Earth. "U-uh,oh...i, um-" Sasuke stared at her now, looking a bit confused. *'This is an odd reaction.'* he thought silently. *'At least she's not breaking into tears like some fangirl...good thing, since i thought she might...like me.'* Sasuke almost flinched at the thought that SAKURA(of all the other girls he had known for half an hour^^) would like him. It just didn't sound right for some reason.(EVEN THOUGH IT WAS NOTHING BUT RIGHT!!!)

Sakura finally gave an actual reply. "Um,Sasuke.I'm sorry if i led you to think I may like you...I just think your a great guy." Her smile came back now. But there was a short awkward silence. "Let's get to class, Sakura-chan." *'WTF?! I've never met ANYONE who called me Sakura-chan on the first day we met.'* Sakura gave him a surprised expression and he realised why. "I ment Sakura." He said boredly, Then quickly continued walking to class. sakura realised this and tried to catch up with him. "Sasuke,it's okay. You CAN call me that if you want to." Sakura tried to make him give her some type of expression, but he didn't reply to her. He just kept his head down till they got to the classroom.

Sasuke walked in quickly so know one could realise they walked in together. When Sakura entered the room right after him, she heard a loud booming voice in her ear. "YEAH! SAKURA'S IN THE SAME CLASS AS US!" Of coarse it was Naruto, whom everyone was now starring at. Sakura blushed in slight embaresment(sp?) as he ran up to her happily. "This is great! And luckily for you guys the teacher's not here yet!" At this time, Sasuke elbowed Naruto on the back of the head(because he said 'you guys',meaning Sakura and Sasuke), which made Sakura giggle softly. Then, as Sasuke was about to give Naruto a talk on why he should shut up about Sakura and himself, a girl whom looked slightly familiar grabed Sasuke around the arm. "Sasuke-kun! Why'd you take so long to get to class?"

Sakura immidiatly new this had to be his girlfriend. "Sorry, Nico-chan, I had to grab a book from my locker and there was hallway traffic." *'What a great lie.'* Sakura thought to herself. So,to avoid being anywhere near Sasuke, she went over to Neji and Shikamaru, who looked bored out of their minds. Luckily there were desks in rows that were 6x6 rows, so they all had a chance to sit near each other. Sakura just hung out around Naruto for the next few minutes(Sasuke was just being annoyed by fangirls), until the teacher walked(guess who that is^^)

"Good morning class, sorry I'm late-" As you would know, they go throught that little got-lost-on-the-path-of-life thing and all(sorry but i'm not to great at explaining that part). "Anyway, you may all just call me Kakashi-sensei. Now,before we do anything else, i would like to tell you that i have assigned seats for everyone."

A/N:YES!finished another chapter! i thought that was a good point to leave off at. if your wondering WHY

that's a good point to stop at, it's supposed to be if The guys and Sakura will be sitting together.btw, i hope u know the entire routine of when Kakashi is late and so on^^' PLEASE R&R! luv u guys

9 - First Period Class

i don't own Naruto (...that was odd)

"Good morning class, sorry I'm late-" As you would know, they go through that little got-lost-on-the-path-of-life thing and all (sorry but I'm not so great at explaining that part). "Anyway, you may all just call me Kakashi-sensei. Now, before we do anything else, I would like to tell you that I have assigned seats for everyone."

The groans could easily be heard around the classroom. Sakura didn't think too much of it since she had other chances to be in her friends' classes that day. But Naruto was definitely upset; you could tell by his loud complaining. "Okay, class, quiet down and I'll tell you where you sit." the class got quieter and Kakashi stood in front of one row. "Okay, from front to back, Kari Armen, Cassie Chrissman-" The random names continued for 3 more rows, leaving 2 empty seats in the back of each row.

"In row 4, Sakura Haruno, Sasuke Uchiha, Nicole Misa, Ryan Glen, 2 empty seats." he moved to the next row as the ones whose names were just called sat down. Sakura thought it might be kinda weird sitting by Sasuke, with his girlfriend sitting behind him. If she talked to him much, she had to be careful, cause his girlfriend could get suspicious and Sakura could be killed.^^ "In row 5, Naruto Uzumaki, Rock Lee, Sara Minel-" these random names continue until everyone has a seat and Neji and Shikamaru are in different rows, sitting in front of empty seats.

Naruto was, of course, super-happy to be sitting by Sakura, and Sasuke, although not showing it, thought this seat plan might go quite well. He actually went through his mind, working on a plan as to how he could maybe get Sakura and Nicole to be friends. That would make it easier for him to talk to Sakura without Nicole get p*ssed off.

Sasuke's thought was then distracted by Kakashi. "Okay, since it's the first day, we'll go down each row, say your name and something you like." So the class began by everybody saying stuff about themselves. It finally came to Sakura. "My name's Sakura-" she had been thinking hard about what she wanted to say, since she liked a lot of stuff usually. "My favorite color is pink and I like hugs!"(^"") that was totally random, but she said it anyway. Sasuke smirked and Naruto made a mental note of this. Now Sasuke had to speak. "My name's Sasuke, my favorite color is black but I hate just about everything else." Nicole knew very well that he didn't hate her, so she giggled lightly. The rest of the class said something about their self (Naruto likes ramen, Shikamaru likes sleeping, Neji likes basketball) until everyone was finished.

"Okay, we have some time left in class, so everyone may do whatever you please." Everyone immediately ran to their friends and started talking. But as soon as Sakura got up, something definitely surprised her. Naruto had just decided that embracing Sakura and giving her a hug was okay. To Sakura though, it felt strange, since the people she most often got hugs from were her friends, but Naruto was...a bit different. "You like hugs, right, Sakura?" Naruto asked cheerfully, loosening his arms around her. Sakura thought for a moment then nodded. "Yeah, I love hugs." Naruto laughed and tightened his grip again. Although it was kinda strange, it was just a friendly hug and it was nice.

A/N: Okay, Sakura's sitting in the front because i always sit in the front, i liked the idea of hugs so Sakura gets hugs from Naruto^, this IS HINAxNARU STILL(i wanna make that clear) Naruto probably sounds a bit odd in this chappie but oh well, I liked it. PLEASE R&R! Still luv u guys!

10 - Finishing the School Day

i dont own Naruto *yawn*

"You like hugs, right, Sakura?" Naruto asked cheerfully, loosening his arms around her. Sakura thought for a moment then nodded. "Yeah, I love hugs." Naruto laughed and tightened his grip again. Although it was kinda strange, it was just a friendly hug and it was nice.

While Nicole and Sasuke were talking, she noticed the two. "So, Naruto finally found a girlfriend?" Sasuke was confused at first, but looked in the direction she was looking towards. *'WTF!?!'* Was Sasuke immediate thought. But for some reason, he felt slightly ticked off. Just seeing Naruto and Sakura look like they were so close made him mad. "That's Sakura, and she's just a friend." he said, without even thinking. "Hm?" Nicole looked slightly displeased. "So, you know her enough to be friends. I'm the only girl you've ever been friends with, so is the same thing gonna happen with her." Sasuke could tell she ment the boyfriend-girlfriend thing. "No, we're just friends." Sasuke basically repeated.

Naruto finally let go. "Ha, I love hugs, but no one ever wants to give them." Sakura giggled again for some reason. Naruto was just such a great guy, it made her laugh.^^' At that moment, the bell rang and everyone grabed their stuff. "See you late, Nico-chan." Sasuke said to Nicole before walking to the others. Then something he just HAD to say came out of his mouth. "So, you guys aren't just friends anymore, huh?"

Sasuke didn't even know why he said this. Sakura looked at him, and you could tell her eyes were not as soft as they had been before. "What do you mean Sasuke?" Sakura asked, closely followed by Naruto, saying, "we're all just friends." But Naruto still wasn't to happy with the Uchiha's attitude today. "Why do you have to act like such a jerk Sasuke?" Naruto had had enough with Sasuke. He turned right around and walked out the door.

Sakura stared at him as he left. *'Why do these guys have to fight!? It makes me so unhappy.'* Sakura almost thought she felt a tear come to her eye, but she immediatly wiped it off her face. Too bad Sasuke had to nictice her upset look. "Sorry, Sakura. We just fight sometimes." Apparently, Shikamaru thought this was the perfect time to get in on the conversation. "They fight all the time, Sakura, so I'd suggest getting used to it." He walked right out of the room now, closely followed by Neji. Sasuke gave them death stares as they exited.

"Well, Nicole knows that we're friends, so it probably will be okay if we walk together now." He looked down into Sakura's *almost* soft eyes. "And Naruto will get over my attitude sooner or later.... Anyway, what's your next class?" Although Sakura wasn't too happy about their fighting, she didn't want to be mad at either of them. Once she took back out her schedule, Sasuke said, "We both have gym next." So they walked to gym together, getting a few glares and whispers from people as they passed, but Nicole always checked with Sasuke if she heard rumors about him dating other girls. They seemed perfect for each other actually.

I'll just try to make this simple by saying that's basically how the day continued. She had the guys in

most of her classes, Sasuke and Naruto not talking much in any of them. They didn't get any other assigned seats(luckily) and Sakura got to walk with Sasuke to every class they had together, sometimes accompanied(sp?) by Nicole. She seemed to try to make friends with Sakura, wich was kinda odd, cause they didn't have much in common. The school's lunch was okay(really not too good) and Sakura learned a bit more about each guy. They luckily got no homework so that was really nice, and this was turning out to be a fairly well day.

When the end of the day came, Sakura was invited to have a nice ride home in Sasuke's limo, and the entire way they discussed different topics, Naruto and Sasuke avoiding each other still. She found out that Neji really wanted to be on the school's basket ball team, and Shikamaru had gotten really good grades in his last school. But she also discover that Shikamaru, Neji, and Naruto were all without girlfriends, which she kept as a mental note for her friends.^^

A/N: this is the second chapter i wrote today(3rd or 4th for this weekend^^) and i think it turned out kinda nicely. even though Sasuke's got a girlfriend, he's super nice to Sakura, so that pretty cool...i know there was something else i wanted to say, but i cant think of it...OH YEAH! okay, if u guys know any good IM usernames for EVERYONE (this include hinata,ino, and tenten) please let me know your ideas. THANK U SO MUCH! please R&R and I love u all *hugs to everyone*

11 - Phone Conversation

-_i still don't own naruto

But she also discover that Shikamaru, Neji, and Naruto were all without girlfriends, which she kept as a mental note for her friends.^^

Once they were fairly close to her house(she gave them directions) she said, "I can walk the rest of the way. Thanks for driving me home." Sasuke just nodded to her, but didn't really say goodbye. As sakura was getting out, Naruto asked, "Hey Sakura, do you want us to pick you up here tomorrow morning?" Sakura looked at him for a moment. "Is it really okay with Sasuke?" Naruto returned a distressed look and turned to Sasuke. "Sure, see you tomorrow." Sasuke said boredly. Sakura nodded. "awesome! thanks, Sasuke." She got out completely and closed the door.

After a couple of minutes, Sasuke had also dropped off Neji and Shikamaru, and now it was just him and Naruto. They basically had a glaring contest, but Naruto finally gave up. "Uh, whatever." So he brought up a new topic. "You know, I think you and Sakura could be a really nice couple." Sasuke shot him a death glare. "I have a girlfriend, me and Sakura are just friends." They had finally made it to Naruto's house and he was getting out. "Okay, Uchiha. Whatever you say." he hopped out, Sasuke giving him a really mad glare as he left. *'Damn that guy.'*

Once Sakura had entered her house, she noticed a note on the counter. "Dear Sakura, I'm getting home late. Please make dinner for you and your brother. Thank you, Love mom." Sakura read the note aloud to herself, but ignored it for now. She wanted to see if any of her old friends could talk right now, so she ran up the stairs almost immediately.

Once in her room, she grabbed her cell phone and dialed Ino's number. There were 2 rings before she picked up the phone. "Hello?"

"Hi Ino! I missed you."

"Sakura!? Yeah! I missed you too." They continued a strange conversation of how much they missed each other. So Sakura changed the topic.

"So, how's school going?"

"What do you think? It stinks! For one thing, you're not there. And also, there are hardly any cute guys." Ino suddenly paused. "How many cute guys are there at your school?"

Sakura almost frightened herself when her first thought was...Sasuke. "Um..." Sakura was slightly unsure of what to say, but she wanted to tell Ino.

"Well, I met these four really nice guys, and I think if you could ever get the chance to know them, you'd

become good friends."

"You met FOUR cute guys?! You mean you even talked to them?"

'Yeah, i guess, but at the beginning of the day they seemed to totally hate me..." Sakura remembered the moment Sasuke remarked that she acted like a stalker.

"Well, if you met four guys, and they're all your friends, couldn't that mean each of us can have one?"

"What do you mean 'Have' one? If your talking about boyfriend and girlfriend then I should tell you they all have fangirls and one of them has a girlfriend." Sakura didn't really like this conversation too much.

"Aw. That would give us a smaller chance of getting together with them." Ino sighed over the phone.

"Well, since we haven't gotten to see each other in a while, why don't we meet up at the mall tomorrow?"

Sakura thought for a moment. "that sounds great!"

A/N: I kinda rushed during this chapter because i have to get ready for school, and Sakura only talked to Ino, but she'll see her other friends in a chapter or two.Please R&R thank you!

12 - Another Day

i do not own Naruto

quick A/N:I figured it out. Sakura's first thought was that her friends could become JUST FRIENDS with the guys,which is why she didn't Ino's idea,which was closer than friends.okay, continuing...

"Aw. That would give us a smaller chance of getting together with them." Ino sighed over the phone. "Well, since we haven't gotten to see each other in a while, why don't we meet up at the mall tomorrow?"

Sakura thought for a moment. "that sounds great!"

"Cool. See you at 4:30 tomorrow."

"Okay, see you." Sakura hung up the phone. She was now excited that she would get to see her friends again tomorrow,since she really couldn't live without them. She went downstairs and pulled out a few packages of Ramen Noodle soup for her and her brother. Then a thought just happened to come to her. *'I wonder if Naruto and Sasuke will be fighting tomorrow again.'*

The Next Day

Sakura woke up as usual, but she was in a better mood than yesterday. She felt really happy just because she was going to the mall that day with her buddies. Even though she shouldn't be this happy, she couldn't help it, so she turned on her radio. Going through a few stations, she came to 'Bleed it Out' by Linkin park. It was one of her favorite songs, so she sang a large amount of it while fixing her hair. Then she put on her outfit for the day-a sort of double tank top that was blue and black, black skirt, black shoes and different blue jewelry.

Once she was completely finish with makeing herself look as nice as possible, she turned off her radio while it finished 'Last Resort' by PAPA ROACH!(^^) Her clock now 7:30, and school started at 8 o' clock. She rushed down the stairs, just deciding to skip breakfast. "Sakura! Come back and eat." her mother yelled at her as she passed the kitchen. Sakura knew better then to get her mom mad, so she ran back and grabbed a slice of toast, immidiatly rushing out the door.

Sakura ran to where she was dropped off at yesterday, and noticed the limo was already there. Had they been waiting long? Also Naruto was leaning up against it outside, apparently waiting for Sakura. When he noticed she was there, he gave her a wide "fox-like" smile. "Good morning Sakura-chan!" Sakura had hardly noticed the 'chan' he put in her name, since as soon as she ran up to him, she felt his immidiate embrace. She giggled lightly while hugging him back. "Sorry, did I keep you guys waiting long?" Naruto finally let go, saying, "Not too long, so it doesn't matter." He moved aside to let her in the limo first, obviously trying to be a gentlemen. But after both of them were in, there was a loud smirk of annoyance.

"Flirting again, Naruto?" Sasuke just had to be an idiot and destroy the good feeling of the morning. Just what Sakura needed. And of course Naruto immediately gave a disgusted reaction to him. "Shut up, loser-" he was going to finish, but Sasuke's eyes told him to be quiet. Sakura just looked at both of them, but soon decided to speak up. "So, Sasuke, would you like a hug?" She was currently sitting a few inches away from him, so she could give him a hug right now. And that could distract them from each other.

Sasuke swung his head to her, his eyes very dark and not a light could be found to them. When Sakura saw his cruel eyes, she knew the answer immediately. "No, Sakura. Just shut up."

A/N:ok i'm stopping here cause my brother wants to get on and i have to get to bed. but u can imagine how naruto's gonna feel about Sasuke saying that to sakura. actually the next chapter wont be much of a war with them, but there be a chapter like that coming up.anyway i really hope ur enjoying this story and please let me know if u are. thanx ppls!love u!^^

13 - That Jerk...

i dont own naruto...it sucks, doesn't it?

Sasuke swung his head to her, his eyes very dark and not a light could be found to them. When Sakura saw his cruel eyes, she new the answer immidiatly. "No, Sakura. Just shut up."

sakura threw her head down, so that jerk couldn't see her face. She tried really hard to hold back those tears, but it was difficult.

Suddenly she felt a protective arm over her, and a soft voice in her ear. "Sakura? Please look at me..." It was of coarse Naruto.

She tilted her head very slightly, only to see Naruto and her were inches away from each other's faces. His deep blue eyes had a caring look to them, which, at the slightest, made Sakura feel better.

Sakura found the strength to smile into his face, which made Naruto feel a bit better too. Sakura scooted over a bit closer to him, so she could be more comfortable. And further away from Sasuke.

Naruto kept his arm over her for the rest of the quiet ride to school. Sasuke threw a few ugly glares to Naruto, who attempted to ignore them.
