*I think no description is needed, read just the text, but I miss poetry in my own text...
It's maybe a song I'll perform with my band*

1 - The text?

Warrior in the twilight

It's a course from the twilight zone
This creatures which try to kill you
Your life is to hide and to fight
To survive this hunt of demons

Take up your sword, now they are here
Demons and betrayers seek you
Listen to the words of your god
He is protecting your coursed life

*Warrior in the twilight
Fighting day and night
In the sign of your god
You bear the twilight world
You can't forgive the lost
This jagged world is yours*

*The sword is jagged, your mind free
Listen to the holy phrases
And fight fire with hellfire
Your order is exterminating*

*One by one, all are fallen by them
In the empire you lived in
Creatures from myths and old legends
Terrorize the once so proud land*

*Warrior in the twilight
Fighting day and night
In the sign of your god
You bear the twilight world
You can't forgive the lost
This jagged world is yours*

*You have the power of the seas
In cold waves you are born long ago
Every day you lived is dead
Your past is extinct by demons*

The last crusade of the whole world

*Is following your glory steps
For them you are a god on earth
But you will just take your revenge*

*Warrior in the twilight
Fighting day and night
In the sign of your god
You bear the twilight world
You can't forgive the lost
This jagged world is yours*

*Warrior in the twilight
Fighting day and night
In the sign of your god
You bear the twilight world
You can't forgive the lost
This jagged world is yours*
