This song is very dark, I think not everyone will agree with that, what I've written, but note: It's just art!

1 - Erm... the song?

Ballad of a fallen angel

I am serving the goddess of all hells
The soul is what everyone to her sells
She protects me with her godless power
I am serving her in her old tower

This is the ballad of a fallen angel
Banished from heaven, now the king in hell

My beautiful white wings turned to dark
My goddess is a black wearing Jeanne d'Arc
Once she was a prophet for the one god
But serving the heaven she would still not

This is a ballad of a fallen angel
Banished from heaven, now the king in hell

Look into her beautiful and white face
She also fights against god with a mace
I am fighting on her side with swords
And also bear her hateful and bad words

This is the ballad of a fallen angel
Banished from heaven, now the king in hell

This maiden fights a blood-thirsty great fight
With her skills in fight she has not to hide
The angels are ripped by her, one by one
When she defeats god, her last last fight is won

This is the ballad of a fallen angel
Banished from heaven, now the king in hell

This is the ballad of a fallen angel
Lost his master, now the one ruler in hell
