Title : A Mysterious But Familiar Person

Disclaimer : All Yugioh charaters (including Yugi, Yami, Joey, Kaiba, Tristen, Tea, Mai, Mokuba,etc..) are belonged to Kazuki Takahashi BUT Celine and Nicole are belong to me!! :P

Enjoy this chapter! ^^

The story begins in two years later, after the ceremony battle between Atemu and Yugi. Yugi was still hang out with his friends (Joey, Tristen and Tea), and since the ceremony battle ended, Yugi started to play basketball and badminton with Joey and Tristen. (So, that's why he grows taller, maybe as tall as Joey! XD) He became more active and matured. One day, Yugi dreamed about Yami who told him that they will meet again soon...Yugi was shocked to see him in his dream and wondered what Yami has just said. Later on, he received a letter from Seto Kaiba (Yep! Yugi has gained a little respect from Seto Kaiba and they always dueled with each other after the ceremony battle) and said that the Germany "Game Company" wanted to have an interview with Kaiba and Yugi about their dueling skills. When Yugi arrived at Germany, he saw a person that looked identical to Yami. He wanted to follow that person but he lost the sight of him when he entered a train station. (It was very crowded!) After the interview was over, Kaiba told Yugi that he was allowed to stay here for a few days since that Kaiba has some bussiness to do with the Germany "Game Company" before he sent Yugi back to Japan. The next day, Yugi went to a park and saw that person again! Yugi went to see him and was shocked that the person looed exactly like Yami (*gasp* o.O) However, the person that looked like Yami didn't know anything about Yugi except..his name! (and strangely he recognised Yugi but he just knew his name, nothing else! and that person asked Yugi why he knew his name - this showed that that person's name was Yami! and yes, Yami has reborned and he's the same age as Yugi.)

2 - Reborn and a new discovery

Title : Reborn and a new discovery

Disclaimer : see chapter 1

Enjoy this chapter! ^^

The person whose name is Yami told Yugi that he only knows his name because he always saw Yugi in his dreams. Not just that, he saw Joey, Tristen, Tea and other duelists in his dreams too! This happened since he was 7 years old. (This might have a connection with Yugi s Millennium Puzzle, do you remember that Yugi gets the puzzle when he was 7 years old ?) Yugi opened his bag and took a box out (do you remember the box that contains Millennium Puzzle ? after the ceremony battle, he put all his duel monster cards into this box). Yugi asked Yami whether he remembered this box or not. Yami took the box and said that he did not know anything about this box. Suddenly, the box glowed brightly and Yami s memory of his past and the memory of him with his friends returned to him. Yugi realized that this is the Millennium Box because his grandfather, Solomon told him once that an Egyptian called Akunadin (remember him ? :P) has created 7 Millennium Items and this is the 8th Millennium Item. This box can seal a person s memory of his/her past or present and it can also seal a Millennium Item s power. Yami got all of his memories back thanks to the Millennium Box. Yugi was overjoyed and invited him to stay in his house (in Japan).

Since he was an orphan, he can decide his own choice and I am sure that Yugi s family members will allow Yami to stay with him So now, Yami is back! Yay!! ^^

Stay tune to the next chapter , Chapter 3 : Surprises !

3 - Surprises

Title : Surprises

Disclaimer : see chapter 1

You know how Yami appears in my story So who appears next ? You will find out in this chapter. Enjoy!
^^

After the interview with Germany (Game Company) (I just don t know how to named this company - ____ -) and the encounter with Yami, everything was gone back to normal. This time, Yami stayed in Yugi s house and of course, Yugi told everyone about Yami and the Millennium Box. (So, everyone who are friends with Yami are overjoyed, especially Joey, Tristen and Tea!) but Seto is getting grumpy when he knew that Yami has returned, because he has another rival! (lol XD) Yami and Yugi were studied in the same class, many students thought they were twins! :P (Because Yugi and Yami are in the same height!) One day, Yugi s neighbour moved to somewhere else. A few days later, a new family that came from Malaysia moved to Yugi s neighbour s house! Both Yugi and Yami were dueling in their room (they shared a room but have two beds, you know, a bed that has a ladder! XD) Solomon, Yugi s grandfather told them that they have a new neighbour. Solomon invited one of the family members into their house. Then, a girl entered Yugi s room and Yugi was shocked to see his old pen-pal, Celine! (Yay! My character appeared! XD) They hugged each other and Yugi introduced Celine and Yami to each other. Yugi told Yami that he and Celine met each other since they were kindergarden until when Celine and Yugi were 8 years old. (Yep! They are in the same age!) Celine had to go back to her homeland, Malaysia because of her grandmother s illnessand her father s business. (Celine was born in Malaysia and she moved to Japan when she was 3 years old because one of her mother s cousin was a Japanese and Celine s family decided to stay in Japan for a few years.) Since then, Celine and Yugi sent letters or email to each other.

So, Celine knew everything about Yugi s (other self) after Yugi completed his puzzle and everything happened from Duelist Kingdom until when ceremony battle ended!

Stay tune for the next chapter ! Chapter 4 : The Tournament !

4 - The Tournament

Title : The Tournament

Disclaimer : see chapter 1

Celine moved back to Japan again because Celine s father had his own company and he wanted to cooperate with Celine s mother s cousin .

Enjoy this chapter! ^^

The relationship between Yugi, Yami and Celine became closer after Celine moved to Japan . (Plus, Celine was their neighbour! ^^) Yugi and Yami also introduced Celine to all of their friends including Joey, Tristen and Tea Gardner (of course!) . Besides that, Celine was also studied in the same class as Yugi and Yami. Two weeks later, a tournament began at KaibaLand and a total of 96 duelists from all around the world joined this tournament including Yugi, Yami, Joey, Mai Valentine and Seto himself ! Celine give it a try because she told Yugi that she has a (secret teacher) to teach her how to duel so Celine joined the tournament too. There were 6 rounds in this tournament. Here s the details and the division of number of duelists in each round :

1st round : 96 duelists (48 duelists against 48 duelists)

2nd round : 48 duelists (24 duelists against 24 duelists)

3rd round : 24 duelists (12 duelists against 12 duelists)

4th round : 12 duelists (6 duelists against 6 duelists)

5th round : 6 duelists (3 duelists against 3 duelists)

6th round (Final) : 3 duelists (using a machine)

(it was just like Duelist Kingdom but this tournament would not used the star to determine which duelist moved to the next round.) The duelist that wins against another duelist can moved to the next round. The only rule is that a duelist can only duel with one duelist in each round. If a duelist duel more than one duelist, then that duelist will be disqualified from the tournament. :P except the 6th round, duelists will enter a machine. When the duelists enter the machine, it will bring them to a 3-dimentional world and the three duelists have to destroy the monsters by dueling with their own duel monsters. After that, they

will meet 10 duelists created by the machine and they need to defeat all of them before they moved on to their next task. Finally if a duelist defeated a duelist that was created by the machine known as (The King) , then the duelist can make it to the end and he or she is the winner of the tournament! ^^

the explanation of the tournament is done! Thank you for the readers who keep reading my story although it is just a summary XD I will update more chapters soon so be patient. Stay tune to the next chapter! Chapter 5 : The 6 Kings

5 - The 6 Kings

Title : The 6 Kings

Disclaimer : see chapter 1 and (The 6 Kings) are created by me! XD

So, everyone around the world has entered the tournament including Yugi, Yami, Celine, Joey, Kaiba and Mai Valentine, what happens next ? You will find out soon, Enjoy! ^^

The tournament has begun and just you have suspected, Yugi and friends entered the 4th round successfully. When they look at the board where the name of their opponents were listed, Kaiba was slightly surprised that their opponents were the famous group of duelists in Germany who were known as (The 6 Kings). They are Ken, Kris, Kelvin, Kaarlo, Karnword, and Kellen. (They are brothers and they were born in the family which their tradision is to (duel) ! o.O that is why their last name are called (dueler)) They were known as the undefeatable duelists and they possessed amazing duel monster cards. Kaiba knew them because the chief minister of the (Game Company) from Germany told him the story about them. He also told Yugi and the others not to underestimate them but Joey seem confident and told Kaiba not to worry. Kaiba replied to him by telling how foolish and stupid he was to think something like that (because Joey can t even beat Kaiba!) Before Joey was ready to swing his fist on Kaiba, Yugi stopped him and said the 4th round has just begun so Yugi and the others rushed to the battle field where they duel against their opponents. Everyone was ready except Celine who was kind of nervous. A few hours later, the battle was over. Yugi and the others were all entered to the 5th round (much to Kaiba s surprise because Joey beat one of the member of (The 6 Kings) easily) The only one left who was still in the 4th round was Celine and her opponent was Kellen, the leader of (The 6 Kings). She was afraid that she could not beat Kellen so someone (inside) her told her that (she) would take Celine s place and dueled with Kellen. Celine had no choice but to agree with that person (inside) her. After she (transform) into another person, (she) walked into battle field and was ready to duel with Kellen.

Who is the person (inside) Celine ? Find out in the next chapter! Capter 6 : The difference !

- for your information, the person (inside) Celine was actually a spirit! You ll find out soon.:P

6 - The difference

Title : The difference

Disclaimer : see chapter 1

Enjoy this chapter! If you don't understand anything about this story or chapter, tell me please!

Everyone enjoyed watching the battle between (her) and Kellen. However, only Yugi and Yami noticed the differences between Celine and the girl who was standing on the battle field, ready to pick another card from her deck. This girl was tied with a blue rubber band in pony-tailed style. Her eyes seemed to look sharper than Celine. Other than that, she wore a different outfit, a purple jacket with yellow sleeveless shirt and dark blue jeans. It doesn't matter what she was wearing or why she tied her hair up. What matters are her sudden changes on the way she spoke and her behavior. Her voice seemed to be slightly deeper than Celine and only Yugi noticed that. Celine and Yugi are pen-pals and they always used webcams to chat when they were online. Yugi will never forget her sweet voice. The way Celine behaved did not look like the girl on the battle field. The girl was more like the tomboy type and she was more confident, braver and matured than Celine. She could disguise as a man easily! Nevermind that, what it matters the most was the battle between the girl and Kellen who was a skillful duelist. Eventually, it was the girl who wins the duel and entered the 5th round successfully. (She) walked down the ladder of the battle field and went towards the place where Yugi and the others were located, leaving a shocking Kellen behind. Before Yugi and the others had the chance to see the girl's face, she (transform) back to Celine. Celine was glad that the person (inside) her had helped her win this 4th round. If it was not for (her), Kellen would have defeated her in this round. Everyone was happy for Celine except Yugi and Yami who were just smiled and congratulated Celine on her victory to the 5th round. Yugi and Yami were sure that (the girl) on the battle field just now was not Celine and they were determined to find out the real identity of (the girl). Before Yugi and the others left the battle field, Kellen rushed to Celine's side and proposed to her. (o.O) and somehow, Yugi was slightly jealous of Kellen with unknown reasons. (lol..XD)

But do not worry, Celine has no interest in Kellen so she rejected his proposal, poor Kellen! XD the identity of (the girl) will be revealed soon! So stay tuned for the next chapter, Chapter 7 : Tea Appears!

7 - Tea Appears!

Title : Tea Appears!

Disclaimer : see chapter 1

Sorry that I did not tell you who is the person (inside) Celine but I have given you some clues, right ? I believe that some of you have found out the real identity of (that person) especially my FAC friends! XD To the people who have did not know anything about (her), you will find out soon, I assure you! XP So keep on reading! And Enjoy! :D

In the 5th round, 3 duelists will duel against another 3 duelslists. (so, I planned to do this!! Hehehee&XD)

1) Yugi against Joey

2) Yami against Kaiba

3) Celine against Mai Valentine

(is that okay ? lol..) Back to the story, Everyone were looking forward to see their next battle especially Kaiba who was eager to beat Yami (sometimes, Yugi) and once he defeat Yami, he gets his pride and title back! (lol !) When they went to the food store to have a break, Ryou and Tea Gardner was waiting for them, they were sitting on the bench near to the ice-cream store. She was trilled to see Yami, ever since she found out that Yami has reborn to this world, she was overjoyed and always be by Yami s side. (Oh! By the way, Tea and Celine met each other when they were kindergarden so she was happy to meet her old friend!) Tea seemed to get closer to Yami everyday (too close, perhaps! XD) which annoyed Yami . He knew that Tea was a charming, kind and friendly person and he was happy to have a friend like her but Tea was not that type he likes. He wanted to tell her the truth but not now. As Tea sitting close to Yami, Yugi watched Celine s every move and just then, he noticed something on her right hand. Something was glimmering on her middle finger. A golden ring , he thought. Before he noticed the symbol on the middle of the ring, Kaiba s brother, Mokuba who was in charge of the announcement and the arrangement of the tournament with Kaiba s guidance, announced that the 5th round will start in 10 minutes after the break. Everyone was ready for the tournament and they arranged their decks carefully. They wished each other good luck except Kaiba who wished to defeat Yami but simply wished them good luck too. They were so excited but little did they know the danger that awaited them. In the darkness behind the corner of the food store, stood a man who was wearing a black cape and a mask to cover his face. He was watching three persons, two boys..and a girl.

Who was the man in the black cape? Who will win this tournament ? What happen next ? the answers

will be revealed if you keep reading so stay tune for the next chapter. Chapter 8 : The Final Round !

8 - The Final Round

Title : The Final Round

Disclaimer : **see chapter 1**

Ok, the 5th and the final round will be in this chapter (duh!) Sorry for not telling you about the progress of the tournament in full details and how the duel goes for Yugi and the others. I have never duel with someone before..(you can say that I have absolutely NO knowledge about this dueling thing, except the fact that I know only a few duel monsters that are my favourite! :P) and I didn't buy any Yugioh cards so the only way is to skip the dueling progress, sorry! I hope you're not dissappointed as you have to know that I like Yugioh all because of the story, not the dueling game! :o (after all, this is just the summary but I will write the real and full details of this story after I finish writing this whole summary thing!) alright, enough babbling from me and on to the story! So, enjoy, folks! :D and review/comment!! :3

~

They were having a great battle especially the battle between Yami and Kaiba but finally, the 5th round was over and the result is..(dun dun dun dunn..you guessed it! ;)) Yugi, Yami and Celube were the winner of this 5th round! (yay! :D) And just as Yugi and Yami suspected, the person who was dueling with Mai Valentine wasn't Celine but the person 'inside' her. Celine's dueling skills wasn't as good as 'the person' who have won the 4th and 5th round. Since Yugi and Yami won this round, they might have an opportunity to find out the true secret behind Celine's 'new partner'. In the 6th round which was the final round, Yugi, Yami and Celine will enter a machine which will send them to 3-dimensional world. They will have to fight and destroy all the monsters by using their duel monsters, then they will duel with 10 duelists created by the machine before they meet 'the King'. The person who duels the fastest and gets the most points wins and will be the winner of this tournament! :D Yugi, Yami and Celine (who had transformed into 'another person') entered the machine. Then, each of them were being sent to three different worlds. Yugi landed on a strange medieval world while Yami landed on a cemetery, full of zombies and mummies! (scary! XD) The girl who live inside Celine's body eventually landed on a dark, spooky forest. Although they were in different, separate worlds, they were going to the same destination that leads to the location where 'The King' was waiting for them..The battle has begun and they tried their best to win this tournament..(good luck to them! :P)

~

and so the real battle has begun, we are so excited to know who wins this tournament, aren't we ? so please keep on reading and leave me a comment! :P stay tune for the next chapter, Chapter 9 : The Secret Weapon!

9 - The Secret Weapon

Title : The Secret Weapon

Disclaimer : **see chapter 1**

Hey, guys! Here's chapter 9, so please enjoy and comment! :P

During the 6th round and final round, Yugi, Yami and 'the girl' were having a fierce battle fighting with the monsters that had blocked their way to victory. So far, the person who gets to destroy all the monsters and gets most points was surprisingly the girl because she used special, rare cards that no one have ever heard of and some of them has amazing effects which can great damage to the monsters. The duel monster stood beside her was in fact her one of the favourites that is Silent Magician. Yugi used Dark Magician while Yami used Dark Magician of Chaos (all three of them seems to like to use 'Magicians'..XD). The girl was the one who meet the 10 duelists first before Yugi and Yami arrives later on. Then, the girl decided to use her 'secret weapon' to beat all 10 of them as fast as she could. This 'secret weapon' of hers was the combination of the 6 fairy cards (where did she get all those cards ? you'll find out soon! :P) and she use the 'combine' card to transform all 6 of the fairies into two fairy queens (why there's two ? well, I couldn't explain this but it somehow happens..:o) and those two fairies were Flora and Fiona. The two of them can also combine together to summon the most powerful fairy of all, Fransisca, The God Fairy. The power of Fransisca was twice the power of the three Egyptian Gods (Osiris, Obelisk, and God of Ra..I think) However, in order to summon Fransisca, it is required to sacrifice a great amount of life points that is 3000 life points (o.O) and 2000 life points to summon Flora and Fiona, the two fairy queens. So, it was tough to summon them (so that's why she bought a lot of cards which can help her increase her life points) The girl can only manage to summon at least 4 fairies when she fought with the 5th duelist.(oh ya, the 6 fairies I've mentioned before are Water, Fire, Earth, Air, Dark and Light. They are also known as the Elemental Fairies! :D) When the girl fought with the 5th duelist, Yugi and Yami were already gaining up and were now dealing with the 6th duelist (ooohhh..:o) They were having a hard time trying to beat these 10 duelists. When all three of them fought and won the duel, they were headed towards the location of 'The King'. This time, Yami was the first, while Yugi was the second and the girl came third, but still, the girl has more points compared to the other two..When they meet 'The King', they started to duel immediately without wasting time. The audience and other duelists who were watching this breathtaking duel cheered for them. They were fascinated by the girl's duel monsters and how well the three of them played. They were also eager to know who's the real champion of this tournament especially Yugi's friends. The winner was still undecided and by the looks of it, it seems that none of them have any idea of who is going to win this round. The three of them were skillful duelists after all so all they could do was watch the duel that showed on the big screen..

So what do you think ? who is going to win this tournament ? this question will be answered when you read the next chapter, so stay tune for Chapter 10 : And The Winner Is ? (I don't know! *acts like I don't anything..XD*) and please comment! :P

10 - And The Winner Is ?

Title : And The Winner Is ?

Disclaimer : **see chapter 1**

alright! chapter 10 is up, please enjoy and comment! :P

Everyone was amazed when they saw the girl who has summoned the two fairy queens, Flora and Fiona. It's strange to see that Flora looked identical to Celine and Fiona, of course looked identical to 'the girl' who's living inside Celine's body. Although the audience didn't really noticed this, Yugi's friends were surprised and wondered if Flora and Fiona are just like Dark Magician who look like Mahad back in Ancient Egypt, maybe those two fairy queens have something related to Celine's and 'the girl's' past ? Their thoughts were interrupted when they heard the audience cheered, even louder than before..(heehee, actually, some of the cards especially the fairies cards are NOT created by Pegasus, Celine found these cards 'somewhere' and it has been created before Pegasus, but don't worry, you'll find out soon! :D) The girl used one of her most powerful attacks - The Fairy Combo Blast. The two fairy queens used their wands and destroyed the monsters which was summoned by the 6th duelist. This way, she can moved on to the next opponent easily without wasting time even though this plan was risky and require more luck since she have to sacrifice 2000 life points! While she was beginning to duel with the 7th duelist, Yugi and Yami were dueling with the 7th duelist too but their duels were almost over. The winners were still undecided. A few hours later, Yami and Yugi was dueling with their last opponent all 10, while the girl has just finished dealing with the 9th duelist..The girl had the chance to summon the two fairy queens again and beat her opponent before she ran along with Yugi and Yami as the lead. when they reached the 'golden castle' where 'The King' was located. Without any seconds to spare, they dueled with the 'The King' immediately. At this moment, the lowest life points was Yugi while the most life points was the girl. However, it turned out to be a not-surprising result in the end. Yami was actually the first to reach to the end which was getting the red flag that was situated on top of the golden castle (you just have to run up the stairs and get it, it'll be tough to run up since the castle is very high! I'm not sure how high it is but you've seen castles before in a fairy tale right ? XD) 1 minute later, Yugi arrived and got the red flag and after another 2 minutes, the girl finally arrived and so the winner has been decided. Although the girl gets the most points at the beginning, it seems that Yami and Yugi get to catch up and got higher points than her. It was very close but we have a winner (and that is Yami! *claps and cheered* XD) The girl felt dissapointed but was happy to have a great duel with other duelists in the tournament (even though she didn't get the chance to duel with Yugi or Yami personally, but maybe next time she will! :P but until now, she didn't get the chance to summon the God Fairy, Fransisca throughout the battle) The tournament was over and the audience including Yugi's friends cheered for the three duelists who stood proudly on top of the 'golden castle', all three of them had felt exhausted but enjoyed the battle with each other. Before, the three duelists had the chance to get out of the machine, lights went out and everything inside the tournament was now in darkness, including the machines which had all shut down so suddenly...

gasp Lights went out ? Machines shut down ?? What is happening and the more important thing is what will happen to our three heroes who were trapped in the machine ??? eager to know ? Find out in the next chapter! Chapter 11 : The Familiar Symbol!
