Lost Words

he had this coming
as time went on he built a castle of lies
so strong and fortified, the more he lied
it became a hobby,
he told himself they were truth
hes always helping though
never stopping for himself

the occasional sin, and back to work
they began to trust him less
he became the victim and they, the helpers
they both needed what the other couldnt give
letting them down as he fell fast
hit the ground with a tremendous blast

they dont talk much any more
nothing left to say
strangers in the wind
shouldnt end this way
he knows deep down he caused this
deep down he cries
but above the surface, again he lies
they dont mention him much anymore
same chopping block every day
they've just run outta things to say
a classic story wen good goes wrong
same tune but just a different song
left with no words
everything seems wrong
