It started off as any other day in feudal Japan for Inuyasha and Kagome and the gang but then Kagome rebred that it was December 24 in her time so she decided to take Inuyasha back to her house in her time to have Christmas. So that day they took off down the well to Kagome's time when they got there Kagome's mom and dad were setting up the Christmas tree and they let in Inuyasha and Kagome's in all the festivities soon it was late, so Inuyasha sleep on the floor of the front room. Suddenly about 10 after 12 in the morning Inuyasha woke up, he was startled to hear a sound on the roof, so Inuyasha the curious went outside to see what it was. When he got outside he saw some kind of brown animals on the roof just standing there in rows 2 rows down with them side by side and he yelled up there " hey little brown things get off Kagome's house top stupid" . So with that Inuyasha went back inside to sleep, but I'll tell you he didn't get to sleep right away when he got back in he saw Santa, Santa was putting presents under Kagome's tree and Inuyasha took one look at him and had a few thoughts #1 what the heck is the fat man in red doing in Kagome's house? and #2 how did he get in here? #3 who is the fat man in red? #4 I could kick his butt so badly with the wind scar ha ha ha #5 wow is he like a demon or what? Doesn't look very strong. so he yelled over to Santa " yo what the heck are you doing in Kagome's house? Santa replied "don't you know who I am??" Inuyasha said" no your just the fat man in red" "are you a demon? "Maybe a half demon?" Santa said " no no no I am Santa" Inuyasha said " who the heck is Santa " Santa is me dah" Santa said well Santa dude get out of Kagome's house....now.

Well Santa said " I am the one who brings presents to every family in the world"

Inuyasha said " well were not some kind of fricken charity or something " Santa said" well I enjoy it and it gives me special powers of goodness" Inuyasha said" well if you wanna have a go at me that's just fine I will swipe you down and kill you with one swing of my tetsiga " Inuyasha said proudly. Well I guess you on fat man lets go! Inuyasha I think you are mistaking my power. No I think not fat man now lets go now!!! (While this is happening Kagome wakes up and comes down the stairs and watches from behind wondering what will happen). So as Inuyasha said it would be Santa and Inuyasha were in a demonic battle.(me: GO INUYASHA KILL THE FAT MAN !!!!) lol

So Inuyasha and Santa went outside (with Kagome slowly following indicted). And that was it Inuyasha on the left Santa on the right Inuyasha with the tetsiga and Santa with evil reindeer and elves. Inuyasha took the first shot and started with the ironreber soles stealer and Santa doged it and then it was the wind scar and of cours it killed him but that thing that Inuyasha didn't know was that Santa cant die. With that Inuyasha retreated from Santa without being seen and accidentally bumped into Kagome."Why were you trying to kill Santa Inuyasha"? Kagome said." Well he started it "Inuyasha said. "Well I think you need to go to sleep and leave Santa alone for now " Kagome said.

Well that's all there was Inuyasha never saw Santa agen (me:thank god) and Kagome explained about Santa to. And that was how Inuyasha met Santa.
