Chapter 1 - Untitled

1 - Untitled

One could kill the hunter
Becoming death in turn
Yet if the killer is inside
Then what is left to burn?
To search sacred segments
Concealed within these woods
Inviting demons to discuss
How evils can be good
Darkness balancing purity
A gray mist will surround
Your pity lost to consequence
Where Passion can't be found
An assassin without conscience
Obscured inside this heart
That turned so cold to life's desires
Now has come apart
Will your love consume me?
Leaving light within its wake
And cleanse me of the horrors here
Before it is too late
A savior to antipathy

Is hardly welcome here

And I could never constrain you in

A land that's steeped with fear

Alight out from these wicked woods

Tumbling soft like snow

My diablerie is not for you

Take this heart and go...
