Chapter 1 - When...

1 - When...

When ever I think of you my heart starts to race,
When ever I think about us together my cheeks start to burn,
When ever you touch me even a little I long for you to hold me in your arms,
When ever you hug me I wish that you would kiss me,
When ever you talk to me I wish that you would be holding me close and talking to me in hushed whispers,
When ever you tell me that you love me I wish that every morning I would wake up in your arms,
When ever you call me I wish that you were with me,
When ever you make me worry I remember why I love you,
When ever I get scared you seem to know,
When ever I need someone to wipe my tears away I think about how you once told me that you wished you were there to wipe them away,
When ever I feel that I might go off the deep end you don't let me fall off,
When ever I feel sad you always cheer me up,
When ever we grow up and when we're ready we'll be together once you ask,
I love you...
