## 28 - Think Again Quiet One

*Think Again Quiet one*

Don't be fooled by the flowers and the smile. The quiet ones will getcha! It'll just take a while. Don't be deceived by the nice they put out. Don't turn around or a knife will come about. So be careful what you do and speak of. For anger can be seen in the eyes above that smile. Think not of what is to come, but listen for behind you. There could be the quiet one. With the deadly smile that seems so happy and innocent. Think again, for they are vengeful. For every tear that fell, you got a beating for each one. Never getting to say good-bye to your family and friends&you're already dead. That must suck for that great burden on your heart. But just think I had the same, and it stayed in my head. Every time I recall that day it tears me to pieces. Sucking away my spirit covered in millions of leeches. Might as well drain it all. For when I go I want a valiant fall. For when ever I leave I will always return. Of such you will not know.
