**Age:** 16

**Ethnicity:** Cocasion (sp?)

**Heritage:** German/American

The main character of the series. She is first introduced during Duelist Kingdom near the finals after she flies to her uncle from Great Britain with some folders containing important documents.

Kay is very spoiled and sneaky, much like a cat, and is the German Duel Monsters and Dungeon Dice Monsters champion and her username is actually "The Black Cat" and she dueled wearing a black mask and almsot all black clothes.

However, although many people think she's a snob, she actually is not. She donates a lot of money to charity and is truly a good person, but she does not always show it. Kay does not like meeting new people and can be difficult to befriend at certain times. When she meets Seto, it's right after she returns home and he does even see much of her because she was wearing sunglasses, a long coat, and a hat.

After Pegasus loses his millennium eye and falls into a coma, Croquet tells her to move to Domino to keep her mind off things so she does so. She holds a very strong grudge to Yugi, and claims he killed one of the only two family members she has left. So she refuses to get along with Yugi or any of his friends except for Miho and Ryou.

Kay and Seto have much more of a love-hate relationship. She thinks he's a rude, self centered jerk, and he thinks she's a spoiled, immature wench. So they don't get along well at all. However, they also intruige one another.

At Domino, Kay starts off with only Miho and Ryou as friends, and even so, she rarely spoke to them. Then Alex, her best friend, moves there right before Battle City and she opens up a bit more. After this happens, she meets more friends.

After Pegasus wakes up from his coma, Kay befriends Yugi, Anzu, and Honda, but she is never too fond of Jounouchi because she thinks he's an annoying and overly conceited.

Kay's scar is a burn scar from her abusive father who killed her mom and older sister then committed suicide himself. After this happens, 12-year-old Kay and 7-year-old Adelinda moved in with Pegasus.

## **Adelinda C. Simms**

He never told her of his plans during Duelist Kingdom, just that he was throwing a tournament, and when he is put in a coma after Bakura steals his millennium eye, Kay blames Yugi and is angry at him.

Soon, Pegasus wakes up and goes to Domino to tell Kay and Adelinda. By this point, she is pretty used to her life there and he sees it's doing her good, so he lets her stay there and comes by once in a while for a visit.

Dawn of the Duelist: Battle City outfit

Seto first sees Kay when he is talking to Pegasus after he stole Mokuba's soul. (I know this occurs in the dungeons during the show, but let me use my authorship powers here) He is surprised to see her and after the tournament ends, before they leave, they see another helicopter take off and see her limo drive away in Domino.

When he sees her in school, he treats her with the same rudeness he offers Yugi and his friends and even insults her, which only pissed her off. Since then, they pretty much loathed one another. However, he is somewhat captivated by her unique and outgoing personality.

When she helps Mokuba escape from some thugs and she winds up hurt, he respects her more and treats her with a little more kindness, but not much.

## **Mokuba Kaiba**

**Hair Color:** Black

**Eye Color:** Blue/Gray

**Height:** 5'1" (again,, taller than the show)

**Birthday:** July 7

Mokuba is Seto's little brother and meets Kay's little sister, Adelinda, at school. He notices she seems

very timid and scared so he goes up to her and says hi and they hit it off quickly.

One day when they were walking through town, they get jumped by three thugs who know Mokuba is Seto's little brother and plan to kidnap him for money. Luckily, Kay was looking for them and saves them.

Mokuba immediately likes Kay and thinks she is really nice, so he becomes friends with her.

## Yugi Muto/Yami Yugi

**Hair Color:** Black, Blonde, and Violet

**Eye Color:** Violet

**Height:** 5'3" (I made him taller than his descriptions) (Yami Yugi is 5'7")

Battle City: Black muscle shirt, dog collar, domino high boy unifrom, black shoes.

Waking the Dragons: Male uniform

KC Grand Prix: Battle City Outfit

Dawn of the Duelist: Battle City outfit

Kay does not like Yugi at all at the beginning of the story because she thinks he was the one who stole he uncle's millennium eye and put him in a coma. She even threatens to sue him if Pegasus dies.

Poor Yugi is kind of scared of her. Yami occassionally switches out to try and explain what happened, but Kay does not listen.

When Pegasus wakes up and explains Yugi did not do anything wrong, Kay apologizes and they become friends.

## Katsuya Jounouchi

**Hair Color:** Blonde

**Eye Color:** Brown

**Height:** 5'10"

**Birthday:** January 25

**Age:** 16

Waking the Dragons: Denim jacket with white T-shirt, jeans, and a dog tag necklace

KC Grand Prix: Denim jacket with white T-shirt, jeans, and a dog tag necklace

Dawn of the Duelist: Cream jacket, blue shirt, jeans, and tennis shoes.

Jounouchi first sees Kay walking towards Pegasus' castle and simply thinks she's an attractive girl, kind of the way he was when he first saw Mai. However, the two don't get along.

He thinks she's a snob and is angry because she blames Yugi about what happened to Pegasus. Kay constantly insults Jounouchi and outwits him, which makes the relationship very rocky.

Even after she befriends Yugi, she does not show much fondness of Jounouchi, but she helps him out and he helps her, so they kind of have the typical sibling relationship; They have each other's backs, but annoy the heck out of one another.

## Hiroto Honda

**Hair Color:** Dark Brown

**Eye Color:** Brown

**Height:** 5'11"

**Birthday:** April 19th

**Age:** 16

Kay and Honda never really pay much attention to one another. They have a very neutral relationship after Kay befriends Yugi. Sometimes they team up against Jounouchi, but that's really about all.

They're pretty good friends and he often laughs when she makes fun of Jounouchi and cheers for her a lot.

## Anzu Mazaki

**Hair Color:** Brown

**Eye Color:** Blue

**Hair Length:** A little above her shoulders

**Height:** 5'7" (Yet again, taller)

**Birthday:** August 18th

**Age:** 16

**Ethnicity:** Cocasion (sp?)

**Heritage:** Japanese

**Family:** Mother

**Signature Outfits/hairstyles:** Duelist Kingdom: Yellow shirt with pink and white vest, blue skirt, brown boots.

Battle City: Pink jacket, yellow tube top, pink shorts, high socks, pink shoes, and green shirt with yellow collar, blue shorts, high socks, shoes.

Waking the Dragons: White jacket, red halter top, tan mini skirt, and brown boots.

KC Grand Prix: White jacket, red halter top, tan mini skirt, and brown boots.

Dawn of the Duelist: Black navel baring top, red skirt, boots.

Anzu does not like Kay much from the beginning. She thinks she is unfair to Yugi and is pretty cold. The two girls seem to hold a great mistrust for the other at first, but they never insult each other or argue.

When Kay befriends Yugi, Anzu is, at first, a little bit against her. But when she gets to know Kay, she lightens up and they become pretty close. Kay gets very annoyed with Anzu's friendship speeches and will often tell her to shut it after a while, and that's what keeps them from being really close friends.

Miho is the first friend Kay makes in Domino. She is very sweet and kind of quiet. When she first sees Kay, she thinks that she looks kind of lonely so she sits with her at lunch. The two become friends after about two days. However, Kay rarely spoke unless asked to so it was an awkward friendship, but Miho seemed to not mind.

After Kay started to lighten up, Miho started to see her almost as a big sister with more confidence and such. After she befriended Yugi, the two just stayed really close friends. Nothing much changed between the two.

Yami Bakura does not appear very often, but when he does he ignores Kay so she does really know about his existence.

Tori is another old friend of Kay's who came with Kristen as an exchange student and also roots for her in the Battle City finals. She is more loud and crazy and tends to tease both Kay and Kristen, only to get teased back. But it's all in good fun.

Tori thinks Kay and Seto have a thing for each other, despite the denial. And she gets a crush on Yami Bakura, thinking he is dark, mysterious, and sexy.

She is very nice but can be a little demonic if you piss her off or hurt her friends.
