" I had accidentally walked in on Sasuke groping and biting Naruto last night. It was one of the most horrific sights I had ever seen. " Itachi said in a disgusted tone that nobody had ever heard before. Everybody at the table had burst out laughing at the poor Uchiha's misery. Finding it funny that he never had such a bad day in his life.

Their group of friends held a strong number of seven. Uchiha Itachi, the eldest of the popular Uchiha brothers. Hoshigaki Kisame, the strong one with the towering height. Orochi Zetsu, the funny one with the green hair. Uchiha Tobi, the innocent one with the overly curious mind. Ukama Deidara, the boisterous blonde with the loud mouth. Fakimo Sasori, the quiet one with the brains. And. Miniko Teneka, the bubbly one with the over-active imagination.

They called themselves the Akatsuki; or Red Moon. Why? They like the name. And, their symbol was a red cloud with white outlining, and a black background. There was no connection between the two. But, they just decided on that one. Because, half the group wore red, white, and black.

The bell sounded for the start of their first class. Which they all head their classes together. So, the group of Juniors headed to Band. They all played different instruments. Teneka, on the Contra-Clarinet, Kisame on the Tuba, Itachi and Tobi on Trumpet, Sasori on Baritone, Deidara on the French horn, and Zetsu on Trombone. They all made up one of the best Brass groups at Konerri High.

-Time lapse. Seventh Period-

" Aug! I hate Chemistry... " Deidara groaned, his head slamming on the long desk that Him, Sasori, Zetsu, and Tobi sat at. Itachi, Kisame, and Teneka sat at the one across from them.

" Why? It's fun. You get to mix random chemicals together, and seeing what happens! " Teneka said delighted. " Plus, we get to do that today! "

" Hold it down, Tiger. Don't get too excited. " Kisame said, in his deep voice, laughing a little.

" So what if I'm part Tiger? There's nothin' you can do about it! " Teneka stuck her tongue out at Kisame.
" And you can't say shoot, 'cause you look like a Shark. "

" You two, quit your bickering. It is getting on my nerves. " Itachi said, rubbing his temples.

" Alright Children, settle down. " Their teacher, Mr. Hatake said. " As I had told you yesterday. You get to what this class was made for; Chemistry. You each need to get in groups of seven, which means, four groups. I have everything set out for you, and all the protection. So, read to board. And do as the instructions say. " With that, Kakashi sat down at his desk, and read his pronographic book, known to many of the boys here, as Icha-Icha Paradise.

" Okay. So, we mix the Chloride with the... " Itachi stopped talking. " Damn him... He didn't label the tubes... " That just added onto Itachi's tiny temper and his headache. Kisame and Teneka walked up to Kakashi's desk to ask about that.

" Oh well! " Deidara yipped. Picking up three different colored liquids, and pouring them together. Everybody in their group looked at the boiling, bubbling, and steaming pinkish-green liquid. The bell rang, and the whole class, but those seven left.

Kisame was persistent on figuring out why there were no names on the chemicals. The three looked at the small group, after smelling an awful stench. Then a giant purple puff smoked around the group of friends.

After a few seconds. The cloud cleared, and the three not in the cloud, rushed over. Only to see, five smaller versions of the group.

" Oh... " Teneka began.

" My... " Kisame added on.

" Sniker-doodles. " Kakashi finished, laughing inwardly to himself. Because he ruined the whole dramatic effect.

" Hu? " The small four year old version of Itachi said. Almost making Teneka squeal at the cute tone. " Wea... " He looked up. " Ah! Sark and Kitty! " He ran under the table. With Zestu, Deidara, and Sasori. Tobi just gazed at them, with a confused look on his face.

Tobi ran up, and held his hands out to Teneka. As if he was asking to be picked up. She did.

" What happened? " Kisame asked Kakashi.

" They obviously found out a cure to the ageing affect. Amazing... But, most likely only temporary. It has been studied before, and it only lasts for two weeks. " Kakashi says, very intrigued. " They seem to only be four years old. Well, looks like you get to watch them. Ja-ne! " He hurried out the classroom door.

" What just happened? " Teneka asked.

" We just got ditched with five former friends who are now four... " Kisame said. " Stupid Deidara... " He sighed.

Oh, the horror! What will Kisame and Teneka do with five kids? How will they last with them for two weeks? Find out in chapter two. -The day the world turned over.

Kisame and Teneka sighed in unison.

" Well, lets collect them. Zetsu's parents are gone on a business trip for the next month. So, we'll be okay there. " Kisame said. Bending down to look under the table. " C'mon you four. Let's go home and eat some ice-cream. " He said, trying to coax them from under the table.

They all yelled yay, and came out from under it. Teneka picked up Sasori. And Kisame got Itachi and Deidara. Zestu said he was big enough to walk on his own. They headed out to Kisame's car. Luckily, it was big enough to hold five small children in the backseat, and that Zestu lived only ten miles away from this school. Also, it was friday and it was sprig break.

Once they arrived at Zetsu's house, all the kids burst out the backseat door, and began to run around the yard yelling.

" Okay... I didn't think it would be this bad. I don't think we should feed them ice-cream now... " Kisame said, while rubbing the back of his head.

" Aw! Don't worry! I love kids, and know how to handle them when they are hyper. " Teneka smiled. " Hey kids! Let's play tag! Deidara your it! " She picked him, because he was the most hyper of them all.

They all ran around the yard chasing eachother for the next hour. While Kisame and Teneka chatted on the porch about random stuff. They all came running up.

" We tired... " Itachi explained.

" Alright, let's go inside and take a nap. " Teneka said to each of the droopy eyed children. Kisame led them inside, and set out some pillows. Each on layed down. Sasori decided to lay his head on Zetsu, and fell asleep, and Tobi cuddled up with Itachi and Deidara.

" Aww. So cute. " Teneka almost sqeeled for the second time that day. " C'mon. Lets let them sleep. " She pulled Kisame into the kitchen. " So, now what do we do? "

" Well, your the kid expert. " Kisame said, toying with Teneka.

" I mean, I'm bored, what do we do? " Teneka said, sitting down at the dining room table.

" Hmm... " Kisame put his arm on Teneka's shoulders as a friendly gesture. " I don't know. " Teneka blushed a little. But, little did they know. Three small boys were spying on them.

" Why they do that? Kisame no bite Teneka on the lips, like mommy and daddy do when daddy looks at mommy like that. " Deidara asked Itachi.

" It's called, Kissin'. And, I dunno'. " Itachi said.

" 'Cause. They don't know they like the other! " Tobi yelled, barely over a whisper.

" How you know that? " Itachi and Deidara said at the same time.

" 'Cause, looky. Only Teneka's face goes pink, and Kisame lookys away from her. " Tobi explained.

" Oh. " Deidara said.

" Then lets make them know they like eachother! " Itachi cheered, Deidara and Tobi agreed. " Let's tell Zestu and Sasori. " They run over and wake their two sleeping freinds. They explain the plan to them, and walk into the kitchen.

" Hello! " Tobi yelled, a little too joyously, Zetsu hit him lightly on the head.

" Huh? " Kisame looked over at the group of five, not moving his arm from Teneka's shoulders.

" I thought that you said you were tired. " Teneka asked.

" We okay now. " Zetsu smiled. " Can we go play upstairs? "

" Uhh... Kisame? " Teneka asked.

" Uhh, sure. They can play in his room. " Kisame stood up, and lead them to the Zetsu's bedroom. Kisame came down a few minutes later, and sat back by Teneka. " That should make them happy. "

" Yeah. " Teneka agreed.

-With the Kids a few hours later at 7:00-

" Okies. Let's go to my mommy and daddy's room. " Zetsu lead the group to his parent's room. He opens up the cabinet under the TV and pulls out a movie. " This is a move that Daddy makes Mommy watch to make her kiss him. " He held it up to show them.

" Wow! " The other four gawked like the little kids they were.

"Now, let's go put it in the movie runner in the livin' room. " They all ran down stairs, and tried their hardest to not make alot of noise. Zetsu pushed the move into the VCR, and grabbed the remote, and they all hid behind the couch.

" I'm bored of stairing at white and brown. Let's go into the living room. " Teneka said. Kisame agreed, and followed. They both sat on the couch. And that was Zetsu's que to press the play button on the remote to play the movie. Kisame and Teneka staired at the TV in shock.

There, on the screen, was a porno. Playing right when the couple started. Kisame, being the eight-teen year old he was. Started to enjoy the tape a little too much. And, Teneka wasn't coping with it well either. Her seventeen year old insticts were kicking in, and having the best of her.

They both realized what was happening. Kisame jumped to turn off the VCR, before he got to into it. He then sat back down beside Teneka.

" Whew... I didn't want to watch that anymore. " Teneka said. " It was just a bit too much for me. " She blushed, sighing.

" Well, I didn't need to watch that anymore then I had to. Or I wouldn't have stopped. " Kisame laughed. Teneka pushed the side of his head.

" God, your such a horn-dog. " Teneka laughed.

" Maybe. But only... " He cut himself off before he could finish his sentence.

" What? " She asked.

" Nothing! " Kisame said loudly. ' That was a close one. I almost said that out loud... '

" Oh well, your loss. My gain. " Teneka smiled, and began to laugh at Kisame's inconveniance.

What was Kisame about to say out loud? What are the kids thinking? And, What is so funny?! Find out next time in, Aftermath of the accident that lead to a bad thing

All of a sudden, it got quiet. Kisame was looking at Teneka. More like, into her eyes. She was stairing back at him. The silence wasn't sharp, it was carried. As if it were there, but for a reason. The silence was broken by a gasp from Teneka, when Kisame lightly rubbed his lips against her's.

She finally figured out whe was happening, and returned the kiss. Making it slightly deeper by pulling one of her legs onto the couch, making a better angle. Because, Kisame stood a towerig six inches taller then her.

Behind the couch, Itachi giggled, Deidara tried to look, Tobi was standing up and tryig to peek over the couch, and Sasori sat there smiling. Zetsu tried to hush them, so they wouldn't get caught. Teneka pulled back, blushing. Kisame just smirked.

" What was that all about? " Teneka asked.

" I don't know, but I liked it. " Kisame smiled, and pulled Teneka closer to his chest. All of the kids giggled.

" What was that? " Kisame asked. They both looked over the back of the couch. " You little... "

" So, it was you who turned that movie. " Teneka said, eyeing the remote in Zetsu's hands.

" Hu-hu! " He smiled a toothy grin. " You two happy now? " They all gave them big chibi-eyes.

" I-... I geuss we are. " Teneka blushed, while Kisame smiled in agreement. She looked at the clock. " I think I should make them somthing to eat, and send them to bed. Would you like to help, Kisame? "

" Eh... Sure, why not? " They both got up and walked into the kitchen. The kids all following like lost puppies, with huge smiles on their faces.

" I want a samiich! " Deidara yelled. Sasori and Itachi agreeing.

" I want soup. " Zetsu said.

" Me, too. " Tobi whined.

" Okay, okay. " Teneka said, smiling. She grabbed a can of chicken noodle soup, and Kisame made the sandwiches. " You want something too, Kisame? "

" Yeah. I'll make myself a sandwich. " He said. " You? "

" Sure, why not? " She said. " I'll make it though. "

" Nah, I got it. "

" Okay. " Teneka finished the soup, poured it into two bowls, and set them in front of Zetsu and Tobi. Kisame did the same with Itachi, Sasori, and Deidara. Then he set his and Teneka's at their own chairs. Kisame sat at his place, and Teneka sat at her's.

" So... Uhhh... " Teneka began. " Dose this mean that... "

"Yeah. But, I'm just perfectly fine with it. As long as you are. " Kisame said, taking a bit out of his food.

" I am, and I'm happy with it. I get a hot Shark boyfriend. " Teneka said, giving Kisame a sly smile.

" And, I get a sexy Tiger girlfriend. " Kisame smirked, taking another bite. After thirty minutes. Everybody had finished their food. Teneka set out a few pallots in Zetsu's room, then tucked the kids into bed.

" Night you guys. " Teneka said softly. Kisame was leaning on the door-frame.

" Neka? " Tobi said. " I scared, can you keep light on, please? "

" Sure, Tobi. " She said. She headed over to the door, and playfully pushed Kisame out of the way. Kisame closed the door, leaving it opened a crack.

" They are very cute little kids, even Deidara. Ah... I can't wait until I have kids. " Teneka sighed.

" I can. I would have kids when I'm in my later twenties. And, I only want two. " Kisame said, leaning on the wall.

" Well... Uh... Nevermind. I'd stop at two, also. But, anyway. Lets go down stairs, and let them sleep. " She said.

" Okay. " Kisame got up off the wall, grabbed Teneka's hand, and headed downstairs.

" Think that we should call their parents and ours and tell them where we were at? " Teneka asked.

" Yeah. " Kisame picked up the cordless phone, and began to dial numbers. After twenty minutes of talking, he set the phone down. " Well, they know now. Okay, I'm a bit tired now. " He said, looking at the clock. It read 10:00.

" I am, too. " Teneka said, immediatly laying on Kisame's chest. Sniggling up to him. Kisame smiled, and wraped his arms around Teneka, laying on his back. They both fell into a blissful sleep a few minutes later.
