The Eight Chunin of the Konoha village, along with the current Hokage, stood in a line in front of the lands most wanted Ninja; The Akatsuki. They all charged at one another at the same time, being equally matched in numbers, just not in strength. It was an unfair and uneven match, the Konoha ninja stood no chance against three Akatsuki members, let alone all of them.

The battle had raged on for hours. The Konoha ninja not giving up. Teneka decided to go to the last resort the Akatsuki had. Hitora.

" Kisame! Deidara! Protect me! " She yelled. Kisame knew what was about to happen.

" Teneka! No, don't! You don't need to! " He yelled back to her.

" Just do it! " They listened this time. Deidara covered her right side, Kisame her left. They both guarded Teneka as she went through the complicated hand seals for her final justsu.

' Tora, Ryu, Uma, Inu, Saru, Ryu, Tori, Inu, Nezumi, Hebi, Tora, Hebi.... ' As she continued her justsu, red chakra started to form around her feet. Going up her body in a flame like form. The power from the chakra itself began to lift her off the ground and into the air.

Itachi threw six poisoned Kunai at Shikamaru, each hitting him in his most vital spots, sending him to the ground in pain. Chouji ran to his side, in this time of vulnerability; Hidan, in his perfect form, jutted his spike through his own chest. Causing it to hit Chouji, making him hunch over his already dying friend and cough up blood. Ino, seeing her team-mates fall in front of her eyes, couldn't help but run to their sides. As she was trying her hardest to heal them, Kakuzu found this a perfect time to kill her. His black strings started to swirl around her, they shot through her with ease. She fell over, on top of her team-mates, dead.

Kiba, riding atop of Akamaru, charged towards Teneka. He was quickly stopped by Kisame slicing through Akamaru's side with his Samehada. Akamaru fell to the ground, whining in as he lost an immense amount of blood. Kisame took no time in killing Kiba, quickly cutting through his mid-section. He fell on top of Akamaru, bleeding to death. Shino, at the time, was fighting Sasori. Sasori, being in Haruko form, sent a barrage of senbon shooting towards Shino. They all hit him, sending him flying backwards, and into a tree. Blood trickled down his body, and onto the forest floor. Hinata, Byakugan activated, was helping Neji fight Zetsu and Tobi. As soon as Neji did the Heavenly spin, Zetsu

disappeared under the ground. His hands appeared around Hinata's ankles, pulling her down under ground. He then popped up behind Neji, Hinata in a vice grip, Kunai up to her neck. He slid the Kunai across her neck, blood pitting to the ground. Zetsu dropped her lifeless body.

Teneka did her final handsign. Her chakra turning to actual fire, a dark form walked slowly out of it. She fell to the ground. Hitora prowled around the small clearing, each step turning the ground to smoldering ashes. He killed each last Ninja in his way. Once he was finished, the Pein appeared and sealed Hitora within a scroll, and disappeared. Kisame ran over to Teneka's side.

" Teneka.... " He said as he picked her up the ground. " Teneka?.... " A few tears swelled up in his eyes when she didn't answer. Even though his heart was sad, he noticed the tiny smile on her face. The tears fell down his cheeks.

" Kisame, set her down. " Itachi said, he did so. Itachi nealt down on the ground beside her, he held his hands above her chest, orange chakra forming around them. After a few minutes, Teneka took in a huge breath, sounding very horase. Itachi slumped backwards, Kakuzu caught him before he fell to the ground. Teneka coughed.

" K-Kisame.... I'm.... N-not... Dead? " She coughed again. Kisame picked her up and held her close to his chest.

" No.... No, your not.... " He smiled, Teneka lifted a shakey hand to his face, and smiled.

" C'mon guys. Let's get back to the base before Itachi passes out on us. " Kakuzu said, lifting him up. Kisame picked Teneka up bridal style, as everyone headed back off to the base.

As they left the small clearing in the woods, Teneka looked back at the destruction they had done. Bodies lied everywhere, blood splaterd in every direction, trees knocked over, ashes everywhere, small fires left in random places, kunais and shuriken stuck in trees, and the strong smell of burning skin. A few minutes later, she fell asleep in Kisame's arms.

Don't yell at me for killing off the Konoha ninja, it's part of this story line.

Alright, I like how this turned out, very much. Just to settle that age old fight 'How is Teneka in the Akatsuki when she has a Demon?!'. She doesn't keep him, as this fiction states. The Leader takes him. Yes, Itachi does live. Yes, Naruto WAS Hokage, till he died. But, anywho. Comments, ne?
