*A series of poems I wrote. Most of them have to do with the citizens of the game. It has a little irony considering you played the game, but I still love it to death. No spoilers so far.*

**Chapter 1 - Waiting**

**2**

# 1 - Waiting

Waiting

I sit here waiting

Staring into the distance

As the great tower lay in wait

For the Chosen One

My land is dying

Yearning for some mana

But the land is exhausted

The life has fled the earth

I write from the town of Luin

Vulnerable to the Asgard Ranch

Never knowing when

My family will return

The Desians are filth

Taking humans for no reason

I wonder what they're up to

And why they want me

The angels rest about Sylvarant

And I pray to good Martel

Please regenerate the world

Help the Chosen to succeed

I sit here waiting

Staring into the distance

As the great tower lay in wait

For the Chosen One
