1 - On the Beach

Chapter 1: On the Beach

I hear my feet pound on the sand as I run down the beach, racing my brother. It's a beautiful sunset beach. We cross the finish line. Unfortunately, he wins. He walks over to my other brother, Manic, and my sister, Sonia, saying nice try, but maybe next time shortie. I do love him dearly, but sometimes, I want to crush his head. He calls me shortie because I'm shorter than him. It REALLY gets on my nerves. But when he's not making fun of me, he calls me cherry. I love it when he calls me that. Is it because I'm all red? Most likely. I then challenge Sonia, I know she's not very fast. We start to run down the beach, I again hear my bare feet running down the sand, wet from all the waves. Tomorrow's my birthday, I'll be 14. I'm the youngest in my family, but I don't really care. I cross the finish line and look back. I see Sonia collapsed half way through the straight course. She gets up and walks to the finish line and says that I win. I cheer and jump up in down, the others just stare at me like I'm insane. I can't help it. I hardly ever win. That and that fact that I AM insane. I stop jumping and giggle. We all laugh. We walk home. Sonia unlocks the door and we all walk in. I run up to my room to write in my diary. I hear the door close. A couple of hours later Manic comes in my room. I'm playing videogames at the time. He says dinner is ready. I go down stairs with my older brother. Everyone is at the dinner table now. It's very small, but we all manage to fit. Dinner is usually alive with laughter and talking, but tonight is... different. I don't know why. No one is really saying anything. I wonder what I'll get for my birthday. It's summer time and the nights are cool. I'm glad that it's cool in the evenings, it's always hot in the afternoon. We all finish dinner. It's my turn to do the dishes. I wash them and go up to my room again. I add a little more to my diary and then I change myself into my pajamas. I lay awake in bed, anxious for tomorrow's surprise.

It's in the morning now. I finally got to bed last night. It was a little before twelve o'clock before I went to bed. I change into my normal attire and walk down stairs casually. I don't see any presents. In fact, I don't see any balloons or anything. I say good morning to my two brothers and one sister. They say hello back. Sonic suddenly says something. I slightly jump at his randomness. I ask him to repeat what he just said. He said that he wanted to take me somewhere. Sonia and Manic nod their heads. I nervously say ok and we all walk out the door with Sonia locking it behind us. Manic blindfolds me and they all lead me somewhere that I've never been to. I can't see anything but darkness. We walk into a building. I feel the cool air brush my face as I walk in. Sonic takes off my blindfold and walks over with some other people that are very good friends to me. They all call out, SURPRISE! I say that I thought that they forgot my birthday. I hug my friends. They reply that they had to keep it a secret so that I wouldn't find out. I laugh and grab a drink. I hear my favorite song come on. The D.J. is Knuckles. He says that it's the Brother sister dance. Sonic walks me out on the dance floor. No one else comes. I guess they figure that it's my time to be alone with the best brother ever. A couple of minutes later the song ends and everyone claps. I couldn't ask for a better birthday! I say and hug my brother. He says no problem in his casual tone and walks over to Amy. I know what he's about to do. He said that he liked her a few days ago. And everyone knows that she likes him back. I see them talking then hug each other. He finally asked her out. I'm so proud of him... but wait, this is MY day, not his. I shake it off and start to talk to Shadow. He looks like he needs some company. Cream and her little choa friend, Cheese, bring out a cake. Remind me to do the same at her next birthday. Cheese carefully lights the candles and

everyone sings the birthday song. I make a wish. I wish that I could always be with the ones that I loved that most. I blow out the candles and Tails takes pictures. Let's just say that he's the unofficial paparazzi. We all take a slice of cake and eat it. Knuckles is at the D.J. both. Sonia brings him a piece of cake.

The party's over now. Although this party was awesome, my best friend wasn't able to make it. I wish she was still here. I'm smiling while deep down I'm really sad, just like Tails, and Cream, and everyone else. Everyone comes over to our house for the rest of the party. It isn't that loud. I go up to my room and change. I grab my teddy bear and lay in bed. I don't have my covers over me. Someone knocks on my door and walks in. It's Tails. We both say hello. I ask him what's the matter and why he's not down stairs with everyone else. He says that he wants to ask me something. He asks, Do you miss Cosmo too? I saw you during the party at one part. You looked kinda sad. I say that I of course miss her. And that Cream does too. But I'm sure she's in a much better place now. Now that the Meteorites are gone. He agrees with me. It's silent in my room. We still hear everyone talking and laughing. We both look down. Tails goes back down stairs without a word. I change into some dark clothes. I crawl out my window leaving a note on my mirror on my dresser. I jump off the window-sill on to the tree next to my window in the front yard. I look to see if there is no one coming. No one. I jump off the limb and start to run.

2 - Speaking with the Dead

Chapter 2: Speaking with the Dead

I keep running until I reach a fork in the road. Darn. I look to see if there's a sign to show where to go. None in sight. I flip a coin and it lands on heads, so I go right. I made a good choice I think. I'm at the grave-yard. Just where I want to be. Just between you and me, I still have nightmares about Cosmo dieing. Shhhh! Don't tell my family, I don't want them to worry. Anyway, I visit Cosmo's grave. I sit down once I find it. I pick up a flower and set it on her grave, after that I start to talk with her. I say "Hi Cosmo, what's going on?" No response. Of course. I start to talk with her, it goes on for about an hour. I think that the others got my note. I say good bye and start to walk home, it's dark. I look at my digital watch. 15 minutes past 12. I'm very sure that my family got the note when they went up to check on me. I left the note saying, I went somewhere. Please, don't come looking for me." My family respects me and wouldn't come looking for me. So I think. When I get to the cross roads I see Sonia. I hide behind a tree and wait for her to pass by. When I was sure that I am out of ear-shot I ran straight home with no detours. I climb up the tree in our yard and just as I get on the limb that's right next to my room Sonic walks in. Uh oh. He looks at me like he's really p'oed. He says get in my room. I don't dare disobeay him when he's angry. Unfortuneatly, I don't think i'll be leaving the house any time in the next week or so. Oh well, it was worth it. Cosmo was my best friend. Before Sonic says anything els I quickly explain what I did and why I did it. He hugs me and says that they were so worried. I hug him back. "You are the best brother ever..." I say in a tiny whisper so that he can jardly hear me. The others walk in and see us hugging so they hug too. GROUP HUG! Sorry, a bit retarded there. We all stop hugging and my siblings walk out of my room while saying goodnight. I say goodnight and change. I, again, lay awake in bed with the covers over me. I can't seem to fall asleep. I put on some music. I don't turn it up much because it's on my radio. I slowly falls asleep.

It's in the morning. I wake up from the early sunlight that streams through my window blinds. I get up. I yawn and strech. I go over to my closet and put on my clothes. My daily routine. I walk down stairs. I don't see anyone. I look at my digital wrist watch. 8 am. I look over to the House clock. 12 pm. It must have un out of battieries. I look back at my watch, it's totally blank. I run outside and I see that it's raining. Our house isn't very far from the beach. I walked to the pier. It's slippery from the rain. I stumble a few times. I reach the end and sit down. I take off the sandles that I put on and stick my feet in the water. I giggle because the water is cold. I hear something behinde me. I look back carefully. It's Eggman! Says says "Hello, what are you doing out here all by your self in the rain?" I say that it's none of his business. I ask him to go away. I know his tricks. The next thing I know I'm on the ground. Everything goes black.....

3 - Kidnaped?!

Chapter 3: Kidnaped?!

I feel myself wake up. I feel a solid cold metal floor beneath me. I wonder what happened? I pick limp my body up from the floor and stand up. Oh crap. I see that I'm in a jail of some sort. I hear a jet hum right outside the small barred window that's in the cell. "How did I get here?!" I stammer. I hear an evil laugh ring out from the door, about 3 or 4 cells away from mine. I regain my senses and I now know that I'm in Eggman's ship! I hear foot steps. I hear more than just one pair though. 2 or 3 maybe? I see Eggman and 2 other figures walk up with him. I recognize one of them as Shadow. But I don't know who the other one is. "Shadow? Is that you?!" I ask the black and red hedgehog. The figure replies "Yes. And I bet you're wondering why I teamed up with the Dr., right?" I freeze and just stare blankly at him. How did he know what I was thinking?! Eggman speaks up, he says "This my dear is the new prototype Metal Sonic." He steps out of the way and shows a metal, blue-ish hedgehog. I gasp in surprise. I taunt Eggman by saying "What, is that another stupid mind-less metal clone of my brother?" I chuckle and walk to the back of my cell. Eggman growls in anger. "How dare you, you little rat!" Eggman yells. I look over my shoulder and give him a dirty look. Shadow scowls at me and I turn my head back around. I turn my head around enough to see Eggbutt whisper something in shadow's left ear and walk out. "I wonder what he said?" I whisper under my breath. I turn my entire body around. The robot also leaves. That just leaves Shadow. I think up a scheme. "Oooohh, I'm so evil..!" I say. I see Shadow's ears perk up. He's sitting in a chair that's up against the cell bars. He's facing away from me. He turns his head around. He sees me "crying" in the middle of the cell. "What's the matter, brat?" He scoffs. "Why did you betray me Shadow!?" I cry. He gets up from his chair and opens the cell bars. Big mistake. I turn around so that I'm facing him. I leap into the air to try to tackle him. I close my eyes and feel myself land on fur. Jackpot! I also hear a fairly loud thump beneath me and Shadow. I open my eyes. I did! I actually did it! I jump up and run out of the cell grabbing Shadow's Chaos Emerald. I hurry up and close the cell door. I see him get up and run straight to the bars. "Get me outta here you--!" I flick him on the nose before he says anything. I have the keys in my right hand and tauntingly shake them in front of Shadow's face. I walk out of the prison. I laugh and close the door. I find a sign that points to the bridge. Wow, Eggman must be more of an idiot than I thought, although, I commend him for being the stupidest person I know. I laugh at my thought and run up to the bridge door. I take a deep breath and prepare myself.

4 - Nobody Said ANYTHING about dieing!!

Chapter 4: Nobody Said ANYTHING about dieing!!

I walk in the door. The next thing I know, I'm pinned up against the door! I slowly open my eyes. I'm held to the wall by the robot that Eggman made! It's left hand is in the shape of sissors around my neck! I try to pull myself free but I feel the sharpness of the blades against my neck. I let myself go limp. I see past the robot that Eggman is sitting in a chair, a really large chair, at the controls. I didn't know there'd be a chair big enough to hold Eggman's huge butt! I laugh. Eggman apperently hears me giggle. He turns around. "What are you laughing at?" he demands. "Oh nothing, nothing," I calmly reply "I was just thing about how a chair could ACTUALLY hold your big butt." I casualy reply. I'm just like my brother. We're so clam in times like this. I smirk, and sharply turn my head. I wince in pain. I feel a little bit of blood run down my neck. "Hurts, dosen't it?" Eggman laughs. "Why would I tell you?!" I inquire harshly. "My my, aren't you a fiesty one?!" Eggman taunts. "Psh, you suck." I say. Eggman actually look surprised. I smirk again. He says randomly "Look over there!". I turn my head again, and flinch under the pain. I, again, feel more blood stream down from my neck. Eggman laughs and returns to the controls. I dig in my pocket and pull out the Chaos Emerald. I think that if my brother and Shadow can use this, maybe I can too! I consentrate all my energy on the Chaos Emerald. I feel a warm sensaton go through my body. I open my eyes and lift my head up. I'm in my room! I touch my neck. "Ow!" I flinch. I see that my shirt is red from blood stains. I go to the luandry room and put my shirt in the washing machine. I have my sports bra underneath my shirt. I go to my closet and put on a jacket. "Sigh, I woder where Sonic, Sonia, and Manic are?" I see they're faces in my mind. I lower my head in sadness. "Wait," I say to myself, "Mybe Tails, Rouge, and Knux are still here!?" I quickly dry my tank-top and put it on. I grab my black hoddie and run out the door. I first run to Tails' work-shop. I reach the door. It's still raining. I put my hood over my head and bang on the door. "Tails, you in there?!" I call. "Ugh, Miles!" I yell. Aw man, this isn't good! I run to Rouge's house. No lights are on. I look in the windows. Not a soul in sight. I think that Knux is my last hope. I run as fast as my jeaned legs can go. I reach the Alter. No ne?! "Oh no! There's nobody here!!!" I yell. It begins to rain harder. I run up to the Master Emerald and plo down on my knees and begin to cry softly, drowned out by the steadily falling rain. I feel something soft and warm on my shoulder. I think it's someone's hand. I turn my head around and see Sonic! He's reaching out his right hand. He says "Don't be afarid Cherry. It's ok." But wait, it doen't sound like him. I rub my eyes and look again. It's shadow!! I scoot back towards the large emerald. "I'm sorry Leon. I just--" Shadow trys to apologize. "No! Get away from me!" I yell. "Don't wig out, it's fine. I wanted Eggman to belive I'm on his side. I swear." Shadow quickly explains. "Where are the others?" I ask. "I don't know. Eggbutt wouldn't tell me." I laugh at his last statment. Shadow laughs too. He then asks "Were you crying?" I quickly rub away the tears. "O-of course not! It's just the rain!" I stammer quickly. Shadow pulls out an umbrella and pops it open for us. I slightly blush and walk under the umbrella.
