1 - The Beginning

A young houndoom at the lvl. 32 sat in a dark, secluded alley. It growled as an Absol approached from behind. "Ab absol!", the absol called in a dreary voice. The houndoom smirked and walked off into the street. It was walking past a butcher shop and decided to get some sausages. It slowly snuck into the building and grabbed a long string of sausage links without the butcher noticing. "Hound.", it called as it walked down the street. Many pokémon looked at it. It stared back as it chewed on its meal furiously. A Ninetales was brave enough to step out and say, "Nine ninetales!", and try to grab some, but only got a face full of smoke screen. The houndoom looked ahead as it approached a deserted building. He slowly walked himself in and chewed on the sausage. Little did he know... another houndoom was watching. A houndoom lvl. 30 slowly walked out of a corner. She looked at the sausage and began to whine. The other houndoom looked over at her and began to feel weary. It divided the sausage into half and gave one half to the female. The female began to eat her sausages and barked at the houndoom. She walked closer and layed down beside him. She snuggled up as she fell asleep...

All I could think of... how do u like it? I need more chars. Any ideas? If so plz post them...

2 - Dawn of Sorrow

The next day they awoke with growling stomachs. The female slowly got up and walked over to the window. She grew wide-eyed as she looked at what had happened. A tornado had blown in and knocked down all buildings. She nuzzled the male as he woke up and slowly and sleepily padded over to the window. He soon realized what had happened. "Houn houndoom!", the female called as she began to cry. The male nodded and stared unhappily at the destruction. What had become of his friends? His family? His enemies? His life was spinning faster and faster as he slowly fell to the ground. The female ran over to him and licked him on his forehead. She knew he was fading. She walked out of the building as a gust of debris blew in her eyes. She couldn't see, so she walked back inside. She began to howl, wondering if anyone would come. She howled more, and knew instantly no one would come. She layed down beside the weak and unconscious male houndoom and acted as a mother towards him. She went and got some sausages and slowly began pushing them, one by one, into his mouth. She waited for hours for him to wake up. Finally, a small eye opened. A soft breath caressed the male's cheek. He opened his other eye to see the female licking his forehead. She stopped as she saw him open his eye. She barked as she pushed another sausage into his mouth. He accepted it as she slowly began to lick his forehead again. He layed still. The licking felt good. It was the same as his mother had done. He slowly began to get up and walked outside. The wind had died down and no debris was flying everywhere. He slowly walked into the unknown...

Plz comment!! I need char ideas!
