## Unknown Memorys

### Part 1

Jeremie, Ulrich and Odd are in Jeremie's room talking to Aelita. Jeremie is next to the computer, Odd on the bed and Ulrich is standing next to Jeremie.

“X.A.N.A hasn't attack for a while, and I haven't felt any pulsations here in Lyoko”

“Ye, but it's given me plenty of time to work on your materialization program Aelita”.

“It mite be all fine for you Jeremie, but it's boring”.

“Odd be thankful that Aelita is safe”.

“Good point Ulrich”.

Odd got up from the bed, and turns to the door,

“Come on Ulrich we need to get back to our room, before Jim finds us”

“K, see ya Aelita, Jeremie”

As Ulrich and Odd are sneaking through the corridor, suddenly they hear a faint knocking coming from downstairs.

“It's Jim!” whispered Odd to Ulrich panicking,

“No it sounds like someone knocking at the front door”.

“Well what do we do?”

“Go back to bed”

“But what if there...”

“Jim will handle it”

“But...”

“Just go”.

\* \* \* \* \*

The next morning Jim and the Principal are talking in the Principals office.

“So Jim, what happened?”

“Well, in the middle of last night, there was a knock on the front door for the dormitory, I went to have a look, but when I opened the door, all there was, was a boy on the step out cold. So I took him to the infirmary. This morning before coming to see you I got someone to do a check on the records, and there was no records, all there was, was a birth certificate, all it told us is his name and his birth day, there is no information about where he is from, or his parents.”

“Is he awake?”

“Yes”

“Fine, see if you can get him to come and see me.”

So Jim went to the infirmary, and got the boy and brought him to the Principals office.

“Welcome to my school, I am the Principal, have a seat.” The boy sits down “What is your name?”

“Um... ..John”

“What are you doing here?”

“Um... ..I...don't know”

“Do you remember anything?”

“No” John lowers his head.

“It's ok.” The Principal turns to Jim and says “Jim will you call the hospital...” John suddenly got up.

“NO”

“What?” said the Principal shocked.

“I have to stay here, I beg of you let me stay here.”

“Why?”

“I...I...I don't know” John said as he sits back down, “I just have a feeling, that I have to stay here, let me stay in the dormitory, and I'll find a way to pay you back”. The Principal thinks for a bit, then replies.

“Fine you can stay here, but you'll have to attend the classes”.

\* \* \* \* \*

Jeremie, Ulrich and Odd are eating in the canteen, Yumi comes in.

“Hey”

“Hey Yumi, did you hear there is a new kid in the school?” asked Ulrich to Yumi.

“Ye I did, someone in my class said that he is in the room opposite from yours Jeremie”

\* \* \* \* \*

The next day Jeremie and Odd gather outside John's room,

“Do you really think it's a good idea to disturb him?”

“Come on Jeremie, he's new here, we should make friends with him”

“But...” before they could decide what to do, the door opened,

“What are you doing here?” John asked.

“Well we heard that you were new and ...”

“My name's Odd this is Jeremie” Odd interrupted Jeremie

“Hi, I'm John”

“So when did you come to the school? I didn't see any cars or anything this morning” Jeremie asked.

“I came in the middle of the night” Odd puts his hand behind his head, and says

"So it was you who knocked,"

"I don't know"

"What do you mean?" asked Jeremie

"Well all I can remember is waking up in the infirmary"

"So you can't remember anything?" asked Odd

"No nothing except my name"

Suddenly Jeremie's mobile rang, it was Ulrich,

"Jeremie there's a problem, the computer controlling the schools temperature has gone out off control we're guessing it's X.A.N.A I'm can't make it because X.A.N.A has locked the doors and windows in the canteen. We need you and Odd to go to the factory, go before X.A.N.A finds a way to lock you in."

"Um... sorry about this, but we have to go." Jeremie said as he grabbed Odd and ran out.

The temperature in the school started to rise, till it got to a point were nobody could stand it, X.A.N.A had now lock up all of the school,

"Why in the world is it so hot?" asked John to himself, "I've got to get out before I get cocked".

As John was trying to get out of the dormitory, Odd and Yumi are at Lyoko helping Aelita to deactivate the tower.

"Your almost there"

"Easy for you to say, your there in that seat of your, while we are getting chased by some Crabs."

"Grow up Odd, if it wasn't for Jeremie you or me will not be able to came to Lyoko and protect Aelita"

"You know, I don't think this is the best time to be arguing about something" said Aelita as a crab takes a shot at her but misses.

"You two go, I'll take care of the crabs" Odd says as he stops and turns around and takes a shot at the crabs. He kills two of the three that were chasing them, then after getting hit several times, he gets taken out of Lyoko.

As Yumi and Aelita near the tower, a crab appears from the side, and takes a shot, that hits Aelita.

"Look out" Jeremie shouted.

"Go, the tower is right there, I'll distract the crab." Yumi says as Aelita runs into the tower, and deactivate it.

“Return to the past now.” Jeremie says, as the white wave consumes everything.

\* \* \* \* \*

Jeremie and Odd are outside John's door, knocking on it, John answers.

“Hi, um...Jeremie and Odd was it?” John said has he opened the door.

“How do you know us?” asked Jeremie.

“We met yesterday. Don't you remember, you two came here, you asked me a question or two, and then your mobile rang, and had to go, then a bit latter the school got extremely hot.” Jeremie looked at Odd a bit worried, “I saw a pamphlet saying that you hade a band.” John said looking at Odd “do you need a drummer?”

“Um we will get back on you about that, but we have to go and meet up with someone. See ya later” Jeremie said as he went down the corridor.

“What's up with him?” John asked Odd

“Don't know I'll go and see” Odd said as he ran after Jeremie, “See ya”

“See ya”.

\* \* \* \* \*

Jeremie, Ulrich, Yumi and Odd are outside talking

“So he still remembers what happened?” asked Yumi

“Yes, I don't under stand it” Jeremie replied.

“Maybe he has been to Lyoko” Odd said.

“Come on Odd, do you actually think that...”

“Now hold on there Jeremie, he has no memory of what happened to him before he come to the school, so it mite be.” Ulrich interrupted.

“So what do we do, tell him about Lyoko?” asked Yumi

“No, not now, maybe sometime, but not now” Said Jeremie.

## 2 - Part 2

### Unknown Memorys

#### Part 2

Ulrich, Yumi and Aelita are in the forest in Lyoko looking for the activated tower,

“The Tower is just around here somewhere” Aelita said worried,

“I know how you feel, there has been no monsters so far” Yumi said.

“Heads up five wasps, coming at you, three to your left and two to your right” Jeremie said to late, because one of the wasps shot and caught Ulrich in the arm,

“Ulrich you have only 60 life points left”

\* \* \* \* \*

Odd and John are talking in Odds and Ulrich's room,

“So exactly why am I not allowed to use my mobile?” Asked John,

“Well...there is this...hacker, ye that's it a hacker and he has put this signal into the mobile wave things, and if you hear it you get taken over” Odd replied,

“So this `hacker' is putting some kind of subliminal messages into the signal, which is hypnotizing people?”

“Um... .... ye”

“So what is he getting them to do?”

“Attack people who haven't been hypnotized”

“So is that why we are barricaded in your room?”

“Um... .. ye”

“Were is Jeremie?”

“He has...gone with my other friends Ulrich and Yumi to get help”

\* \* \* \* \*

Ulrich and Yumi were fighting the wasps, whilst Aelita is looking for the tower, Ulrich killed three of the wasps but got killed himself, and Yumi killed the other two.

“Aelita have you seen the tower yet?” asked Yumi after defeating all the wasps,

“Yes but it's being guarded by a block”

“Jeremie haw many life points do I have?”

“Only 40, you should look out, ok Yumi?”

“Ye ok. Aelita I'll distract the block, you go and run into the tower, ok?”

“Ok” said Aelita as she nodded here head. As Yumi fought of the block Aelita successfully infiltrated the tower.

“Return to the past now.” Jeremie says, as the white wave consumes everything.

\* \* \* \* \*

John is outside Odd and Ulrich's room, he knocks on the door,

“Odd go and see who it is” said Ulrich from behind the door.

“Why do I have to?” Asked Odd,

“Just answer it will you”

“Ok, ok” Odd opens the door, “O hey John”

“Hi, heard anything about the mobiles?” Ulrich's sits up,

“Uh???” Ulrich whispers to Odd, “So it is true”

“Um...ye they fixed the problem” Odd said, “You want to come in?” So John goes into Odd and Ulrich's room, they talked about John joining with there band, and replacing Nicholas as the drummer.

After a while, John realized that it was very late. So John said goodbye to Odd and Ulrich, and left there room, and started to head to his. When he reached his room, he heard a noise like two people talking in Jeremie's room, so John went to go closer to Jeremie's door.

“So haw's the Materialization program coming?” asked a females voice,

“Slowly, but it will not be long now, Aelita, you will finally be able to leave Lyoko”. But as Jeremie said this, John had a sudden flashback, of a woman saying:

“...this is Aelita, she will help you in Lyoko...”

John rushed into the room asking

“Were is Aelita?” Jeremie turned around looking shocked, Aelita even more so.

“What who told you about Aelita, was it Odd?” Jeremie asked in an angry voice,

“What...I...I...I don't know, I just here you talking, and when I heard the words Lyoko and Aelita, I just had a flashback of a woman saying something like `Aelita will help you in Lyoko' and that is all I can remember” Jeremie turns to Aelita,

“Have you seen him before?”

“No, I don't think so” Jeremie, thinks for a bit,

“So this may have something to do with you going back to the past with us”

“What in the world are you talking about?” asked John, but Jeremie didn't answer, he just said,

“Right, tomorrow I'll get the gang together and we'll meet here, after that we will take you to the factory”

“The factory?” asked John.

## 3 - Part 3

### Unknown Memorys

#### Part 3

John, Jeremie and Yumi are waiting for Odd and Ulrich to turn up,

“So let me get this right.” Yumi says taking a big breath, “When we return to the past, John dose as well, and when he heard you talking to Aelita about Lyoko, John had a flashback about Lyoko.”

“That seems about right to me” Jeremie said looking at John, “So you don't remember anything?”

“No” answered John with his head in his hands. Suddenly there was a knock on the door, Jeremie gets up from his seat and answers the door,

“Ulrich, why were you so late?” Jeremie says,

“Odd over slept,”

“O ye blame me” replied Odd from behind the door.

“It was your fault” Ulrich shouts.

“It doesn't matter. Let's go” Jeremie said, and then the five of them went to the factory.

On the way there Odd and Jeremie starts to talk, (They decided to walk because they didn't have enough skateboard or scooters for them all)

“So why did you bring him to the factory?” Odd asked nodding his head towards John who was in front of them.

“Well, he may get a flashback again, and we mite find out more on Lyoko, and maybe the secret to Aelita's materialization program.”

So the five of them reached the factory,

“Anything?” Yumi asked,

“No, nothing” John said. They then went to the elevator, and they went down to the main computer room, after Jeremie punched in the code for the door and the doors opened, John grabbed his head, collapsed and had another flashback:

\*\*\* The doors opened and a woman, talks to John,

“So this is the super computer, you will not have to worry about this now, but one day you will have to learn how to use it.” The woman goes to the screen and then points at the screen, on the screen was Aelita. “You will not be alone in Lyoko, this is Aelita, she will help you in Lyoko, she was created to get rid of any bugs, she is not activated at the moment...” \*\*\*

Back in the factory, Yumi, Jeremie, Ulrich and Odd are standing around John,

“Do you think we should do something?” Odd asked,

“Not yet, give it a few minutes, if he still out in about half an hour, then we'll do something” Jeremie said,

“Why? Why wait?” Odd asked,

“Well he may have a flashback, and I don't know what to stop it.” At that very moment John got up,

“Where am I?” he asked, everyone looking at him, “What happened?”

“You collapsed, and then you got up” Odd said, John put his hand over his face, and started to talk

“I...had another flashback,” everyone looked at John, “It was in this room, a woman, with long red hair was talking about Aelita and that ‘she was created to get rid of any bugs.’ The woman also said that I'll have to learn how to use the super computer, but I don't even know what it does.” Jeremie put his hand to his chin and began to think,

“Well, now we know that Aelita was created to help with problems like...” Ulrich started but Jeremie cut in,

“So you can use the super computer?”

“I don't know, what does it do anyway?” John asked

“It controls the scanners and...” Jeremie stops when he saw John put his hand over his eyes,

\*\*\* The Red haired woman and John are in the scanner room,

“You will be entering Lyoko, via the scanners. John go in the scanner and go to Lyoko, when your there find a tower and activate Aelita, after see has been activated, we will test out your weapons...” John enters the scanner. A male voice says,

“Scanner John...” \*\*\*

“Are you ok?” Asked Yumi, John removes his hand from his face and says,

“I have to go to Lyoko”

“Why?” asked Odd

“I just had another flashback, and the woman told me to go to Lyoko, and Activate Aelita from a tower.”

“Aelita has already been activated” Yumi said,

“I know, haw else would Jeremie talk to here? But I have to go to Lyoko.”

“Ok, you can go, but who will go with you?” Jeremie said,

“Odd and Ulrich can go. I'll better be getting back home.” Yumi said, “See ya” Yumi turned and went into the elevator, and everyone said

“See ya” to her as she went.

After the elevator came back, Odd, Ulrich and John went in. Jeremie went and sat dawn at the computer,

“Aelita, Aelita can you hear me?” Jeremie asked as he started the program,

“I'm here. Is anything the matter?” Aelita replied

“No nothings wrong, but I'm sending Odd, Ulrich and John to Lyoko, were are you?”

“In the forest, why is John coming?”

“It's too complicated to explain now, I'll tell you later”

John, Odd and Ulrich enter the scanners, Jeremie's voice is heard

“Scanners Odd. Scanners Ulrich. Scanners John. Virtualization.”

John, Odd and Ulrich entered Lyoko,

“Well this is it.” Odd said,

“Remember anything?” asked Ulrich,

“No nothing” John said, Jeremie's voice is heard,

“The closest tower is North East, that is were Aelita is,”

“Ok,” Ulrich said, as they started to run towards the tower.

\* \* \* \* \*

As the three of them reach the tower, Aelita comes out,

“X.A.N.A as launched an attack,” John once again has another flashback,

\*\*\* The Red haired woman is talking to some other people, John is in the background,

“X.A.N.A as launched an attack, we haven't got much power left, we need one of you to go to Lyoko”

“I'll do it,” John said stepping forward,

“No you have already coursed too much trouble as it is.” One of the men said,

“I don't care, I'm going” John said as he ran to the elevator,

“But he is too young to be risking his life” another man said, the Red haired woman smiles,

“But he is one of the best,” the woman said, “Right, get ready. Alex, go to the data room, and find out what is the problem. Ryan, go and scan John in. The rest of you help with getting the power back up.”

\*\*\*

“What is it?” Odd asked,

“Another flashback” John replied,

“What was in it?” Ulrich asked,

“There was a X.A.N.A attack, I went to Lyoko to stop X.A.N.A, but I don't know if I did stop the attack or not.” John said, Jeremie's voice is heard,

“It can wait X.A.N.A is trying to attack the super computer, you have to hurry. The activated tower is in the mountain area”

\* \* \* \* \*

When they reach the mountain area, there were five crabs waiting for them,

“You lot go, I'll stall them,” John said, getting his Magnum Revolver out,

“You won't be able to kill them all” Aelita said,

“That is why I said stall,” John answered, giving a smile to Aelita, “I'll start to attack, then when I'm attacking them, you run. Ok?” Ulrich nodded and said

“Ok”.

John Kill one crab instantly with his Magnum Revolver, then he got out his twin daggers, and killed two more before getting hit to much, and left Lyoko.

John went up to the super computer to see haw the rest were doing.

“Well did my plan worked?” John asked Jeremie,

“Yes, but the two that you didn't kill are now after Odd, Aelita and Ulrich.” Suddenly a warning message, came up X.A.N.A had successful taken over the super computer. But John seeing the warning message, had another flashback, and collapsed.

## 4 - Part 4

### Unknown Memorys

#### Part 4

John wakes in his room, Odd, Ulrich and Jeremie are around him,

“What, were am I?” he asked

“You're in your room, you passed out a bit after getting devitalized” Odd answered,

“Well do you remember anything?” Ulrich asked

“Ye, It was the last time I was in Lyoko, before coming here, X.A.N.A had attacked the factory, I think it was a training place,” John said

“What you mean for the military?” Odd asked

“I don't know, but the Red haired woman was the head of the organization. A lot of people that worked there were killed in the attack.”

“What happened to you?” Ulrich asked,

“Well I was in Lyoko, I went there because I had done something that I shouldn't have, and I wanted to make things right,”

“What was it?” Ulrich asked

“I don't know”

“Well, What happened to you in Lyoko?” Jeremie asked

“I don't know” There was a knock on the door,

“John are you in there?” Jim asked on the other side on the door,

“Ye” He said, then Jim opened the door,

“John the principal wants to talk to you,” Jim said

“Why?” John asked

“I don't know,” Jim said “he just told me to get you”

\* \* \* \* \*

“Now John,” the principal said “you have been at this school for about a week now, and all that we could find about you is your birth certificate, but all it told us was your name and your birthday,” John nods, “but just today we found a bank account in your name, that had just been created recently, and there was €100,000 put in there by someone by the name of “Rachel”, have you ever heard this name before?”

“No, sir” John answered lying.

\* \* \* \* \*

“Wow, €100,000 what you going to spend it on?” Odd said, as John told Ulrich, Odd, Yumi and Jeremie about the money,

“I'll pay the school back, and then I'll get a laptop computer.” John said,

“Do you know why you got the money?” Yumi asked,

“No, but Rachel put it in”

“Um...Rachel?” Ulrich asked

“Well the principle said that the money was given by someone called Rachel, I remembered that the red haired woman in my flashbacks, she was the leader of the organization,” John said

“So if she put the money in recently, which may mean that she is still alive” Jeremie pointed out.

\* \* \* \* \*

It was in the middle of the night, and John was having a weird dream,

\*\*\* John was in the factory, on the super computer, Rachel comes in,

“John what are you doing?”

“Nothing, just having a look around Lyoko,” a warning message came up on the screen,

“What did you do?”

“Nothing,” John said,

“It must be X.A.N.A, John go and get the others,” Rachel ordered, and John went.

When he came back he was with about 20 other people, Rachel stood in front of them, and began to talk,

“X.A.N.A has launched an attack, Jack, Ann and Gareth, go to Lyoko and deactivate the tower with Aelita, Ryan Scan them in, then find out what X.A.N.A is attacking”. After Ryan scanned them in, he found out that X.A.N.A was attacking that electricity in the factory, “Right Elisabeth, and John go to the power room, and see if there is any damage” John and Elisabeth went to the power room.

“John you go and check the computer, I'll go and see the boiler,” Elisabeth,

“Ok,” John said as they splat up, John reached the computer, and started to type on the keyboard. He found out that one of the boilers it to unstable, he ran to the boilers shouting

“Elisabeth get out off there” but it was too late, there was a huge bang, and the sound of Elisabeth screaming. \*\*\*

John woke up, sweating.

\* \* \* \* \*

The next morning John was talking to Aelita, and Jeremie in Jeremie's room

“It was treble, if I would have ran faster I could have saved here,” John said

“It wasn't your fault” Aelita said

"Anyway it was just a dream" Jeremie said

"I don't think so, it was too real to be a dream," John said

"So you think it was another flashback?" Jeremie asked,

"Yes" John answered, there was a pause, and then Jeremie said,

"Come on, or we will be late for our lesson," Jeremie said goodbye to Aelita and switched his computer off

"Grate that's just what I need," John said looking at some paper

"What?" Jeremie asked

"We have double physics"

\* \* \* \* \*

That night John had another dream,

\*\*\* John was in the super computer room, with Rachel and the rest off organization (except for the ones in Lyoko). A man starts shouting at John,

"It you fault that she's dead, you killed her, you..."

"Be quiet David, I wasn't John's fault, ok?" Rachel asked, David nodded,

"Um...Rachel, there's a problem with the scanners," Ryan said,

"What's the problem?" Rachel asked,

"Well X.A.N.A has done something to them and now is one off the people die in Lyoko, they'll die in real life."

"What's the situation in Lyoko?" Rachel asked

"Not good, Jack has good 30 life Points, Ann 50 life Points and Gareth 10 life Points left."

"Right I need you to go and..." Rachel said pointing at David, but Ryan interrupted,

"Gareth is.....dead"

“What?” Said Rachel,

“They were abashed by some crabs and...” Ryan said,

“No...What about Ann and Jack?”

“Not looking good,”

“Why don't you devitalize them, and send more people in?” Alex said

“It's a good idea,” Ryan said looking at Rachel

“Do it” she said. As Ryan tried to devitalize Ann and Jack, X.A.N.A sent a surge of power through the two scanners, destroying them.

“What happened?” Alex asked,

“X.A.N.A must have destroyed the scanners when Ann and Jack were being devitalized,” Ryan said

“What's happened to Jack and Ann?” David asked,

“I...don't know” Ryan replied.

Rachel gadded all the members of the organization in front of the super computer,

“As you may know, X.A.N.A has launched an attack, we haven't got much power left, we need one of you to go to Lyoko”

“I'll do it,” John said stepping forward,

“No you have already caused too much trouble as it is.” David said

“I don't care, I'm going” John said as he ran to the elevator,

“But he is too young to be risking his life” another man said, the Red haired woman smiles,

“But he is one of the best,” Rachel said, “Right, get ready. Alex, go to the data room, and find out what is the problem. Ryan, go and scan John in. The rest of you help with getting the power back up.”

When John got to Lyoko, he was in the Desert area, Aelita was just ahead, he heard Rachel saying,

“Protect Aelita, she is the only one who can stop the attack, the tower is north to where you are now.” John went up to Aelita,

“Are you ok?” John asked,

“Yes, but I don't have a lot of life points. Where are Jack, Ann and Gareth, I thought they were coming”

Aelita asked,

“Um...”

“There's no time, you must deactivate the tower” Rachel said.

They got close to the tower,

“Look there it is,” Aelita said,

“Ye but it's protected by six Blocks” John said, “I'll go dell with them you say here” John went up to them and shot three bullets one of them killed three blocks, another bullet killed another block and the third missed, he got out his daggers and killed the other two,

“How many Life Points do I have left?” John asked Ryan

“50” Ryan answered.

“Ok Aelita go to the tower” John said to Aelita, as she got near John Ryan said

“John look out there's another block,”

“What?” John said, but the block toke a shot at Aelita, John realizing that if she gets hit she get killed, so he dived in front of Aelita and shot at the block with his magnum, which killed the block, but the shot that the block fired knocked John back, and over the edge of the platform, and into the data stream. \*\*\*

\* \* \* \* \*

Jeremie wakes up, and dresses then realizes that there is a note has been pushed under his door. It was a note from John saying that he is in the factory. Jeremie then goes and get Odd and Ulrich and call Yumi and tell her to meat them in the park.

When they all got there they went to the factory.

“So Jeremie what's this all about?” Yumi asked, on the way

“John has gone to the factory” Jeremie answered

“Why?” Yumi asked

“Don't know, he just left me this note”

\* \* \* \* \*

When they got to the super computer room, that found John using it,

“Oh, hey guys,” he said looking up from the screen,

“I didn't know you could use that” Odd said,

“Ye nether did I, but I can,” John said

“Could you send us to Lyoko?” Ulrich asked,

“I think so”

“Why are you here?” Jeremie asked,

“Well, last night I hade another dream flashback thing, were I was in Lyoko, and to save Aelita I fell into the data stream,” John said

“So it was something similar like I did,” Yumi said, remembering the time she knocked a Mega-tank off the platform and into the data stream, along with here self.

“But if you fell into the data stream, how did you get back?” Ulrich asked

“I'm guessing it was one of Jeremie's attempts to materialize Aelita,” John said,

“Well I think it's possible, but that doesn't explain why you're here” Jeremie said,

“Well, I remembered that there was a memory of all the thing that have happened in Lyoko, by the looks of thing it was deleted after the X.A.N.A attack on the factor in the flashbacks,” John said

“Which will explain why Aelita didn't know you” Yumi said.

“I guess,” John said.

“One thing I want to know is what was the organization and what were they doing” Ulrich said,

“That's two things” Odd said laughing,

“Shut up Odd” Ulrich said.
