1 - Kitana

One day in Osaka, Japan, a rebellion with happening. Japan was revolting against China's harsh rule. A little blonde girl is being dragged in by a white woman. She pushes the little girl into a closet and starts to run but Chinese Guards kills her. They leave and the little girl keeps really quiet. A man comes slowly over to the closet and opens it. She picks up a broom and swings it at him. Man: "It's ok little one. You are safe now. They have gone." She puts the broom down. Man: "You have a spirit of a warrior in you. Come, I will prepare a place for you to stay here at my Dojo..." He takes her hand and they walk out.

In the same Dojo, 10 years later, the same girl has become a beautiful 15 year old. China still ruled over most of Japan still. Man: "Kitana, are you ready to take your new student... he is here." Kitana: "Oh, send him in Sucasa." He walks out and a boy comes in. The boy is really quiet. Kitana: "Hi, I'm Kitana Wanichio your combat instructor!" Boy: "You're kidding me. You're a girl!" Kitana: "Nothing slips past you. Now let's start your lesson. First we're going to start stretching..." Boy: "Give me a break. You're as old as my sister! I could beat you!" Kitana: "Oh really?" She smiles. Boy: "Yeah." Kitana: "Ok, let me get the wooden polls..." She pulls out the polls from a closet and tosses him one. Kitana: "Let me get warmed up for our fight, see I haven't fought anyone since Yomaro, The Gray Assassin." The boy's eyes widen. She spins the poll around on her hand and rolls it down her back. She jabs it and spins it around. She throws it up and back flips. She catches it with her feet and spins it around while she's doing a hand stand. She flips up to her feet and catches the poll in the air. Kitana: "Ok, I'm ready..." She smiles and crouches down. Boy: "Uh wait... I uh haven't had much training..." Kitana: "Oh really?" She smiles. Boy: "Let me warm up now." He takes a deep breath and cracks his neck. He throws the poll up and tries to catch it but misses. She laughs quietly. He tries to black flip and hit his head on the mat. She runs over and grabs the poll before it hit him in the head. It's inches away from his face. Kitana: "That would have made an interesting bruise! Done making a fool of yourself? Come on get up..." He tries to flip up but falls back down. She helps him back up. Kitana: "First, you stretch!" The boy sighs.

Later that day she's still working with the boy. Kitana: "Good now just put a little more power in it." He slowly steps back and punches a bag she's holding. Kitana: "Good!" A dark man comes into the room. Kitana: "Uh Simon, we better call it a day..." Simon: "Aw why?!" Kitana: "You better end on a good note... now get!" She puts the polls up in the closet and puts on her Kitana belt. Simon: "What's going on?! Can I watch?! Aw cool! You're going to fight him aren't you?!" Kitana: "Simon! Get out of here now... last warning..." Simon: "You never let me have any fun! I could be your sidekick..." He walks out but keeps peaking in the door crack. Kitana: "Can I help you Sir?" Man: "Yes. You are The Black Shadow Warrior?" Kitana: "Yes I am. You got a problem with that?!" Man: "Yeah, I do. See I don't like you. I don't think women should carry around sabers." Kitana: "So you wana fight or not?" The man charges at her and pulls out his saber and swings it at her. She jumps back and kicks him down. He tries to cut her legs but she jumps up and steps on the sword. He tries to pull it but can't. Kitana: "Uh uh uh!" She kicks him back and pins him on the floor with her body. She pushes her sword on his throat. Kitana: "Name and who sent you." Man: "I -I- am Xorw Fang. Master Li sent me..." Kitana: "Tell him that if he has enough guts to come down to the Dojo himself, I'll be waiting..." She gets off him. Kitana: "Get lost loser!" He runs out. Simon: "That was awesome!" Kitana: "You little brat! I told you to leave!" Simon: "But nothing was bloody!?" Kitana: "I knew he was a Li Loser so I wanted to get you out. They

like to take hostages and not give them back. That really bugs me too..." Simon: "So you going to kill this Master Li guy?!" Kitana: "Only if he wants to die. Now you have to promise me something..." Simon: "Sure what?!" Kitana: "Don't tell anyone about this. MOST OF ALL PLEASE DON'T TELL Sinai Sucasa!" Simon: "Why, you didn't do anything bad?" Kitana: "I almost broke a guy's face and Sucasa is against any aggression here!" Simon: "But you teach fighting!" Sucasa: "There's a difference of fighting and defense..." He walks in. She groans. Sucasa: "I thought we talked about all your fighting will take place OUTSIDE the school!" Kitana: "Well I had no choice. He's a Master Li Loser. They don't exactly take requests!" Sucasa: "Was there any blood?" Simon: "Nah. Even through she could've got him when she had him pinned away from his sword..." She smacks her forehead. Sucasa: "You were watching the fight?!" Simon: "Uh... I mean IF she had him pinned away from him sword?" Kitana: "Just go put his sword in the cabinet and don't touch anything else!" He walks off. Sucasa: "I know you don't look for trouble, it just seems to hunt you down and fight you when you're working with the last student!" Kitana: "Well I was going to just tell him to leave but if he did, he probably wouldn't go nicely and take another hostage, like last time..." Sucasa: "Well at least no one got hurt..." He walks off. Kitana: "Yeah but I could've got him like Simon says!" She smiles and walks in.

Simon's looking at all the sabers and pulling them out. He's swinging them around. Kitana: "Are you deaf or something?! I said don't touch anything else! I'm I speaking alien here or what?!" Simon: "Grr... I'm from Master Li. I've come to kill you Kitana... Wait, what he call you?" He puts down the sword. Kitana: "I don't know... now put back these swords you little trouble maker!" She starts picking them up and putting them back in there sheathes in the cabinet. Simon: "No, he called you something else like, Shadow Monster or Shadow Warrior. That's it, Black Shadow Warrior! Why'd he call you that?" Kitana: "That's my fighting name. I perfected the Shadow Warrior style, and I'm a black belt in another style too." Simon: "Wow, you're so much cooler then just a girl." Kitana: "Uh, thanks?" Simon: "Well I gotta get to dinner! I don't wana be late again! See you tomorrow!" He runs off. She sighs and closes the cabinet. Kitana: "Hope he doesn't see if the throwing stars work tomorrow." She groans.

That night everyone is sitting at the table eating. Simon: "So what are we going to do tomorrow Kat?" Kitana: "Kat?!" Simon: "Yeah. What are we going to do?! Throwing stars?!" She groans. Kat: "No I have, uh something I have to do tonight." Sucasa looks at her. She nods. He looks back down. Simon: "OHHH!! I wana come!!!" PLEASE!" Kat: "No! WAIT! You don't even know what I'm talking about?!" Simon: "Yeah I do!? About Master Li..." Kitana: "No! And you are staying here, that's final!" She stands up. Kitana: "Please excuse me I have to go..." She leaves. Simon: "Wait! Can I be excused?!" Sucasa: "No, finish your food." He groans and looks down at his food.

She's in her room all in black. She has a leather jump suit on. She braids her hair back and puts on her Kitana. She goes over to the window and opens it. She stands on the sill and pulls her self up to the roof. Simon comes into her room. Simon: "Kat? Where are you? I'm ready to go!" She hears him and runs along the roof. He looks at the window. Simon: "I'll cut her off at the gate!"

She's jumping roof to roof and running along them. She jumps off and looks around. She goes and peaks into a window. Kitana: "Oh no. Where is that little brat! Hopefully he's in the bathroom or something!" She goes off running. She goes over to the stable and pulls out her black horse, Phantom. She jumps on without anything on her. She gallops over to the gate and unlocks it. She goes out and locks the gate. She gallops off into the town.

She comes onto a small warehouse. She jumps off Phantom and creeps over to the door. She hears a

man coming and she jumps onto the roof. He comes out and closes the door. She jumps onto of him and knocks him out. She opens the door slowly and looks in. There's a man sitting on a pillow and a bunch other talking to him. She slips in and closes the door. She sneaks over to where he is. She stands up on a crate. Kitana: "Ok game's over Li." Everyone looks at her and gasps. Kitana: "This is where you send all these Li Losers over and I kick there butts!" The man snaps his fingers and about 20 men surround the crate. Kitana: "Well, I guess these will have to do!" She pops her sword out with her thumb. She cuts a few guys in their hands. She picks up their swords and throws them at the man that was sitting now running. They stick into his clothes and stick him to a wall. She walks over to him. Kitana: "Never walk away from me when I'm talking..." She cuts him loose. Kitana: "The way I see it, I have two choices. I kill you now, or you leave Japan and never come back." She pushes her blade on his chest. Kitana: "You have 3 seconds to decide..." Man: "I like you're attitude, but I'm going to haunt you till the day I kill you!" Kitana: "Sorry, wrong answer!" She cuts off his arms. Kitana: "Thanks for playing..." She wipes her blade off on his clothes. She walks off.

She gets back to her room and takes her hair down. She shakes it and stretches out on the bed. Simon: "Hey!" She flips onto her feet. Kitana: "SIMON! Don't creep up on me in the dark. Next time you wouldn't have a head to say 'hey!' anymore!" Simon: "I lost you in the town. I tried running after you but you were too fast..." Kitana: "That's the whole point I rode Phantom... duh. Now get to bed runt!" He walks out. Kitana: "I gotta start getting better students..."

The next day Simon comes into the Dojo. Simon: "Alright! I'm ready for my lesson!" Kitana: "Simon... you're an hour early." Simon: "I know. I'm going to watch you with the other students..." She rolls her eyes. Kitana: "Whatever. This is Show Lin. She's a red belt student. Now not another word from you Simon! Ok Show Lin, I want to see you do another right punch into a Black Night." Simon: "What's a Black Night?" Kitana: "Simon... shut up! Ok... go!" The girl punches then flips back and kicks the bag Kitana's holding. Kitana: "Nice but you have to do it a lot faster and try only using your right hand in the flip it'll make it easier to punch with your left when you come out. Alright, try it now..." The girl punches the bag then flips back kicking it and punches it with her left. Kitana: "Good but never take your eyes off your opponent. Chan Chow is fast for his age. He can change his attack in just a little over 3 seconds. Show Lin but if you just do a right punch to a Black night Left, he's toast!" She smiles. Kitana: "If you want, I have the next belt in the case outside. You can go see it if you want. You did a great job. I'll cut it short today..." The little girl runs out. Simon: "Who's Chan Chow?" Kitana: "A boy she's fighting in a belt fight. Get the polls out." He pulls them out. Simon: "I wana fight someone!!" Kitana: "You're not even close to getting your yellow belt!" Simon: "What do I have to do?!" Kitana: "For one, you have to be able to do 30 push ups, a compete Double Punch, and front kicks." Simon: "What's a Double Punch?" Kitana: "This..." She spins around and punches the bag she trough in the air. It goes flying. Kitana: "Only twice." Simon: "I can do that..." Kitana: "Ok, here. Try it here." She picks up another bag. He weakly punched it twice. Kitana: "Wrong." Simon: "What?!" Kitana: "You put your weight into it and step with the opposite foot. Like this..." She punches out and takes a step with her other foot. She does it wit the other foot and hand. Kitana: "That's all. Try is again." He does it really slow. Kitana: "Ok you're problem is you don't wana fully attack the bag. You have to show your fierceness. That the true reason I make you do this for the next belt." He does it again but a lot better. Kitana: "Better! Let loose your anger on it. Then stop your emotions right when you finish..."

A person walks by the Dojo with a saber. A few more run around the Dojo. She looks around. Kitana whispers: "Simon you have to do this without asking. When I tell you to, run over to the cabinet and grab the stars. Throw them as fast as you can at me ok?!" Simon: "What?!?!" Kitana: "Do it now!" He runs

over and throws them at her. About 6 Ninjas jump in and she catches the darts in the air and throws them at them. She sticks one to the wall. She kicks one while finishing the throws and he flies back. One punches at her and she ducks. She kicks him over him back and he hits the other guy. The last one throws stars at her. She catches them and drops them. She back flips kick at him but he grabs her leg. She spins around and flips him over. She pins him down and he cracks a smoke bomb. Simon: "Catch Kat!" He throws her Kitana in the smoke. He hears a rip. He looks into the smoke and keeps looking for her. The smoke clears. She stands up. Kitana: "Next time, don't throw my Kitana at me when I'm facing the other way and have the Ninja..." Simon: "But I couldn't see anything!" Kitana: "I had him pinned down and was just about to ask him who he was when I hear a blade coming at me. So I punch him and ducked right before it got me. You tore my komodo though!" She stands up. Kitana: "You can't tell Sucasa about this! Please!" Simon: "Ok, I'll keep your secret on one condition." Kitana: "Here it comes..." She rolls her eyes. Simon: "I'm going to be your side kick. The Masked Man." Kitana: "More like Bug Boy! Look, I am not going to blacked mail by a dumb little kid!"

Later that day she goes into the student dorm and goes into Simon's room. Kitana: "I finished your costume..." She comes in with a costume. Kitana: "I have bad news... You're going to be the Masked Man..." She hands him the costume. Kitana: "Good luck..." She walks out. Simon: "Why'd you wish me good luck? Oh well..." He picks up his costume and looks at it.

Find out why she said that later...

If you liked it tell me so I know to put up the next part. :)

2 - Ni... (Two)

This is part two, but you probably got that, lol...

Later that night he walks into her room. Simon: "Kat? Where are you?" He looks around and turns on the light. Her clothes and shoes are gone. Her bag is gone and the bed is neatly made up. He runs into the Dojo. Simon: "Kat?!" He opens the cabinet and her sword is gone. He runs into Master Sucasa's room. Simon: "Master Sucasa! Kitana's gone?!" Sucasa sits up. Sucasa: "Simon, calm down. It's alright." Simon: "But she's missing?!" Sucasa: "No, she's gone to do what she wants. She's now Kitana Wanichio, Shadow Warrior." Simon: "But she can't. Where is she going to live? Bathe? Eat?!!!!" Sucasa: "She'll be fine. Now go to sleep!" Simon: "But why did she leave." Sucasa: "Who knows, she's a girl!" Simon: "Good point!"

Later that night there's a tap on the screen of an older man. He opens the screen. Man: "Yes?" Kitana: "Hello Yomaro. I'm not here to fight. I want to make peace and rest here for the night." Yomaro: "I see you are well and quiet strong now but you may stay here. Sinshi, prepare the guest room for Kitana Wanichio." A young man around 17 comes out of a room. He looks at her. Sinshi: "Father, she is a woman. She can not stay here in the school. It's against the code." Yomaro: "She's spared my life once before, I will break the code for her. Please come in, you shall be my guest." She takes off her shoes. Kitana: "Thank you." She walks in and he closes the door.

The next morning at dawn she's putting her hair up and getting dressed. There's a tap on her screen. She goes over and opens it. Sinshi is standing holding a kimono. Sinshi: "This is from my father. He sends his greetings and breakfast will be at 7 o'clock." Kitana: "Thank you." She takes the komodo. Sinshi: "May I ask you something?" Kitana: "Sure." Sinshi: "You carry a double bladed Kitana. Why?" Kitana: "How else am I supposed to fight against sabers in ticked off guy's hands?" Sinshi: "You, a girl, in a fight? You don't even know how to use a Kitana do you?" Kitana: "I beat your father didn't I?" She smirks. Sinshi: "I thought you saved his life?" Kitana: "I did, I stopped beating the tar out of him." Sinshi: "I would like to see you fight...if you could." He laughs. Kitana: "You do have a mat here don't you?"

They're in a room with sabers all the walls. She sees an empty place. Kitana: "That one for me?" She smiles. Sinshi: "Actually The Black Shadow Warrior." Kitana: "Let's fight." Sinshi: "Me? Fight you?!" Kitana: "You chicken?!" Sinshi: "Name the weapon..." Kitana: "Hum... Wooden Polls." She smiles. He tosses her one. Sinshi: "Ladies first, you can warm up on the mat first..." Kitana: "You might regret that..." She starts spinning the poll in her hand. She flips with it over her head and lands on her left hand. Sinshi: "What's your style?" Kitana: "A little thing I came up in my spare time called Shadow Warrior style. Its Judo power mixed with Ninja stealth, speed and acrobatics, Samurai weapons and a touch of Kunfu grace." She's still spinning it in her right hand. She throws it up and it lands on her foot balancing straight up. Sinshi: "I use the Jujitsu technique." She kicks it off and flips back to her feet. She closes her eyes and puts her hands by her side. Kitana: "Figures. It's getting more popular now isn't it?" The poll flies right to her face. She catches it inches away. Sinshi: "Yes. Heard of it?" Kitana: "Only from the guys I've pinned down. You're turn..." She steps off the mat and sits down. He takes the poll and spins it slowly around his hands. He rolls it down his wrists. Yomaro: "What is going on here?!" He stops.

Sinshi: "We were going to fight." Yomaro: "Have you forgotten everything I've taught you?! You do not go up against anyone more skilled than you or has two black belts and is The Shadow Warrior." Sinshi: "You're The Shadow Warrior?! You have two belts?! In what?!" Kitana: "I have one in Shadow Warrior and Jujitsu." Sinshi: "Why didn't you tell me that?!" Kitana: "You didn't ask." She smiles.

At breakfast, everything's quiet. Kitana: "Thank you for all your help..." She stands up and goes to her room. She puts her other kimono in her bag and puts her kitana on. She walks away from the Dojo. She keeps walking and goes into the town. She's buying some bread when she sees a man beating a woman up. Kitana: "Keep the yen..." She walks over to the man. Kitana: "What's wrong here?" Man: "None of your business girl..." Kitana: "Too late, it is now..." Man: "Why don't you fight me with your sword or you just walking around with a sheath?!" He laughs and she pulls out her Kitana. She quickly slashes his legs and he falls down. Kitana: "Don't interrupt me while I'm talking. It's a pet peeve of mine..." A few imperial guards run up. Guard: "What's going on here?! You know carrying any kind of blade is against the law. You're under arrest!" Kitana: "I have a better idea!" She pops her Kitana out and chops them up. She pops it back in and walks off.

She's sitting in an ally sharpening her blade with a rock. About 5 guards run up to her. She slowly looks up at them. Kitana: "Can I help you?" Guard: "Is your name Kitana Wanichio?" Kitana: "What if it is?" Guard: "Alright, you're coming with us." Kitana: "I think not..." The guards pull out their swords. She keeps sharpening hers. One tries to cut her and she dodges and he goes right on her blade. She kicks him off and keeps sharpening. Kitana: "Pity." Another charges her and she hits him in the head with the butt of her Kitana. Kitana stands up. Kitana: "Unless the rest of you want to be going to the infirmary, I suggest you leave before I get mad..." Guard: "We aren't leaving without our criminal." Kitana: "Too bad..." She stabs the guy and ducks. One guy tries to cut her but she pushes his sword into the guy behind her. They all fall down. She stands back up and wipes her Kitana on her kimono. She puts it in her sheath and she walks off.

She's asleep in an ally. A few guards run around her trying to ambush her. Her eye pops open from the sound of a branch snapping. A man is right above her ready to stab her. Kitana: "Hi..." She kicks him down and stands up. Guard: "By the decree of the King himself, you are to be killed before the war begins." They all draw their swords. Kitana: "War huh?" She smiles and runs up the wall. She runs along the roofs with a few chasing her. Kitana: "I should warn you. I'm having a pretty bad day..." She puts her thumb on her Kitana. The men stop. Kitana: "You're smarter than you look!" She runs off into the darkness.

A few days later she's at the Hong Kong gate in China. She walks up to the guard. Guard: "Who are you?" Kitana: "You're worst nightmare..." She stabs the guy and goes in. She sneaks into the palace and goes into the throne room. She over hear the King talking to a few other men. Man: "Japan's revolution is a big concern. They might send a few Ninjas here to assassinate you." King: "I have faith in my guards. No one will get in here without my knowledge." Kitana whispers to herself: "That's what he thinks..." She smiles and moves closer. King: "We have to keep peace by killing all the Japanese that oppose before they get out of hand." Man: "What do we do about The Black Shadow?" King: "Make sure she's dead before we wage full war. She shouldn't be too hard..." Kitana jumps out. Kitana: "Really?" King: "Guards!" About 30 guards come after her. She pulls out her Kitana and cuts them up, of course. She keeps fighting them while the King is running away. She jumps off one and chases after him. He's riding away in a carriage. She keeps chasing him for awhile. She starts to slow down. She growls and stabs her blade into the ground. Kitana: "No way you're keep Japan Buddy!" She pulls her

Kitana out and puts it in her sheath. She walks after them.

She hears gun shots and fighting coming from a bridge. She pulls her mask over her face. She runs to see what's going on and sees the Chinese fighting the Japanese guards and invading Japan's borders. She puts her thumb on the Kitana and runs into the battle. She slashes around and fights them off. The battle's over and she looks around and sees the Japanese Guards cheering. Guard: "It's The Black Shadow! He saved the day! We must feast!" They all take her into a palace and they're eating. King: "Take off your mask Black Shadow. Let us see who the real hero is. I will give you anything you and wife and children want." She keeps quiet and keeps looking down. She keeps her head down. King: "What is wrong? Why do you not show your face?!" She pulls her mask off and her hair falls down. She looks at him. Kitana: "I was trying to think of the man who saved the day." King: "You are a woman!" Kitana: "Yeah, I already knew that." King: "No woman is allowed to feast with the King!" Kitana: "I know, I'll be leaving now..." She stands up and bows. Kitana: "Thanks for the food." King: "No one is aloud to carry a sword of any kind unless they're a Royal Guard. You are a woman therefore can't be a guard. You are under arrest." Kitana: "I'm not going to kill a Japanese man, woman or child. It goes against my code." All the guards stand up and draw their swords. Kitana: "It's been great and all but I gotta go now!" She jumps on the table and grabs fan. She swings off and runs out the door. King: "After her!" They all run after her. The prince is sitting at the table too. Prince: "Lord Yu, she is no doubt a great warrior. She should be aloud to be free." King: "I want that too but law is law..." She brakes through the screen and comes running through. She grabs an egg roll and smiles. Kitana: "Thanks again!" She takes a bite and runs off. Prince: "Aren't you going to call the guards again?" King: "For what?" He smiles.

She's sitting in an ally eating the rest of the egg roll. She sees a guard walking by and she jumps onto the roof. She watches him walk by. She jumps back down and sits down. Kitana: "How ironic, I fight for Japan and they want to kill me too." She eats the last bite. Kitana: "Oh well..." She stands up and walks down the street.

She sees the Chinese Samurai gathering around the gate to the city. She looks around and sees the men just starting to wake up. Kitana: "Why is it always up to me...?" She runs over to the gate. She pops out her Kitana and runs into the men. She starts cutting the men up. She jumps on one's head and flips off into a kick. She knocks down 3 guys. She spins around and cuts a few guys as she ducks. She spins around and slashes a few behind her. She black flips onto a guy's head and grabs him with her legs. She flips him over and he slams into the ground. She stabs one and she kicks him off the blade. She blocks a few swords from them and punches a few. She kicks a few into the rest of them. The Japanese guards watch as she tears them up. She's in the middle of about 200 of them. She stabs the last guy and kicks him off her kitana. She sighs and looks around. She brushes some hair out of her face. She turns and goes back into the gate. All the men just stare at her. She just keeps walking quietly. All the men are whispering. She goes off into the darkness. All the men just keep staring were she went.

She's walking through a busy town market. She goes up to a woman in a booth. Kitana: "Can I have 2 loafs of bread please?" She pays her some money but the lady hands it back. Kitana: "What's wrong?" She turns around and sees everyone staring at her. Kitana: "What?" She steps to her right and everyone at her right steps back. Kitana: "What?!" Everyone is whispering. Kitana: "Word spreads fast around here. Thanks for the bread." She walks off with her bread.

She's sitting in an ally eating the bread. A few kids run into the ally playing. She smiles at watching

them fight and yell at each other. A mother runs over and grabs the kids. She stares at Kitana as she drags the kids away. Kitana sighs and stands up. She walks off the other way.

She's sitting on a brick wall facing China. She's looking at the sun rising. She sees silhouette of about 200 men marching. She sits up and ties her hair back. Meanwhile Emperor Yu of Japan was watching the sun rise from his palace. He's looking out his balcony with an important man to his right. King: "Rinio, I'm getting older and I fear my son, The Prince, is not ready to take the throne. He is not a warrior or a leader. I want a strong leader to rule over my people after I'm gone. I must find a different governor for them." Man: "What would Queen Miho do if she was not dead?" King: "If only she was here to rule." Man: "Lord Thai, that goes against the law to have a woman rule over Japan!" King: "You know I think of them identical to everyone else. They have very good qualities to them. They are at best, better than men." There's a war cry and they look over and see about 200 Chinese Samurai run towards the wall. They look in shock as a shadowy person jumps off the wall right into them. The person cuts the men up and flips all around. They dodge every attempt from the Samurais to kill them. King: "That is truly the best warrior I've ever seen! Who is that man?!" Man: "I don't know my Lord." King: "Well find out you idiot!" He runs out as the king keeps watching.

The person keeps fighting the men quickly and leaps around before they can even react. The King's man runs back in. Man: "Lord Yu, the one down there is called The Death Angel. I don't know why though. He seems to be a skilled fighter." King: "What is his name?" Man: "Uh... His last name is Wanichio." King: "Is he the son of Sucasa Wanichio?!" Man: "It seems to be!" King: "Once again, he has created the newest flawless fighter. Bring me that man!" The man bows and leaves. King: "I must pay a visit to Sucasa and applaud him on his work at Jade Forest School."

The man from the King comes down to the fight and sees that everyone is dead but the person in the black kimono. He walks up to him. Man: "Wanichio, the King wishes to see you." The person is still wiping off their blade. Man: "Sir, come with me now. We can't keep the King waiting!" She pulls her hood off and look at him. He gasps. Kitana: "Yeah I get that a lot these days." Man: "Are you The Death Angel?" Kitana: "I guess so." She puts her Kitana back into her scabbard. Man: "You have to come with me." Kitana: "Let me think...no." She walks off. He chases after her. Man: "The King wishes you!" Kitana: "Good for him!" She keeps walking. Man: "Death Angel, I order you to come with me." Kitana: "You don't own me you long haired wussy!" Man: "I will have you know that I am the King's right hand man!" Kitana: "Why, what happened to his arm?" She smiles. Man: "Guards! Detain her!" None of the guards come. Man: "Guards!" She smiles. Kitana: "I wouldn't be counting on them coming." Man: "Why?!" Kitana: "They don't want to die!" She smiles and keeps walking. Man: "How can you walk away from an order!" Kitana: "Like this..." Man: "You are coming now!" Kitana: "Sure, keep wishing that... dreams can come true." Man: "I will pretend I didn't hear you go against the King himself." Kitana: "Oh then let me say it a little louder. I'M GOING AGAINST THE KING HIMSELF!" She keeps walking. Man: "I beg of you. I'm going to lose my job if I don't bring you back." Kitana: "Bummer. Hate to be in your shoes!" Man: "Just come for one feast. Then you can leave." She stops. Kitana: "Feast huh?!" She smiles.

She's sitting on the floor eating at the royal table. The King: "Death Angel, why are you called that?" Kitana: "Cause everywhere I go, I bring death along for the ride." She goes back to eating. King: "I have been troubled by my Son. I want you to help." Kitana: "You want me to kill him?" King: "Oh no! I want you to take the throne." She starts choking. She takes a drink of tea. Kitana: "Be the King?! It's against the law, not that I care but you're the King and supposed to be all law and order." King: "Yes,

but I think it's time that we had some change." Kitana: "Well I'd love to be your guinea pig but I'm not cut out to do all this imperial stuff." King: "I could teach you." Kitana: "People don't like the idea of a girl walking around the palace, remember? Plus, I made a promise 10 years ago to find my parents killers. Until then, that's all I'm going to do." King: "I'm sorry to hear about them." Kitana: "Well I would've never ended up at Jade Forest." King: "Flowers always bloom after the fire." Kitana: "That too." King: "You are truly the greatest fighter. Is there any that are close to you in skill?" Kitana: "Nope, killed everyone close. Sorry, hope you find you guy or girl or whatever..." She stands up and bows. She walks out. Man: "Shall I send a guard to follow her?" King: "No, I don't want to lose anymore men. We are in a war if you haven't forgotten!"

She's sitting in an alley watching people go by. She stands up and everyone stops and is quiet. She walks down the street and everyone is staring at her and backing away. Kitana: "Welcome to Solitaryville. Population: The Death Angel and The grim Reaper." She walks off.

After the war, Japan is free of China's rule. Kitana is an outlaw and wanders the allies and streets of Japan. One day at Jade Forest School and Boarding Dojo, Simon is watching all the other kids play in front of the gate. He's sitting on the porch steps. He sighs and looks at the gate. A dark person on a kimono comes into view. Simon picks his head up. She squints because the person's in front of the setting sun. The person walks past the gate. The person looks around and pulls their hood down. Simon sees it's Kitana. He stands up and runs over to her. He hugs her. Simon: "Kat! I'm so glad your back!" Kitana: "Hey Simon." Simon: "Wow, where'd you get the awesome kimono?!" Kat: "Uh, a fan." Simon: "There's only 3 students from when you where here. Everyone else was taken home or moved away during the war." Kat: "Oh..." She hangs her head. Simon: "Lin and May are the other two." Kat: "Who's the fighting instructor now?" Simon: "Uh, no one. We had no one else to do it and Master Sucasa couldn't do it. Oh let me go tell everyone you're back!" He runs into the boarding house. She looks around and sees everything the same. She sighs. Kitana: "Hope it's different then everywhere else..." She walks into the boarding house.

A gong goes off. She walks into the dinning room and sits down with everyone else. Sucasa: "I'm glad you're back and safe Kitana. The war separated many." Kitana: "Glad to be back." Simon: "What did you do during the war?" Kitana stops eating. Kitana: "I, uh sold bread in Osaka." She goes back eating. Simon: "Oh come on. That's not dangerous! That doesn't sound anything like you!" She stops eating. Kitana: "It's a lot harder then it looks. You have to take money and give the people bread and make change and stuff..." She goes back to eating again. Simon: "Oh come on, my mother does that and it's boring! What did you really do? Did you fight?" She chokes on the food in her mouth. Sucasa: "Are you alright Kitana?" Kitana: "I'm just, uh, a little tired from my trip." Sucasa: "That is understandable. You can go to your room if you want." Kitana: "I think I will..." She gets up and walks out. Simon: "What was that all about? She couldn't have been selling bread it's so... normal!" Sucasa: "Simon, eat your food."

Simon knocks on Kitana's door. There's no answer. He opens the door. Simon: "Kat? He walks in. He looks around and sees she's gone. He looks over and sees her kitana laying on the chair. It had dried blood on it and is dusty. Simon: "I knew it!" Kitana comes in behind him. Kitana: "What are you doing?" Simon: "I was looking for you." Kitana: "I was taking a bath." He looks at her wet kimono she has on. Simon: "Oh. So who did you kill?" Kitana: "What?!" Her face turns white. Simon: "What's wrong with you? Every time I ask about what you were doing during the war, you freak out and just leave." Kitana: "I was selling bread..." Simon: "So did you have a customer that didn't like your bread?" He looks at her unbelievably. She looks at her Kitana and pushes it back into the sheath. Simon: "Who'd you kill?!"

Kitana: "No one..." Sucasa comes in. Sucasa: "Kitana, King Yu is here, He want to see you too. I'll be in the Dojo with him till you get dressed..." He walks off. She smacks her forehead. Simon: "Ooooooh you killed an important person!" Kitana: "I didn't! Now just go play or do school..." Simon: "It's Saturday. You know I'm going to find out, you might as well fess up now." Kitana: "There's always that chance you won't and if there's any hope in the world, you won't..." She walks off. Simon: "That's what she thinks..." He runs after her.

She's sitting in the Dojo talking with the King and Sucasa. Simon is peaking through the door. Sucasa: "The King tells me you've fought in the war." Kitana: "Uh, maybe." King: "Hasn't she told you about my offer?" Kitana: "I don't think they need to know anything about the past year..." King: "Is there something wrong?" Sucasa: "I do not consent killing." King: "Oh." Kitana: "Now you see my what I'm working with here." King: "I am very sorry to get you in trouble Death Angel." She groans. Sucasa: "You are The Death Angel of Japan?!" King: "Yes, I've seen her fight and she is very talented. We might have lost the war without her." Kitana: "Thank you for not getting me into anymore trouble!" She rolls her eyes. King: "I offered her to be the next ruler of Japan but she declined." Sucasa: "Of course." King: "She said she had to find the people who..." Kitana: "Don't you have to go get back to the palace now?" Sucasa: "Kitana you can leave if you don't like the conversation..." Kitana: "What's the point? You're both signing my grounding sentence..." Sucasa: "I wish to hear everything she has told you." She groans. Kitana: "When you guys are ready to not listen to me anymore, I'll be in my room..." She stands up and walks out. She sees Simon sitting on the porch. Kitana: "Oh no!" She groans. Simon: "You're the famous Death Angel! Whoa! I've heard so much about you!" Kitana: "Good then you know that I don't want anyone to know and I can be pretty mean." Simon: "You're like a hero around here! Everyone hears stories about who The Death Angel came just in time or stopped a fight before it started." Kitana: "Word does spread..." Simon: "So they're all true." Kitana: "I don't know, I haven't heard them all?" Simon: "There's one about you being running into 150 raging Samurais that were going to..." Kitana: "Yep." Simon: "One about you killing over 200..." Kitana: "Yep." Simon: "Another about you coming out of nowhere and..." Kitana: "I remember that one..." Simon: "There's one about you dodging all the Japanese guards in..." Kitana: "True." Simon: "One about you fighting 20 Ninjas that had..." Kitana: "Which time? The time in Tokyo, Beijing, or The Forbidden City?" Simon: "All of them! Oh, my favorite is when you're surrounded by over 200 Samurai and Ninja warriors with no way to get away. You take out your Kitana and kill them all in about 30 minutes!" Kitana: "Uh, I can't remember that one." Simon: "You mean it's not true?!" Kitana: "It is, just playing with ya." Simon: "Wow! I can't believe I know the REAL Death Angel Of Japan! I even lived with her and trained with her!" Kitana: "I gave you 3 lessons." Simon: "Wow, I can bring that in everyone's face!!!" Kitana: "I think not... You can't tell anyone about who I really am. In Tokyo, well in everywhere else too, people didn't want to be around me and were scared of me big time." Simon: "You have power! You can do anything you want." Kitana: "Why do you think I'm an outlaw?!" Simon: "So everything about you is true! That's so cool!" Kitana: "You still can't tell anyone! Promise!" Simon: "Why should I?" Kitana: "You're heard all the stories..." She smiles and walks off.

The next day, she's in the Dojo practicing with her kitana. Simon peaks in. Kitana: "You know I could hack out your eyes if you have a problem of keeping them to yourself!" He comes in. Simon: "Whatcha you doing?" Kitana: "Practicing." Simon: "Mind if I watch?" Kitana: "Yeah." Simon: "Thanks..." She rolls her eyes. Simon: "Don't mind me, just keep going..." Kitana: "Well right now I was going to find a small moving target to practice my throwing on." She stares at Simon. Simon: "I'll throw a block of wood and you can hit it!" Kitana: "... That'll do..." She puts her Kitana in her sheath. She pulls out some darts and stars. He throws a block of wood and she hits it with all 5 darts and stars. Simon: "How'd you

do that so fast?!" Kitana: "I have my ways. Throw the stars and darts at me. I'll try to stop them." She turns her back to him. He pulls them out. Simon: "You sure? They're kind of sharp." Kitana: "That's kinda one of the reasons I want to practice!" She closes her eyes. Simon: "Ok... I'll throw it on 3." Kitana: "Just throw them. If I wanted a clock I'd get one!" He throws them and right before they hit her she spins around and blocks them with her Kitana. They shoot off and stick into the block of wood. One misses and sticks right next to it. She sighs. Kitana: "Man, I was so close that time!" Simon: "Wow! That was so cool! I see now how you use everyone's weapons against himself." Kitana: "You learn something new every day. Have fun picking everything up..." She walks out.

She's sitting in her room on her bed. She closes her eyes and sees a man running at her with a chain. She stabs him and kicks him into the man behind him's sword. She hears a man behind her and she elbows him. She spins around and kicks some men down. She stabs one man and she looks at him and sees it her mom. She gasps and opens her eyes. She hears a knock on the door. She sits up out of breath. Simon opens the door. Simon: "Are you ok?!" Kitana: "I'm fine..." Simon: "You don't look so fine!" She looks in the mirror and her hair's fallen down. Her kimono is hanging off her shoulder. She pulls it back on and brushes her hair back. Simon: "Are you alright? What happened?" Kitana: "I must've dozed off." Simon: "Some nightmare huh?" Kitana: "Flashback sorta." Simon: "What's so bad about that? You lose?" Kitana: "No but..." She stares into the mirror. Simon creeps his head over the mirror. He startles her. Simon: "Something's wrong with you... Tell me." Kitana looks over at him and he starts to turn into her mother. She starts to breath faster.

She gasps and opens her eyes. She hears a knock on the door. She sits up out of breath. Simon opens the door. Simon: "Are you ok?!" Kitana: "I think I'm fine..." Simon: "You don't look so fine!" She looks in the mirror and her hair's fallen down. Her kimono is hanging off her shoulder. She pulls it back on and brushes her hair back. Simon: "Are you alright?" Kitana: "Oh no you don't... I'm not falling for it again..." She stands up and walks out. Simon looks at her funny. Simon: "Girls..." He rolls his eyes and walks out.

Kitana walks into the dinner room. She stops and sees Sucasa and the Prince talking. They stop and look up at her. Kitana: "Oh, uh I'm sorry. I didn't know anyone was still in here. I'll just leave now that I've made a fool my myself..." Sucasa: "Nonsense. I was going to get you. The Prince has something he want to talk to you about..." There's a thump outside. They both look over and they see Simon's head stuck in the door on the floor. Simon: "Uh Hi?" Sucasa: "Simon, this is a private conversation..." He stands up and picks up Simon by his collar. He walks out with him and closes the door.

Kitana: "Busted." She smiles. Prince: "Death Angel, Japan needs your help. China has been penetrating the palace lately." Kitana: "And...?" Prince: "And I want you to guard the palace and find out who is behind it." Kitana: "I already said I'm not going to fight anymore." Prince: "The King has been killed." Kitana hangs her head. Prince: "A few Ninjas got into the palace feast and poisoned most of everyone." Kitana: "How many people got sick?" Prince: "157 from the banquet. Many were friends of the King." Kitana: "I don't want people running around and killing innocent people but I'm not going to be in on it." Prince: "But you have to!" Kitana: "Uh, No, I don't." Prince: "I order you!" Kitana: "I want to order some Lo Mien but we don't all get what we want." Prince: "I am going to be crowned king tomorrow and unless you protect the palace, I'm going to close down this school and have all of you put to death for treason!" She stares at him for a moment. Kitana: "What would you say if I turn and protect the School against you and your sad guards?" She gives him a nasty look *Insert cat fight noise here*. Prince: "Think about it, there's 27students and Sucasa. There's only one of you." He smiles. Kitana:

“There’s only about what, 4000 pitiful guards?” She smiles. Prince: “That boy Simon, his father works for me. I could have him killed without you even knowing till it’s too late.” Kitana sighs. Kitana: “Alright, I’ll do it.” Prince: “I want to stage your death and you are to talk to no one. So you have all your time to me and no one asks about you.” Kitana: “Alright.” Prince: “How do you want to die?” Kitana: “Wow, how many times have I heard that before?!” Prince: “I have an idea, how about an honorable death. You’ll be fighting some hoodlums when the building collapses and kills everyone.” Kitana: “Sound ok.” Prince: “Good. I’ll announce it tomorrow. We must go to the palace now.” He stands up. She sighs and stands up with him.

The battery on my laptop's about to die... I'll have to do the rest later enjoy this though! ...

Kitana is sitting on a balcony in the palace looking out on the parade. She looks over at The Jade Forest School. She sighs. A lady comes into her room. Lady: "Lady Wanichio, might you want clean clothes?" Kitana: "What? Who? Oh. I'm no Lady. I'm just Kitana and these clothes are ok." Lady: "But I am to clean you up and bring you new clothes." Kitana: "Oh thanks but no thanks. I'll take a bath myself. It works better that way." Lady: "I will leave these clean clothes here..." She bows and walks out. Kitana: "This is going to be sooo strange..."

Kitana's sitting in her room; the lady is putting her hair into two buns with ribbons and flowers. She stands up and looks into the mirror. She's in a stunning deep purple kimono with silver flowers up the side. Her blonde hair is shiny in two round buns with purple ribbons coming out of each. She has small purple flowers in both too. There's a slit on both sides of her kimono almost Chinese style. She's stunned at herself. She hears people screaming from down stairs. She runs over to the window and looks out. She sees about 10 Ninjas running around in the parade. She runs and jumps off the balcony. She grabs onto a window under her. She rips the banner off of it. She swings down and lands next to the Prince now the King. She kicks one Ninja back. She punches one in the face and starts fighting with another. She sees one pull out some stars. Her eyes open and she runs over to the King. She grabs the stars right before they hit the King's head. She sees one behind him and she slides under the king and knocks the Ninja down. She sees one running off into the fleeing crowd. She grabs a star and through it at him. She hits him and he falls down. King: "Now what are you going to do?! How are you going to find out who sent them?!" Kitana: "You're welcome! Whoever sent them is going to try again but this time with more experienced men. The more experienced, the more they know! Get the picture?" She gives him a nasty look. He smiles and looks at her. King: "You clean up very well." Kitana: "Save it." King: "Best looking dead woman I've ever seen." Kitana: "I bet I'm the first dead person, these losers are the second..." She walks off. King: "Guards, get these men out of here." He walks back into the palace.

Kitana is takeing her hair down and she's sitting at a desk. She's painting a fan when there's knock on her door. She looks over to the door. The door opens. It's the King. She goes back to painting. King: "You did well tonight." Kitana: "Did I have a choice?" King: "So you know about my silent law? I fished it not long ago." Kitana: "Oh you mean the one that says if you don't die of natural causes, everyone at Jade Forest and all their families die too?!" She slams the paint brush down. King: "So you did hear of it." Kitana: "I'm not stupid as you look!" She goes back to painting. King: "You know I have to marry soon." Kitana: "I feel bad for the girls in the kingdom." He touches her hair. She turns the brush around to the blunt end. Kitana: "Touch me and you get a free new hole in your head!" King: "Are you forgetting my law?" Kitana: "Hope you don't fall off your balcony in the middle of the night, by accident, with only me as the witness?" She gives him a nasty look. King: "I like your attitude." Kitana: "I guess we'll have to change that now won't we?" She smirks. King: "You're going to like being here with me. It's very lovely..." He reaches to pet her hair again and she kicks him back while she's still sitting. He flies back and lands on the bed. He rubs his chest and sits up. He lets out a cough or two. Kitana: "Next time I won't be so mellow." King: "I will see you in the morning Kitana." Kitana: "Don't count on it!" He

walks out. She growls and throws the brush at the door. It sticks into the door. She sighs and picks up the fan. It was a Japanese garden painted on it.

The next morning she walks into the dining room. She comes in quietly and sits down. King: "Good morning Kitana." Kitana: "Didn't notice." She starts eating her food. King: "How did you sleep?" Kitana: "I don't know. I was asleep." She keeps eating. King: "How do your new clothes fit you?" Kitana: "They don't. I always wear black." King: "Well I will send up some new clothes." He claps his hands and a woman runs in. She bows and kneels down to him. King: "Take Kitana new clothes at once, make sure they are black." She bows and runs off. Kitana: "Ever hear of manners or have you outlawed them too?" King: "She is a slave. I treat her as one." Kitana: "You're a pig, so I treat you like one! I've lost my appetite." She stands up and starts to walk out. King: "You should bow before you leave my presents." Kitana: "Me? You've got to be kidding!" She walks off. King: "Yee, make a note to take her chocolate and flowers in my name." She bows and walks off.

Kitana's in her room looking out on the balcony. She hears the door open. She turns around. Kitana: "Oh hey Yee!" She jumps off the railing. Yee: "Hi. The King wants me to give you flowers and candy." Kitana: "How gross! He thinks I'm going to start liking him. Tell him 'Eat worms, and die!'" Yee laughs. Yee: "You're crazy! He could have you killed anytime." Kitana: "That's what he thinks." Yee: "I'll tell him you're not here." Kitana: "Ok." Yee: "See you later!" Kitana: "Ok! Bye Yee!" She walks out. Kitana: "The King? EWW!" She gags.

There's a knock on the door. The King walks in. She rolls her eyes. Kitana: "Don't spoil the visit, just leave now." King: "I want to know why you don't want presents." Kitana: "Cause you can't win anyone over with gifts yet hold them against their will!" King: "You want to leave the castle? You may." Kitana: "Yeah but I can't talk to anyone or go near anyone cause I'm dead." King: "See you aren't held here against your own choice." Kitana: "Put a cork in it you piggie!" King: "I want you to be happy." Kitana: "Oh, yeah you're doing a great job by threatening to kill everyone I know." King: "Would you have come if I didn't?" Kitana: "Nope!" King: "I rest my case." Kitana: "Feel free to leave anytime!" King: "I wanted to know when you want our wedding." Kitana: "How about oh I don't know... NEVER?!" King: "I will be having a dinner with the Prince of Thailand tonight. I want you to join me." Kitana: "Why?" King: "I want you as my queen-to-be." Kitana: "You've got to be kidding?! I'm trying my hardest not to kill you right now!" King: "Good, then it's settled. See you at 7..." He walks out. She growls and screams at the door. He hears it and smiles as he walks down the hall.

That night, she's in an all black kimono with silver flowers embroidered up the side with her hair braided back. She comes into the dinner table and sits down. She looks up and sees the Prince of Thailand. He's very handsome! The King claps his hands and Yee runs in. She bows. King: "Yee, bring in the ice cream." She bows and runs out. Prince: "Hello." He looks at Kitana. Kitana: "Hi." She says bluntly. Prince: "What is your name?" Kitana: "The Death Angel." Prince: "You are the famous woman fighter who saved Japan from China." Kitana: "Yep." Prince: "I was very interested when I heard I was going to be coming to the palace to see where she lived. You're a lot more beautiful than the stories tell." He smiles at her. She faintly smiles back. Yee comes in with a big bowl. The king takes out some in a bowl. She goes over to the Prince with the bowl and offers him some. Prince: "Thank you Miss." He takes out some. Kitana smiles at the fact that he was nice to Yee, the servant and her friend. Yee goes over to her. Kitana: "Oh, thanks Yee." She takes out some. King: "What is your opinion of China, Prince Santi?" Prince: "Well, they have been out of line numerous times, so it would have to be that I oppose them." King: "Wonderful. You're in good company. Yee I want more ice-cream now!" She runs back

into the other room. Kitana: "I'm going to be excused." She says spitefully. King: "No, we're not finished." Kitana: "I am!" She stands up and walks to the door. King: "You are to bow before you leave me!" Kitana: "Not in your life or his!" She walks out.

Kitana's sitting in her room talking with Yee. They're laughing on the bed. The King comes in. King: "Yee, get out of here." Kitana: "No, I am still talking to her! You leave!" King: "This is an order! Leave now Yee." Kitana: "You forget you're in my room!" King: "...In my castle." Kitana: "... I'll talk to you later Yee." She bows and walks out. King: "What were you talking to her about?" Kitana: "Wouldn't you like to know." She smiles. King: "I have brought Prince Santi up here to see you apologize for your disobedience." Kitana: "Drop dead!" Prince Santi comes in. King: "Don't you have something to say to me?" He smiles Kitana: "Yeah, I do." She smiles back. Kitana: "You're an ugly, smelly, spoiled little brat that will never grow up and can't fight your own battles for beans!" He turns red. King: "That's it! If you do not apologize right at this moment, you are going to live on the street!" Kitana: "I better start getting packed now shouldn't I?" King: "Get out when you're done!" Kitana: "I'll do one better..." She opens the window and jumps off. Prince: "Did she just commit suicide?!!" King: "No, it's her way of saying 'good bye'..." Kitana: "The fraise is 'drop, dead!'"
