**Chapter 1 - End Of The Night**

**2**

# 1 - End Of The Night

Light and dark blues paint across the sky,  
Bringing light, and color so that the birds may fly.  
Clouds spread widely in scattered bars,  
Fading out the once dazzling stars.  
People will awake, people will arise,  
To the sound of the painted open sky.  
Light will beam through every slight crack,  
Changing all that had came back.  
It's getting brighter minute by minute.  
The universal clock, has been set.  
All will soon be quite bright,  
For it is now the end of the night.
