Beaten like a Child
Running, Running, that is all you do.

stop and face yourself

Hide yourself, cover yourself up with lies

Your lost and you cant even see it

I found myself out of your shadow

You cant hurt me anymore

Can You?

You smile that with that same smile, you melt my heart.

Why I am a sucker for you?

Why do i follow you every time?

When i know your just going to hurt me again?

I hate everything about you...but i love you

I tell you have a good life

I tell you i am happy you moved on

I dont think you care anymore

Your a Liar! you did the same to others

Just leave me alone Angel...

You cant hurt me anymore.
