1 - Chapter 1... When game worlds collide

Chapter one: When game worlds collide...

The story starts when the crew is attacking Eggmans base without any reason

Meanwhile, Sonic and Shadow infiltrated Eggmans base to steal back the chaos emeralds.

Eggman: Yay! Some playmates!

Sonic/Shadow: O_0 WTF...?

Robotnik: Damnit, you two, Kill them!!!

(Some very tiny robots are attacking them)

Sonic: (Freaks out) AAAAAAH!!! OMG WERE GOING TO DIE!!11

Shadow: (kicks the little robots)

Robotnik: So long idiots! (Runs to Chaos emeralds machine thingey and activates it, still charging)

Shadow kicks accidently little robot into chaos emeralds machine thingy

Machine: OVERLOAD!! OMG!!!

Sonic: Slowmotion: NOOOOOOOOOOOOOOOOOOOOOOOOO!!

Robotnik: Damnit...

(Machine explodes causing an EMP)

A few minutes later, Sonic wakes up in a dark, desolated base with power faillure...

Sonic thinking: Where the hell am I?

(Hears feet trippeling)

Sonic: Amy! Tails?! KNUCKLES?! ANYONE?!?!

Starts to walk, when suddenly he see's a sign.

“UAC Space Corporation”

Sonic: Strange... I never heard of a UAC...?

(Again, hears the feet trippeling...)

Sonic is scared, while turning around, Who's there?!

(Hears a barrel falling, looks in front of him)

(Sonic is seeing a emergency ceiling light dangling, with one side lighted each time...)

Sonic walks on, into another corridor that has a bit of light

He see's another sign, Weapons armory.

Sonic: Weapons...? What the hell...?

(Sonic goes into the weapons armory, when suddenly he is seeing a posture that LOOKS like a human...)

Sonic cautiously moves to the door and open it very slowly...

Sonic: Eehm... Hello...? (he ask with some certain fear in his voice)

The posture stands up, then suddenly he is speeding towards sonic, sonic closes his eyes and screams.

Shadow: HEY SONIC!!! LOOK WHAT I FOUND!!

Sonic: Damnit!! Dont you ever scare me like that!

Shadow ignores him keeps rambling about what he has found

Shadow: OMG!! CHECK OUT THIS LITTLE BABY!! ITS A SPAS-12 SHOTGUN, SEMI-AUTOMATIC, OOOE AND CHECK OUT THE CARBON FIBER BODY...

(blablablabla)

Sonic: Whatever, do you know where we are?

Shadow: Yeah, were on Mars.

Sonic: Huh...?! No way!

Shadow: Yes way!! =D

Sonic: How do you know were on Mars?!

Points at sign that says "Welcome to Mars"

Sonic: ...Aah....

Shadow: I'll take the shotgun, you never know...

Sonic: Gimme that (tries to pull the shotgun out of his hands)

Shadow: MINE!!! >=(

Sonic: Chill out, its not like were being attacked by demons and devils that has been unleashed by negligent people who accidently opent the gates to hell with some artefact...*

* See Doom3... Or Doom the movie... that sucked *

Shadow: ... OMG WHATS THAT!! IT LOOKS LIKE A DEVIL!!!

Sonic: AAAH!! WHERE?!

Shadow: Just kidding...

Amy: Hey guys!

Sonic: AAAAAAAAAAH!! IT IS THE DEVIL, GIMME YOUR SHOTGUN!1

Shadow: Nooo.... ^_^

Amy: Guys, its me!

Sonic: Right... So how did you got here?

Amy: I dont know.

Sonic: Mmmmkay.... moving on....

(The three of them are walking down the creepy corridors when suddenly they hear scary sounds...)

Sonic: EEEEEEEK!!

Shadow: Sonic... do you know that you are making a complete fool of yourself and damaging your reputation as a cool hedgehog...?

Sonic: Your right, where did it come from?

Amy: I think it came over there.... (Points to dark room)

Sonic: Im not going in there, hell no!

Shadow: "Sigh..." Ok, I'll go first...

(Goes to the room, Amy and Sonic still standing, while Shadow turns on the light even though there is a power failure...)

Sonic: Hey... How come that there is light while there is a powerfailu-

Shadow: Shuttup... That wasnt so hard now was it? You really need to p.... (really bad coughs)

Sonic/Amy: WHAT IS IT?!

Shadow: AAAAAAAAAAH!! THE SMELL!! I CANT TAKE IT!! Must... breathe... fresh... air!

Sonic takes a look into the room

Sonic: It looks like a bathroom to me, but daaaaaaaamn..... The smell is horrible...

(toilette flushes)

Tails: Hey guys!

Shadow/Sonic/Amy: T_T O_o @_@

Shadow: great...

Sonic: SO IT WAS YOU ALL ALONG?!!

Tails: What...? =(

Sonic: The scary sounds and stuff...?

Tails: Well I shouldnt had eaten those burrito's befo-

Sonic: Shuttup...

Again hears of scraping metal, scary sounds...

Sonic: Tails!! I SWEAR TO GOD, IF YOU CRACK ANOTHER ONE, PLEASE WARN BEFOR- (Is looking very scared...)

Everyone: What...?

Everyone looks up: OOOOOOOOOH.... MY..... GOOOOOOOOOD!!1

Tails: Its a....

Sonic: Its a... a...

Shadow: Its a vending machine...

Tails/Sonic: YAY!!!1ONE

Shadow: T_T

Sonic is running to the vending machine and start throwing money at it.

Nothing happends...

Sonic: GIMME MY CANDY YOU STUPID SON OF A *BEEP*!!1

Suddenly, behind Sonic is a Cherub-like form, lurking in the shadows...

(if you don't know what a cherub is, a cherub is a demon from Doom3, which looks a bit like a bee)

Tails: Sonic!! Behind you!!

Sonic still struggling with the vending machine, then the cherub-like thing attacks Sonic. Sonic turns around before the Cherub actually hit Sonic.

Sonic: You said something Tails?

Cherub bumps into Sonic, not hurting him or anything.

The bump knocked him out.

Sonic: OMG!! What the hell is that?!

Shadow: It has wings...

Sonic: He has a stinger...

Tails: He is yellow with black stripes...

Sonic: He has a helmet!!! 0_O

Shadow: Its Charmy.... T_T

Sonic/Tails: Nooooooooooooooooooooooooooooo?! (sarcastic) For real?!

Shadow: "Sigh...."

Unknown: Charmy!!!!!!!!!!!!!! NOOOOOOOOOOOOOOOOOOOOOOOOOO!!

Shadow: Whoever you are, get your @\$@ over here before I come down there and kick your @\$@ myself!

Unknown: Ok ok ok, I'm coming...

Tails: Its Vector!!

Shadow: Whoa!! TIME OUT!! Just... What the hell is happening!!!

Vector: I don't know dawg.

Sonic: Well, how come we are on Mars in some creepy eerie base that is deserted?

Tails: According to my calculations, When you and Shadow were attacking Eggmans base, and shadow kicked one of the robots into the chaos emeralds machine thingy, it must have caused an EMP or Electro Magnetic Pulse to open

some kind of portal that everyone must have warped them into another game. But the question is... In what game have we been warped...? And where are the others? Shoot, that 2 questions...

Shadow: Smartass... T_T

Tails brings up a super duper Ã¼ber laptop

Sonic: Where did you got that from?

Tails: E-bay... ^_^

Sonic: The money stupid...

Tails: I sold your house...

Sonic: I DONT HAVE A HOUSE!!!

Tails: In that case, I left them a I O U

Sonic: ~_~

Tails: Anyway, We need some reference to know in which game we landed.

Shadow: I think were in Metal Gear Solid...

Sonic: Hell no, I think were in Soldier of Fortune 2

Vector: I'z is thinking were in da Simz 2 yo...

Everyone: T_T

Vector: Wot? Da Simz 2 is fo' shizzle yo!

Shadow: Stop talking like a retard...

Tails: I need to know the reference, like, did you see anything that could be usefull?

Sonic: I saw a vending machine... So... It must be GTA San Andreas!!

Shadow: YAY!! WERE GONNA KILL PEOPLE AND STEALING CARS AND GET AWAY WITH IT WITH THE CHEAT "BAGUVIX!!1"

Everyone: ...

Shadow: Sorry....

Sonic: I also noticed a sign that said "UAC Space Corporation"

Tails typed it

Tails: According to this, UAC Space Corporation is on Mars and it belongs to... *gasp*

Everyone: What?!

Tails: Doom3!!!

Shadow: Meaning....?

Tails: Were all going to die!!

Sonic: Well that just sucks....

Vector: Fo' real dawg...

Shadow: Stop talking like a retard!!11

Will they ever get back home safe?!

Will Sonic pay his debt to E-bay?!

Will I ever know why I wrote this stupid story?!

TO BE CONTINUED!!1

(yay...)

2 - Chapter 2... The Chaos Continues...

Part 2: The Chaos Continues...

Tails: So... What are we gonna do now?

Sonic: Well... There's only one thing we can do now...

Shadow: Eat potato-chips and getting drunk?!

Sonic: No...

Shadow: shoot... Im sorry potato-chips...(throws potato-chips in the garbage bin)

Sonic: ... Right, the things we need to do, Find the others, and get the hell outta here!

Vector: Aight...

Tails: By the way.... Where's Amy...?

Sonic: Like I care, I don't miss her...

Shadows getting a daydream...

Shadow: Maria...? Is that you?

Maria: Shaaaadow.... Remember who you are....

Shadow: I cant remember anything...

Maria: Oh... Well, gotta go!

Shadow: Maria! Dont go!! Mariaaaaaaaaaa!!!

Back in real-life, Shadow starts crying

Tails: Shadow, whats wrong?!

Sonic: I bet he's whining about Maria again...

Shadow turns from a sad look to an evil, murderous look.

Shadow: What... Did you say...?

Sonic: Aawh, come on, its been 50 years since she died, get over it!!

Shadow: Dont screw with me!! IM A HEDGEHOG ON THE EDGE!!!1

points grenade launcher in Sonics face

Sonic: IM SORRY!!1 I DIDNT MEAN IT!!!!!!!!!! :(

Shadow: ^_^

Vector: Aight, enough fooling around yo, We'z gotta find our homie's yo...

The whole group is moving on.

Sonic: Where did you get that grenade launcher anyway...?

Shadow: I smuggled it from the weapons armoury... I hidid it.

Sonic: Ooh, so that's what that lump was in your crotch...

Everyone: O_O

Sonic: What...?

Shadow: Sonic... Your gay....

Sonic: No I'm NOT!!

Shadow: Think about it... Ignoring Amy... Looking at my crotch...

Sonic: IM NOT GAY NOW LEAVE ME ALONE!!!1

Shadow: LOL...

There walking down the corridors, when Tails is seeing a map of the entire base.

Tails: Wait, hold up, there's a map.

Looking at map

Tails: I think were near the archaeological dig, where they must found that artefact!

(Nobody pays attention)

Shadow: Hey look, a window! Lets have a peek!!

Shadow is looking outside with vector and Sonic

Sonic: Look, its the Space Colony ARK!

Shadow: Huh...? Is Eggman waving at us?

Tails: Hello!1 ANYONE!! Im trying to figure a out way here!! Some help would be appreciated!!

Rouge: Maybe I can help you boys!!

Shadow: OMG ITS BATGIRL!!

Rouge slaps Shadow

Shadow: Ouch....

Rouge: I'll take a look on that map, lets see... Hmmmm.. eeh.... I think its.... No... Wait, this must be the.... Nope... Uhhhhhhh.... hmmm. This must be... naah, cant be...

Sonic: DO'H!!! Take a look at that wall over there... What does it say...?

Rouge: Coffeeshop?

Sonic: No... the other wall...

Rouge: It says something like.... Es caa pÃ©... I don't know, I don't know how to read Martians...

Sonic: It says escape, you peanut brain!!

Rouge: Wow, your good in Martians...

Sonic: AAAAAAAAAAAAAH!!1

Sonic: By the way, where did you came from...?

Rouge: Well, I woke up her, all alone when-

Shadow: Aawh, Boohoo...

Rouge slaps Shadow again.

Rouge: When I heard something. I checked it out, and I saw some scientist who were running all over

the place. They were chased by something, but I don't know what it was. It looked like some monsters, but not any typical monsters. They were all covered in blood and dead body's everywhere! I just run until I saw you guys.

Sonic: So your not aware of it then...?

Rouge: Aware of what?

Sonic: Tails found out that we are warped into another game. Its all Shadows fault we got here.

Rouge: *gasp!*

Everyone is looking angry at Shadow

Shadow: What?!

Sonic: From which section did you came from?

Rouge: Well, I think it was the archaeological dig.

Bunch of teleporters were there.

Sonic: How far is it?

Rouge: Well, not far, but the whole section was locked down with airtight doors to contain those freaky monsters.

Tails: So how did you get here then...?

Rouge: I busted those doors...

Shadow: WHAT?! YOU MEAN THOSE DOORS THAT COULD CONTAIN THOSE FREAKS, THAT YOU DESTROYED THEM?!!1

Rouge: Yeah...

Sonic: Clever girl... So what are we expecting..?

Rouge: Hell...

To be continued!!1

3 - Chapter 3: Hell Unleashed...

Part 3: Hell unleashed...

(The story is getting serious, but there are jokes in them... :P)

Tails: One thing is still bothering me...

Shadow: What? That you are a annoying little bugger?

Tails: No... I mean... If that EMP caused all of us getting here, how come Eggman is save on the Colony Space ARK...?

Sonic: Good question, Maybe its because the whole base is dark...

Tails: That doesn't make any sense...

Sonic: Your right... Lets get going...

Tails: *Sigh....*

Sonic: Rouge, do you know the way to the archaeological dig?

Rouge: Yeah, its not far from here, but stay in one group, cause I've seen what those things can do...

There moving on, to the archaeological dig, until some scientist guy runs scared to them.

Sonic: Hey buddy! Do you know whe-

Scientist: AAAAAAAAAAH!!

Sonic: No, wait!! Stop!!

Shadow catches up with the scientist, puts the shotgun in his face

Shadow: We need answers... Now...

Scientist: No! That information is classified!

Shadow loads the shotgun

Scientist: Ok, ok... I'll tell you... *sigh...* Fifty years ago, some archaeologies found an artefact on the surface of Mars. They didn't knew what to do with it, until one scientist discovered its true power. The many opportunity's that could be used. People were able to get to places that weren't seen before! Dr. Robotnik knew what dangers the artefact possessed, and ordered to destroy it.

Sonic: Wait... Did you said Dr. Robotnik...?

Scientist: Yes...

Shadow: Ivo Robotnik...?

Scientist: No, Gerald Robotnik...

Soinc: I see... So.. then what?

Scientist: Dr. Betruger wanted that artefact. He knew what Gerald wanted to do with the artefact, so dr. Betruger placed him under arrest for high treason. The charge? Destroying UAC property. Gerald claimed that the true powers wasn't like anything. Dr. Betruger accused Robotnik to use it for his own good to take over the world. Robotnik was sentenced the death penalty for high treason. With Robotnik out of the way, dr. Betruger could do what he desired the most. The quest for knowledge... He soon unleashed the powers of the artefact and all Hell has broken loose...

Sonic: Wow...

Shadow: That's deep man...

Vector: Word...

Sonic: So now what...?

Scientist: I recommend to get off this base immediately! There are some escape pods in the archaeological dig sector, but its sealed off. You need to open those doors manually.

Sonic: How to do that?

Scientist: You can do that by going in to the control room, then search for a darkblue computer that says main control. Deactivate it, then the doors are open. The pods are automatically set to return to earth.

Sonic: Thanks for the info doc!

Scientist: Its no probleeeaaaaaaaaaaaaaaaaah!!!1

A hellknight grabbed the scientist by the face and smacked him into the wall. Shadow shoots the hellknight a few time, then suddenly the hellknight died and vanished in smoke and fire... The scientist was dead...

(a hell knight is a kickass demon from Doom3, check it out on google or something)

Shadow: Wow, Rouge wasn't kiddin about it...

Sonic: Ok, we need to get the hell outta here!! LETS GOOOO!1

They are running through the corridors to the archaeological dig.

Sonic: There it is!! The main control room!!

Tails: Leave it to me!!

Shadow: Don't screw up...

After a few minutes Tails opened the airlock doors to the archaeological dig escape pods.

Sonic: Right, now lets get going!!

Shadow: Wait... Whats over there...?

grunt

Everyone: KNUCKLE'S!!

Sonic: Damn dude, you look like shoot...

Knuckle's: There were so many of them...

Tails: Who...?

Knuckle's: Freaks... I tried to bash some of them, but its like there not hurt or anything...

Shadow: Because you hit like a girl...

Knuckle's: Whatever... So what the hell is happening here?

The whole story is explained to Knuckle's, including what the scientist said.

Knuckle's: Aah, well, that just sucks!

Tails: Eeh... Guys..?

Sonic: What...?

Tails: Did that scientist said anything about time activated airlock doors?

Sonic: Time activated...?

Tails: Yeah, we've got 15 min before the whole base goes into quarantine mode...

Shadow: shoot... Looks like we need to find a shortcut, we'll never make it in time with this rate...

Tails: We can go through the air ventilation system.

Sonic: Enough time wasted guys, lets go!!

To be continued!

4 - Chapter 4... F.U.B.A.R...

Part 4: F.U.B.A.R... (F*cked Up Beyond All Reality)

Tails: We need to find a way to the air ventilation shaft.

Knuckle's: You can also use maintains shafts.

Sonic: Maintains shaft?

Knuckle's: Yeah, I heard some guy talking about it, escaping through those shafts before he was brutally murdered by a dog like thing with mechanical rear legs...

Sonic: What?! More of these things?!

Knuckle's: Yeah...

Sonic: So were are those maintains shafts?

Knuckle's: They were used for engineers to maintain the base.

Shadow: Lets get going...

Rouge: Wait, how do you know its safe there?

Shadow: You just have to risk your furry butt to get out alive here!!

Rouge slaps shadow again...

Rouge: Ok... lets go...

They all stand for the door that provides entrance to the shaft.

Shadow: Wait... Sonic, you open the door...

Sonic: Why...?

Shadow: Cause if there is something, then I'm able to shoot it...

Sonic: Sounds logical...

Shadow: And its because I'm way cooler then you and cant be missed...

Sonic: what?

Shadow: Just open the damn door!!

Sonic is opening the door...

Everyone: *gasp!!!1*

Shadow: Who the hell is that?

Vector is walking towards the guy... Its Espio!! Espio, you allright?!

No response...

Espio is in bad shape. He is coverd with bruises and wounds.

Shadow: Vector, carry him, we leave no man behind

Sonic: Oh, thats corny, you took that line from Toy Story!

Shadow: Shuttup!!

They cautiously moving trough the shaft. After a while, they are seeing the end of the shaft. Shadow crawls trough the vent...

Shadow: Its ok guys... You can come out!

When everybody got out of the vent, Espio is regaining.

Vector: Espio! He is regaining! You okay dawg?!

Sonic: Esp! What happend to you?!

Espio: I don't know what happend... The first thing I remember was that I was in some strange room... Then... Suddenly I heard screaming all over the place...

People were running towards me, followed by strange things. I saw people dieing, in a horrible way. I was trying to get away, or at least defend myself, but those things were so strong, I wasn't able to defend myself...

Tails noticed that he has cuts all over his arm and shoulders.

Tails: Let me see those wounds...

Tails: Those look bite wounds!

Espio: Nah... Its nothing...

Tails: You sure...?

Espio: Yeah...

They are all running on, to the archaeological dig sector.

Tails: We have to hurry, those doors close in less then 4 min!

Shadow: Stop. Hold up...

Tails: We have no time for that!

Shadow: Ssh... Did you heard that...?

(Awfull silence...)

Rouge: What?! (she ask with fear!)

Shadow farts...

Everyone: O_0

Rouge slaps Shadow 3 times

Shadow: Thought it was funny!

Running on, again, shadow...

Shadow: Wait... Did you heard that?!

Sonic: Not again...

Shadow: No for real...

Tails: Yeah I heard it too...

Then suddenly the shaft was torn apart by 4 hellknights!

Sonic: OMG!! *girly scream* Shoot them Shadow!!

Shadow: I cant! I'm out of ammo!!

Sonic: Use your grenade launcher!!

Shadow: Good thinking!! *throws grenade launcher at hellknight*

Sonic: *Sigh...* Go get them Tails!!

Tails: What...?!

Sonic: Your PokÃ©balls!! USE THEM!!!

Tails: PIKACHU!! I CHOOSE YOU!!11

Pika: PIKA PIKA MOTHERF *beep* ER!!1

Pikachu got squashed by hellknight.

Sonic: Okaaaaaaaaay... Eehm... you know what..?

All: What?!

Sonic: RUUUUUUUUUUUUUUUUUUUUUUUUUUN!!11

They cant shake those hellknights off, cause those things are fast too...

Sonic: We cant shake those things off! Those things are fast too!!

Shadow: Naaaah, you cant be serious.... T_T

Tails: Look, over there! * points at torn apart computer*

Rouge: So what?

Tails: We can fry those son of a b *beep* ches!!

All: O_0

Sonic: Tails...

Tails: What? Shadow taught me to talk like a cool guy...

Sonic: Whatever, just do it!

Shadow and sonic is keeping the hellknights busy, while Tails makes a puddle of oil leaked out of one of the vehicle's.

Tails: Ready! Lure them to the puddle and get out of there!

Knuckle's: NOW!!

Tails puts an electric wire into the puddle, which caused a spark and set the puddle on fire. Hellknights died.

Tails: Yay!

Vector: You'z is da bomb yo!

Shadow: STOP.... TALKING.... LIKE... RETARD!!!!!!1

Vector: I aint talking like a retard yo, Its gangsta dog!1

Shadow: WHAT?!!!

Vector: Sorry...

Quarantine mode activated! System shutdown!

Tails: shoot... Were to late...

Vector: Aint that a dog...

To be continued!!

5 - Chapter 5: Truth and Reconciliation...

Part 5: Truth and Reconciliation...

Shadow: So... What... The hell are we supposed to do now?!

The whole base is in quarantine mode, sealed of every exit, and were stuck here with those damn freak monsters!!! I CANT TAKE THIS shoot NO MORE!!!!

Sonic: Chill out man, its not taking that long... (whispers to tails) Tails... How long does it take...?

Tails: Six hours...

Sonic: WHAT?!! SIX HOURS?!! Aawh, this is just great... Just freakin' great!!

Tails: Maybe we can overrun the quarantine time manually...

Shadow: What the hell is that supposed to mean smart @\$\$....?

Sonic: CHILL OUT!!!!!!!!!!!!!!!!!!!!!! JUST CHILL OUT!!!!!!!!!!!!!!!!!!!!!!

All: 0_o

Shadow: okay.....

Sonic: Ahem... continue Tails...

Tails: Well, the procedure to do a quarantine mode is only necessary when there is a emergency or something. Like example, when gas is leaking, the computer mainframe will pick it up and automatically seal off all entrances so that the gas cant escape.

Sonic: Meaning...?

Tails: Meaning... that someone or something should be on this base to control all those actions. I'm sure that there is a way out, no doubt about it. In case of an emergency, they would take good care of there own staff. The only question is.. How to reach those guys...?

Sonic: Well, there's a phone over there

Shadow runs to the phone and is making a phone call.

Shadow: Hello...? Yeah I would like a pepperoni pizza with extra cheese! ^_^

Shadow: How much?!!! Ok... No tip for you mister...

Shadow: Eeh, you can deliver it at the UAC Space Corporation.

Shadow: Where that is...? Well, its on Mars!

Shadow: Hello...? Hello?!!! HELLO!!!1

All: ~_~

Shadow: What?! Im hungry!

Sonic: Stop screwing around, Tails, can you try to figure it out who is controlling everything?

Tails: Sure, hang on.

A few moments later, Tails managed to find out.

Tails: I think we have a problem guys...

Sonic: Why?

Tails: Dr. Betrugar is in charge of the computer mainframe.

Shadow: Wait... THE Dr. Betruger, where that scientist told about?

Tails: Yup...

Sonic: We need to find him.

Tails: I think I get it now...

Shadow: What?

Tails: I think this whole thing happend on purpose...

Sonic: What do you mean...?

Tails: Well... Think about it... Gerald Robotnik being executed, Betruger who is in charge of the whole computer mainframe... I mean, why would he locked down the whole base while his own people were still working there at the time of the accident...?

Knuckle's: Well, maybe he wanted some entertainment, it gets boring here you know...

All: ~_~

Tails: The point is, we HAVE to find that guy, otherwise we wont get here out alive...

Sonic: Tails, you have your laptop right? Cant you hack into the network of this base?

Tails: I don't know, I can try but...

Tails try to hack into the mainframe

Rouge: Knuckle's... If we don't make it out here alive, I just wanted you to know that I always liked you...

Knuckle's: Tell me something I don't know...

Rouge slaps Knuckle's

Tails: Shoot! I cant get into it, all those data are decoded...

Sonic: ITS A CONSPIRACY!! BILL GATES IS BEHIND ALL THIS!!!!!!1

Vector: You'z a buster homie... I'z tinkin, maybe ya'll get back to that weapon armoury and strap yo self with a piece homie. Then we'll ice those fools!!

Shadow: When you'z keep talking like a retard, I'z gonna pop yo green @\$ \$ yo!!

...

Shadow: shoot, now im talking like that...

Vector: Aight!! Shadow's fo' real ya'll.

Shadow: SHUTTUUUUUUUP!!1

Sonic: By the way, Hows Espio?

Vector: He'z shivering all the way...

Sonic: We need to take care of him!

Vector: No way Homez!! You aint popping my dawg!!

Sonic: No stupid, I mean medical treatment...

Vector: Aight, it'z cool... If he'z still shivering, I'z gonna sell him, his horn on tha face is vibrating, itz good fo' tha doges yo if ya'll know what i'z meaning! *chuckle's*

All: ~_~

Shadow: So... Try to use the phone to contact someone...

Sonic: Ok...

Sonic goes to the phone

Sonic: Hello Batman! This is commissioner Gordon, We have a situation!

Shadow: Stop it!! You stupid hedgehog! Gimme that!!

Shadow yanks the phone out of his hands, Sonic is looking a bit sad...

Shadow: Lets see, there are a few numbers written here... But no names. Lets try this one...

Shadow: Yes, hello, Shadow speaking. We've got a little situation here. Were all stuck on this base with monster from hell on the loose, and the whole base is sealed off, 2 of us are missing, There names are Amy Rose and Charmy Bee, but we cant find them. We need to get off this base immediately, and were in need of medical treatme- What was that? Oh ok...

Sonic: What did he say?

Shadow: He puts me on hold...

Sonic: Oh God...

Shadow: Nice waiting tune though (Shadow start headbanging)

All: Sigh...

A few minutes later

Shadow: Uhuh... Yeah... Okidoki, got ya, buhbye! ^_^

Sonic: So...? What did he say?

Shadow: It was a she...

Sonic: I DONT GIVE A shoot WHO THAT WAS, JUST TELL ME WHAT THEY SAID!!!

Shadow: Well, We need to go to the 3rd floor, follow the first corridor, then take a left, another left and then to the right, go straight and then at the first turn to the left. There is the whole mainframe computer thingy.

Sonic: Ok... Lets get going... Again...

To be continued!!

6 - Chapter 6... Live another day...

Part 6 - Live another day...

Sonic: Lets get going, to the bat-mobile!!

All: ~_~

Sonic: Okaaaaaay... just go....

There all walking up the stairs, following the route that Shadow got through when he called for help. After a few moments they reach there destination, but Knuckle's is wondering off...

Knuckle's: Hey guys... Check this out... The girls bathroom... ^_^ And there's a peeping hole!!

Sonic/Shadow/Vector: *gasp!*

All four of them, exited, pushing each others to see through that hole

Tails: Guys... The base is deserted... Remember?

Sonic: Damnit... DAMN YOU BETRUGER!!

Moving on to the mainframe computer room.

Finally, they get there. Sonic is opening a door, just a bit so that he can look what's going on in there.

Sonic: Wow, there's an AI chick in there!

Knuckle's: OMG WHERE, IM GONNA TOUCH HER BOOBIE'S!!1 ^_^

Sonic: Wait... There's someone with her...

Shadow: Ok... On three.....

Tails: One...

Shadow: THREE!!!1

They bust the door open. The guy scared the hell outta him.

Sonic: FREEZE SUCKER!!

All: ~_~

Guy: You fools! You cant make me do something!!

Sonic: Like what..?

Guy: I don't know...

The whole group starts to walk in.

Sonic: WHO ARE YOU?!! (Sonic is trying to sound threatening)

Guy: Eeh... Eeeeeeeeh... I'm mr. Smith

Sonic: Oh ok, I'm Sonic and thats my evil twin Shadow who is 50 years older then me! ^_^

Shadow: What the hell...? You've lost it Sonic...

Rouge: Wait a sec... He is not mr. Smit, its dr. Betruger!

Guy: No, eeh no... I'm not... Sonic, nice hairdo you got ^_^

Rouge: I'm telling you, its Betruger!!

Part 12: Its Chaos that keeps the world go round...

*Incase you haven't noticed, this story is rated some violence and strong languages, so don't say I didn't warned you! * ^_^

After Peaches vanished in smoke and fire, they decided to save Amy and Charmy...

Espio: I think we should go guys, to earth.

Shadow: Yeah, I think so too...

Rouge: ... What...? Espio, you're awake?

Espio: Yup, those sedating darts don't have much effect anymore...

Tails: Aah.. Are you still dizzy or anything?

Espio: Nope ^_^

Shadows brings up the tranquilizer rifle and shoots a dart on Espio's butt.

Espio: AAH!! Why the HELL did you do that for?!!

Shadow: I felt like it! ^_^

Sonic: Ok, lets go guys...

They are lining up the Chaos Emeralds... The portal opens up...

Espio: Let me go first guys, I haven't seen any action since I got here...
looking pissed at Shadow

Shadow hides tranquilizer rifle behind his back and whistles

Espio: Ok... I'm running through the portal... one... two... three....

Shadow: No....

Knuckles: Aawh....

Sonic: Then what?

Shadow: We're on the other side of the world!!!

All: SO?!!

Shadow: Peaches didn't say anything about where they planning to invade!! So how the hell do we know where they are?!!

Sonic: Good question...

Tails: Well... He did say that they are waiting for someone to open up the portal to Earth...

Shadow: So..? That still isn't useful...

Tails: No wait; it's because of that, I think we need to be on the UAC Space Corporation on earth.

Sonic: How to get there?

Tails: Warp back to the UAC Base on Mars, then we should use the regular transporter, which will warp us to the UAC Base on Earth...

Sonic: I don't get it....

Tails: *Sigh...* There are 2 UAC bases: One on Mars, one on Earth. They use the UAC base on Earth to get to Mars. They are being teleported there...

Sonic: How come the teleporters exist?!

Tails: HOW THE HELL SHOULD I KNOW, ITS THE FUTURE!!!!!!

Sonic: O_o

Shadow: Ok... CHAOS CONTROL!!!11

Knuckles: YEAH!!1

Rouge: It's a BFG! ^_^

Sonic: Hey wait! *throws grenade at vending machine* *BOOM!!!* a lot of smoke and debris.

Sonic: Ha, you should have given my candy in chapter one!!

Vending machine is still standing. No scratch...

Sonic: Aawh...

Shadow: Stop wasting ammo!!

Everyone is looking at Shadow: All packed up, you can barely see his head...

Shadow: What, I come prepared!

After a few minutes they reached the teleporter.

Tails: Don't use the Emeralds, there useless now... Just stand in the blue circle, I'll do the rest...

Tails activates the teleporter, after a while, they are being zapped to Earth...

Shadow: Whoa!! That was cool!! DO IT AGAIN!!1

Tails: Guys...

Shadow: Great...

Sonic sings: Just keep walking, Just keep walking, just keep walking, walking walking! ^_^

Shadow: Zip it...

Sonic: Ok...

After a while, they see a sign:

Sonic: Welcome to... Lake Minnesota...?

Shadow: A lake in the middle of a desert?

Sonic: Well, I don't know, it still doesn't look like its been attacked...

Then Tails showed up in a coach bus...

Sonic: TAILS!! YOU'RE THE MAN!!1

Tails: I think were to late... They already opened the gates....

Shadow: Shoot... So how are we supposed to find Charmy and Amy...?

Rouge: I don't know, I really have no clue...

Sonic: I think we should give up, its useless to search like this...

Shadow: Can't you've thought about that earlier...?

Sonic: Nope ^_^

Knuckles: You know what...?

All: What...?

Knuckles: Shadow can use Chaos Control to warp us back...

Sonic: You can do that...?

Tails: I was allowed to use his garage to build the Tornado X.....

Sonic: Get back outside! Clean up that mess!

Tails: Ok....

Vector: But... He was annoying...

Rouge: I still think it shouldn't be happening to him...

Knuckles: Well, you're the one who hired him as a stunt double...

Sonic: Aah well, everything ended alright... We're all save and sound...

Shadow: I think... This is just the beginning...

Sonic: What?!

All: Oowh Shadow! You silly hedgehog!

Back at the UAC Base in Mars, some mysterious stranger is standing next to Chris's dead body....

Stranger: Rise... There shall be no death for you...

Chris's eyes are suddenly open with a red glare in them...

Stranger: They all laughed at you... They all made fun of you... Join my alliance to crush them... And together we shall rule in hell....

Chris stands up, says nothing, and is walking with the stranger... They eventually disappear in to thin air...

Yeah, the story is ended...

Funfacts:

#1: The whole story is based on Doom3, Although its not the exact storyline, some things are mentioned in the game. Most of the things I made up, as I went further in the story.

#2: Super Turbo Turkey Puncher is an arcade game that is mentioned in Doom3, I liked the name, so... there...

#3: Originally, this story was intended to create a flash movie out of it. An animator asked if I could create a story that was based on Doom3, and this is what came up. It was eventually rejected because he already found a story. I didn't do anything with it, until I saw that it was possible on FAC to put up some story's... And I did...

#4: I tried to keep the story funny, yet a bit suspension should be in it. Because after all, Doom3 is a horror game...

#5: Maybe a sequel is popping up, but I'm not sure...

#6: I kept the story random, I don't know why, but I LMAO'd the whole time when I was writing his story... (I've got a stupid sense of humor...)

Hope you liked it...
