Ten years in the future, Equestria is now a post-apocalyptic world ruled by a dark entity. With Princess Celestia and the Mane Six gone, there was no pony left to stop this threat. Applebloom; now a grown mare and leader of the resistance, has decided to travel back to the past to prevent the catastrophe from happening, even at the cost of not returning to her own timeline.

Author's Note: The story takes place between after Season 2 and before Season 3.
