Help me! It's gonna Kill me soon

Depression! The problem in the world today,
but what am I saying this for,
I mean I'm not exactly the best person to say this yet I'am,
I'm in fracking depression state now,
I mean it, you think you drink,
well you than you dont know shoot,
cause I drink for a real reason, Depression!.
The thing that brings me down,
IT doesnt matter how good my day is,
or having people who love me, but it doesnt make a differance.
Why cause their's nothing I can do anymore,
it's up to some to help me!,
because I fear I'm not gonna live much longer.
So please would someone save me!
cause I now see I also need saving.
