**Chapter 1 - Midnight Rainstorm**

# 1 - Midnight Rainstorm

In far distances the shadows call,  
Where silent eyes gaze,  
Watching it fall.

Beyond reality, I find what is real,  
But there's so much confusion,  
I know not how I feel.

Illusions surround my icy eyes,  
Crystal fog entraps the light,  
Rain falls from the skies.

Shooting stars remind me of the pain,  
Nothing more for me to loose,  
Nothing more for me to gain.

My body is frozen in the ambient light,  
I, the moon, tell my story,  
Of the rainstorm in the night.

The rain now stops, but I fear one thing,  
I must make room,  
For what the sun will bring.
