1 - Prologue

Every thing is wrong a young girl in a plain black cloak thought as government officials shoved a boy around her age into a van and drove off, the boy screaming in the back. Tears fell from her eyes knowing the boy's fate. She had been where he was going, and barely escaped with her life, she should still remember the feel of when they torched her, she looked down at her arms to see scars, lots over them. Tears fell on the white and pink marks. A large hand grabbed her shoulder

"Lucinda, come on" a man said "There's nothing we can do OK?" he quickly led her home.

"No it's not ok!!! that boy is going to die.....for no reason!!!!!!!!!!!" she could feel tears flowing down her cheeks.

"CALM DOWN LUCINDA!!!!!" another male said.

"How can I when some ones going to die for no reason.... I've-"

"Yes we know you've been there....and we will do something but not right now.....we have other things to attend to." the leader said.

"Fine Rex." Lucinda replied still teary eyed. Rex was the leader, he planned everything almost everything. the other one was Sai second in command.

"So when's the raid tonight?" a blonde male said with an Australian accent.

"Hey Jack," Lucinda quickly and quietly replied. "Um....soon I should go get ready...." she then walked out to her room.

"Aoy, what's the matter with her mate?" Jack inquisitively asked looking at the spot where she disappeared. Everyone looked at him. "are you really that clueless!!!!!!!!!!!" everyone asked in unison.
