3 - Lin-Mei

My OC from Katekyo Hitman Reborn

Name: Lin-Mei Chan

Nickname: Mei-Mei (chinese for little sister, usually called that by Dino), Mei-Chan (last name isn't an honourary so she gets annoyed by that one)

Family: Chan family of Hong Kong (real family), Cavallone (Mafia family)

Age: 23

Hair: short, dark brown down to her neck and feathered out/spiked out with two long twin tails tied low at the back underneath/at scalp. Fringe is parted to the left and is partially dyed blue.

Eyes: brown

Personality: serious in battle but friendly on other occasions however she has a short temper.

Clothes: her outfits tend to vary, usually choosing something like this i17.photobucket.com/albums/b89/Blehing/Axis%20Powers%20Hetalia/Hong%20Kong/1226061223407.jpg for combat, this for formal i870.photobucket.com/albums/ab270/Musicchick121/Anime/Anime_Girl_in_Chinese_Dresses.jpg and this for everyday i240.photobucket.com/albums/ff59/PUREDesirezx/Katekyo%20Hitman%20Reborn/Bianchi-1.jpg

Weapon: box weapon - she used a Guan-Dao that weighs about 40KG, it has a green pole with a red sash that is tied around the base of the blade it has an unusual lightning element to it which is speculated to be caused by the rotation when it is twirled in

the air and then swung. The number of times it gets twirled determines the strength of the lightning attack. Without the weapon she is a powerful martial artist however due to the weight of her weapon her original speed without it is slower. The guan-dao can be used for non elemental attacks as well however there is a possibility of getting an electric shock from contact with the blade.

box animal - at her side, sealed away is a Chinese dragon with a thunder element. It has blue scales and darker blue whiskers with a yellow underbelly with lightning bolt esque yellow horns with a mane that looks like green flames with something similar on the tip of his tail. He is rather moody. He has yet to show any special abilities, mostly he gets used as a mode of transportation.

Weapon Name: box weapon hasn't really been named however the box animal is called Li-Sheng, Chinese for powerful victory. Ultimate Attacks: Zhaoming Drago, when the lightning takes the form of a dragon/Li Sheng.

Info: Exiled from her family after bringing dis-honour to them at the age of 13, she was welcomed with open arms into the Cavallone mafia family, run by the young boss at that time he was 22, Dino. Dino and her became close as he reminded her of her cousin that was lost, Ming-hoa. She vowed to repay him with her very soul for his kindness. She trained extremely hard in order to be worthy of being at his side. When she first received her Guan-Dao she became nearly as big a clutz as he is due to being more familiar with light weight weapons. She enjoys to cook.

Personal quote: AIYA! Zhong-lie-hoe, da-sei-lei (GAH! think your so good, i'll beat you/kill you), Siew-sum-hoe-ah! (better be carefull) usually said to Dino.
