**Chapter 1 - I Want To Hold You Close**

**2**

# 1 - I Want To Hold You Close

I Want To Hold You close

I want to hold you close

Yet you push me away

I want to hold you close

Please listen to me

Don't turn away

I only have one little thing to say

I want to hold you close

Till the day that I die

I want to hold you close

Yet you push me away

I want to hold you close

Please listen and stay

I want to hold you close

No matter what others say

I want to hold you close

Damnit, don't turn away

I want to hold you close

It's just one little thing

I want to hold you close

Now hush, and don't speak

I want to hold you close

Embrace you with all my might

I want to hold you close

I don't care if you threaten me

I want to hold you close

Boy, it's like Christmas day

I want to hold you close

Will you do that much

I want to hold you close

Please don't slip away

I want to hold you close

I feel your arms tighten around me

I want to hold you close

Tears roll down my face

I want to hold you close

Now I realize what just took place

I want to hold you close

I sit with empty arms

I want to hold you close

I didn't mean any harm

I want to hold you close

Why did you go away

I want to hold you close

Please don't stray

I want to hold you close

Am I not good enough

I want to hold you close

Now as I sit here and lay

I want to hold you close

I whisper your name

I want to hold you close

What a blissful day

I want to hold you close

I look up to the heavens above

I want to hold you close

That's all I wanted to say...
