Two in the Fire, Four Feeding the Flames

I don't know how much more of this I can take
You're becoming what you should never have dreamed
I'll lie and say everything's all right
But can it continue on this way?

He's subjected you to thievery
And turned you against those you love
Why do you not see this happening?
You're in need of help
So come and get it in the best possible manner
Stop yelling at her

You now, you teach it like gospel
I see it, hidden not so well
I want to hate you, though ethically wrong
In your ways, you see love as a tool

But now her hand has struck
Separation for good
Let it all just run down the history
She's mentally ill, unstable and weak
But I know you love her so

So why can't you acknowledge it?
Just shut up and let it be
You've done your damage, unwind it
Only you can, but can she accept it after that performance?

I'll say this now in your defense, it never should've happened
You need to see the light, and help
It's coming, just grab hold
Take this to heart, tonight when you sleep uneasily
She only wanted your best
