## 1 - I am just a ordinary girl

"Viola"! "Viola"! "What is it mum"? "Its time for school your new school". "Do i have to go i dont even want to go". "Well u have to go" "No i dont" "Viola you need to go"! "Fine im coming so you can stop screaming now". Im only 14 my full name is Viola Carmena Jhonstan and my mum expects me to do everything for myself i just cant! i just cant!. I went down the stairs to get breakfast. "Mum is breakfasr ready"? "Yes it is if you had got up earlier you would of had it by now and been of to school". I gave my mum a dirty look. "Yes well i hate school aspecialy new schools". "Yes well hurry up and eat up because if you dont your going to be late for school your new school". "Stop moaning because im finished now and im going im going im out goodbye"! I walked to school worried and slow. I hoped if i walked slow i would be late and the teachers would be strict and theywould expell me. I new they wouldnt tho. I kept on thinking to myself what will people think of me. I hope they think good of me because im sure not going to be happy if they dont. I stopped. I relised that i was at the school gate entrance. I didnt want to go in!. I didnt want to go in! but i went in. Everyone was different nobody looked like me. Well they wouldnt look like me but they all looked weird compared to the people at my old school. I stopped and looked around for a minute. Someone came from behind me and said "Hi". "Hi" i said back. "Whats your name" the person said? "Im Viola Carmena Jhonstan". "But just call me Viola". "My names Cerena". "So your new here i expect" she said. "Yeah iam". "Well i think your realy going to like it here". "Yeah i hope" i said to myself. "So do you want to hang around with us" Cerena said. Us i thought i couldnt see anyone else. "Well i mean me and my friends when they come. "Ok sure" i said. "Speaking of friends here they come now" said cerena. "Hi guys". "Hi Cerena". "Em cerena"? "What is it Lita"? "Who's that behind you"? "Oh yeah this is Viola shes new here and i thought we could like you know show her aroun and i told her that she could hang with us". "Is that ok"? "Yeah sure". "So are you going to entroduce us or not"? "Oh yeah of coarse this is Mina,Amy and Lita". "I have another friend to called Raye accept she goes to a private catholic school". "Cool" i said. "But you can meet her after school if you want" said serena. "Sure i would love to". "Cool then we can get together after school then". "Come on we better go the bell just rang" said Mina.

## 2 - I cant be

The bell rang to go out of school. "Oh man today was really boring" said Lita. "I know what you mean" said Mina. "Remember Viola your coming to meet our friend raye with us now" said serena. "I know" i said. "Rayes house is just around here" said Amy. "So what do you guys do for fun around here" i asked. "We go shopping, study you know just hang around". "Cool" i said. "Here we are" said Serena "This is Rayes house". DING! DONG!. "Oh hi guys". "Grandad its just my friends". "Raye"? "yes serena"? "We have someone for you to meet". "And who might that be"? "Viola". "Viola" "Who's Viola"? "This is Viola". "Hi" i said. "Oh hi so are you new around here"? "Yeah". "Cool". "So who wants to go shopping"? said Serena. "ME"! shouted everyone. "Come on then lets go"! screamed serena. When we go to the shops we had a look around i didnt have much money so i just got a sandwich and a bottle of juice. We were walking back when we heard a sort of screeching noise. "What is that"? i said. "I dont know" said Serena in a curious way. We noticed the screeching noise was coming from the park. No one else was around the park. Then we noticed what was making the screeching noise. A girl was getting strangled by a by a well i dont know what it was but what ever it was it looked hideous. To me the thing looked like a monster but i still wasnt sure what it was. "What is that"? i said to the others. Then i heard Raye saying to the others "We have to transform". "We cant not with Viola here" said Serena. "We have to or else that girl will die" said raye. "Your right" said Serena. Then i heard Cerena saying moon crystal power and Raye, Amy, Lita and Mina saying Star power!. Before i knew it the hideous monster grabbed me and started to strangle me. Then i heard someone going "Hey iam Sailor moon and i fight against evil for justice so let that poor innocent girl go". "Was the mysterious sailor moon Serena and were the others my friends" "I couldnt believe it". All of a sudden the monster attacked Sailor moon. After that the monster was trying to strangle Sailor moon not me. Then out of nowhere came a black figure. The figure said "iam Tuxedo mask and i fight for love and justice so let her go". "Tuxedo mask" i thought to myself what a name. A red rose came flying down from where he was standing and so did he. Then the monster said "Fine i'll just have to kill all of yous then snakes came pounding from her head and started to wrap their bodies around everyone. I quickly ran and hid behind a tree. I felt really guilty everyone was fighting for their lives. Then i heard Serena going "Viola do something". "What can i do" i screamed!. I went out from behind the tree and put my hands out and said "stop"!!!!!!!!!!!!!!!!!!!!. The evil monster just fell down screeched and turned into dust. "What just happened" said raye. "How did you do that" said Amy. "I dont know i just did". "Is it possible could you be a sailor scout". "No No No i dont want to be a sailor scout and im not a sailor scout i cant be". "I have got to go". "Wait Viola Wait you might be a sailor scout said Sailor Moon" "but i cant be a Sailor scout i just can be".

### 3 - Go Away

I woke up at 6:00 the next morning. Mum wasn't awake. I went down the stairs and put two slices of bread in the toaster. While the bread was in the toaster I went to get my clothes on. I went back down the stairs and ate my toast. I didn't put butter or anything on it I know that sounds disgusting but I quite like bread toasted by its self. I went to school as soon as I had finished my toast without telling Mum. When I was walking to school I felt worried. I didn't know what to do. Today when I arrived at school I wouldn't have any friends and I'm telling you I wouldn't be hanging about with these weirdos. When I actually arrived at school I saw Serena and the rest of the weird bunch. Serena said "Hi Viola". I didn't say anything back to her I blanked her. As soon as the bell rang to go into class I went straight into class and when the bell rang to go out of class I went straight out. That day at school was miserable. I spent lunch eating dinner sitting at a table in a corner by my self. Serena offered me to sit at her table with the rest of the guys but I just walked straight past her without saying anything. After school I went to study history at the library. I sat my self down in a nice little table in the corner took my jacket off and got ready to start studying.....That was until Serena and the rest of the guys walked in. I didn't think they would notice me but sadly they did. Serena came straight over to me and said "Hi Viola what are you doing"?. "What does it look like" I said. "Why have you been ignoring us at school"?. said Mina. "Why do you think...I came to a new school met friends and then found out that they were some kind of monsters"!!!!!!!. "We were not monsters that thing that we were trying to get rid of was the monster" said Serena. "We don't fight for bad we fight for good" Said Serena "And don't you forget you were the one who said stop and got rid of that monster I mean you made her turn to dust so don't you call us the monsters your just as monsterly as we are"!!! said Raye. "Oh my gosh your right what am I how could I turn her into dust maybe maybe maybe your right maybe I am one of you"!!!!. Serena said "Exactly and there's only one way to find out but I'm telling you it isn't going to be easy".
